

NEW PENSION BILL BLANKS ARE HERE; SEE CARL WADMAN

Carl Wadman, commander of the Denver Brown Post, Spanish-American War Veterans, has received a supply of blank declarations for pension under the provisions of the so-called Sells bill, which became a law June 5, last.

Any veteran of the Spanish-American war, the Philippine Insurrection or the China relief expedition, who desires to make application for pension under the terms of the new law call on Mr. Wadman at the sheriff's office, court house.

The bill provides that all persons who served 90 days or more in either war and who have been honorably discharged, and who are now or who may hereafter be suffering from any mental or physical disability of a permanent character, not the result of their own vicious habits, which so incapacitates them from the performance of manual labor as to render them unable to earn a support, may, on making due proof, be entitled to receive a pension, from date of filing application, not exceeding \$30 per month, and not less than \$12 per month, proportioned to the degree of inability to earn a support.

It is also provided that pension may be granted to such persons on account of age and length of service at the following rates:

To one who has reached the age of 62 years, \$12 per month; age of 63 years, \$13 per month; age of 64 years, \$14 per month; age of 65 years, \$15 per month; age of 66 years, \$16 per month; age of 67 years, \$17 per month; age of 68 years, \$18 per month; age of 69 years, \$19 per month; age of 70 years, \$20 per month.

It is also provided that all persons whose names are on the pension roll who while in the service of the United States in the army, navy or marine corps and in the line of duty, shall have suffered a specific disability, may be entitled to pension as follows: Loss of one hand or one foot, or total disability of same, \$60 per month. Loss of arm at or above elbow, or leg at or above knee, or total disability of same, \$65 per month. Loss of arm at shoulder joint, or leg at hip joint, or when an artificial limb cannot be used, \$72 per month. Loss of one hand and one foot, or total disability of same, \$90 per month. Loss of sight of both eyes, \$100 per month.

No application will be required for increase on account of specific disability.

"CASUALTIES" IN BLOWING UP OF WHITEWATER RIVER BRIDGE

There were casualties attached upon the falling of the towers of the suspension bridge over the Whitewater river, between Valley Junction and Elizabethtown, Ohio, recently, when the bridge was blown up with dynamite. A colony of turtles in the river mud were annihilated. A pair of monkey-faced owls had their nest in the top of one of the stone towers in the bridge. When the first blast shook the tower the owls flew bewilderedly into the daylight. A flock of crows pounced upon them and killed one. The other flew to earth and was captured.

The bridge had withstood the storms and ice packs of half a century. It survived the great flood of 1913, which made playthings of other bridges that spanned the Ohio river tributaries in this vicinity.

MOTORCYCLE RIDER HURT
RUSHVILLE, Ind., June 16.—Raymond Turner, 17 years old, was seriously injured when an automobile struck the motorcycle sidecar in which he was riding, demolishing the motorcycle. The driver of the automobile was not learned.

BLACK FLAG

Quickest and Safest

Wednesday's Program Of Ohio Music Teachers Featured by Addresses

OXFORD, O., June 16.—At Wednesday's session of the annual convention of the Ohio Music Teachers' association the program was featured by a number of interesting papers and addresses. Lynell Reed of Toledo, was to speak on "What America Needs," and Mrs. Arthur Bradley, of Columbus, was to tell of the work of the State Federation of Music Clubs, of which she is president.

Mrs. Lawrence Maxwell, of Cincinnati, will review the Cincinnati May Festivals, and Miss Bertha Baur, of Cincinnati, will speak on "The Cincinnati Orchestra; the Educational Value of its Concerts for Children."

"Certain Phases of the Psychology of Music," will be the subject of an address by Dr. Esther L. Gatewood, of the Carnegie Institute of Technology, Pittsburgh, Pa. Miss Minnie Tracey, of Cincinnati, will give a talk on the American composers. John Alden Carpenter, A. Walter Cramer and Edgar Stillman Kelley, and Miss Florence Ennskin, of Cincinnati, will sing compositions of each.

"The Musical Interests of Dayton" will be presented by Mrs. Henry E. Talbot, of that city. Among the musical numbers are compositions by Clem A. Townner, Director of Music in Oxford College for Women, to be played by Mrs. Townner; harp solos by Mrs. Louise Schellechmidt-Kuehn, of Indianapolis, Ind., and violin solos by Miss Hazel Kirk Brandenburg, of Oxford.

Wednesday night the association was to enjoy a recital by the famous tenor, Dan Beddoe, of New York.

COAL MOVEMENT SHOWS SLIGHT IMPROVEMENT

Slight improvement in the coal situation is the outstanding feature of last week's coal market, according to Coal Age. "The coal movement is expected to improve slowly, but prophecy is not safe with so many uncertainties ahead," the publication states in its weekly production review.

The Baltimore and Ohio railroad seems the best equipped of any. It is running about 40 per cent of full strength, but the Pennsylvania railroad is giving the poorest car service. Business on the Lake Erie railroad has made some improvement and much is needed for fears are becoming quite acute as to what will happen next winter and even earlier if transportation facilities do not improve. Coal is still being commandeered by the railroads.

MISS HASEMEIER'S PUPILS WILL PLAY AT OXFORD

Miss Elizabeth Hasemeier, assisted by Mrs. Effie Marne Harvey of Marion, Ind., and a class of seven pupils, ages seven to 12 years, will give a demonstration of the Dunning System of improved music study before the Ohio Music Teachers' association in convention assembled at the Western College for Women, Oxford, Ohio. Miss Hasemeier will appear on the Thursday morning program.

Pay When Cured

Don't miss this grandest of remedies and wonderful preventative for Grip, Flu. Address 621 Main St., Chitt. O. For sale at all Drug Stores. 30-day treatment 25c.—Advertisement.

Gov. James M. Cox

Gov. James M. Cox, of Ohio, who has three times demonstrated his ability to carry his home state, asks the Democrats to nominate him for the presidency, first because of his record as governor, and secondly because of the importance of Ohio as a pivotal state politically.

The forty-eight delegates from Ohio and the twenty-six from Kentucky to the San Francisco convention are pledged to him. With liberal support swinging to him within the Democracy, the dry leadership typified by William Jennings Bryan has arrayed itself against the governor, and the defeat of Mr. Bryan must be accomplished in the convention if the nomination is to be won for Governor Cox.

Several Ohio institutions, notably the workmen's compensation system, which the first Cox administration established, have become models for other states of the Union as a result of their development under Governor Cox.

James M. Cox was born on a farm near Jacksonburg, Butler county, March 31, 1870. Was a printer's devil, newspaper reporter and school teacher. Became secretary to an Ohio congressman, Paul Sorg, and breathed in politics while serving in Washington.

In 1908 Mr. Cox was elected to congress from the Third Ohio district, and was re-elected in 1910. Was nominated for governor and elected in 1912; ran again and was defeated by Frank B. Willis in 1914; in turn defeated Mr. Willis in 1916, and made it "best two out of three" by again winning over Mr. Willis in 1918.

Governor Cox's first and second administrations were served under unprecedented circumstances. His first administration followed a rewriting of the state constitution in which the voters amended that document in more than two score particulars, necessitating the enactment of volumes of new legislation immediately afterward. His second administration was in war time, and he led the state in organizing for war.

Norway, though "dry," permits the sale of light beer.

No Jazz in Names Of City Girls; Men Like It Put Into Their "Handles"

"Abbreviate a Richmond man's first name and it is a sign of friendliness. Call a Richmond girl anything but her given name and she gets mad," mused the cub, sliding down on his spine.

"It was not always so. A few years back no one hardly thought of calling Elizabeth. It was either Lizzie or Beth. Try calling Miss 1920 Lizzie, but better hide if you do. Or call Margaret by the old fashioned name of Maggie.

"Or else call Eleanor by the abbreviation of Ellie. Or give Florence the moniker of Flo. Dora hates to be called Dorie. And Laura hates to have Laurie as a nickname.

"But Peter usually hates his first name. He signs as Pete. John likes to be called Jack. Richard is pleased to be called Dick. James likes Jimmie. Thomas is hated by his owner. He likes Tom or Tommy. Gerald likes Jerry.

Good Old Ones Are Gone. "Speaking of names, it seems as though Faith, Hope and Charity have traveled the road to has been, along with rudeness, Priscilla and Cleopatra. Cleo takes the place of the latter name.

"Richmond girls of today do not raise much objection to being called "Speed," "Dearly," or "Kid," however. "Did you ever notice that when a male walking back of her on Main street, she immediately becomes absorbed in show windows.

"No, not in the window displays. The glass windows have a reflection of the following male. This enables the girl to get a look at him without descending to turn her head.

"Yet strangers to Richmond say this is an awful hard town in which to flirt with girls."

KEEP COOL AND MAKE COOKING AND BAKING A PLEASURE

The famous Red Star—Vapor Oil Stove—eliminates the heat of the big range and is more economical and surer than either gas or coal. It develops a cooking and baking heat more intense and quicker than ever thought possible of an oil stove and can be regulated to a low even heat for slow cooking, and is the only stove to operate on all grades of liquid fuel without the aid of wicks or asbestos rings.

RED STAR

Detroit Vapor Oil Stove

Famous "Double Ring" Flame

8 1/2-Inch Burner

This patented burner is responsible for the world-wide success of the "Red Star." It creates its own gas, from the cheapest kerosene or gasoline, by vaporizing all of the heat units in the fuel. It leaves no obnoxious odors or fumes. The heavy iron rings become red-hot and concentrate an intense heat under the utensil, making it the most efficient and economical oil stove on the market.

Let us show you the many exclusive features of the "Red Star." Let us show you why it is absolutely safe, why it is easy to clean, why it is so simple to operate. We have them in four different patterns and you must see this stove in operation to appreciate its worth.

JOSEPHINE STOVER LEADS IN POPULARITY CONTEST

Josephine Stover is leading in the popularity contest, being put on here in connection with the Veal Brothers shows, with 3,200 votes. Elizabeth Turner, of a department store, is second with 2,770 votes, and Lucy Alexander, of the City Restaurant, third, with 1,730 votes. Winners will be announced Saturday night. Throughout the contest the three young women named have stood at the head.

MAJ. GEN. GORGAS ABANDONS MISSION TO WEST AFRICA

LONDON, June 16.—Maj. Gen. William C. Gorgas, former surgeon general of the United States Army, has been obliged to abandon his mission to West Africa, where he was going for the purpose of investigating sanitary conditions. Other members of the party, headed by Brig. Gen. Robert E. Noble, United States Army, will proceed there on June 30.

Gen. Gorgas recently suffered a stroke of apoplexy which affected the left side.

JULY FOURTH CELEBRATION
MARION, O., June 16.—Marion's celebration of Senator Warren G. Harding's nomination for President by the Republican party will take the form of an old-fashioned July 4 celebration, it was tentatively decided by a citizens' committee. This decision was made when it became known the senator would not return to Marion before July 1.
