

BIG AND HEALTHY CO. FARM BODY HAS ITS FIRST GET-TOGETHER

BY WILLIAM R. SANBORN
The high lights presented at the gathering of Wayne farmers at the high school auditorium on Wednesday evening included the statement by Professor Ostrander that:

"It takes more than fertilizer to grow 100 bushels of corn to the acre—it takes brains and hard work."
"The first fertilizer ingredient the Indiana farmer needs is phosphate. Don't buy cheap fertilizers. Don't expect good and complete results from rock phosphate until the rotation is completed."

"Wherever you can grow good clover you can do good farming."
"Buy phosphorus first. Never put on less than 10 per cent; 15 per cent is better and 20 per cent would be cheaper still."

Six Hundred Present
The lower floor of the high school auditorium was packed, 600 being present. The program was long. E. F. Murphy, county agent, introduced six speakers. Theodore Davis, president of the Wayne federation, said that the various speakers would show "what the farm federation is doing, what it has done, and what it expects to accomplish."

The Hog Tonic
Dr. J. L. Carver of Washington, in his report on the hog conditioner which caused sickness and death, cited his visits to the farms, gave a report of the analysis of the tonic and voiced his conclusion in the statement that: "The hogs were poisoned by the excessive feeding of said stock mixture." He advised against using any patent tonic at any time, but to call in veterinarian in case of sickness, and to let well hogs stay well by feeding in the natural way.

Dr. Craig of Purdue, unexpectedly present, said he saw no reason for force-feeding medicines to well hogs; nor for making a hog eat a chemical combination which could do no possible good, in order to get his food ration.

Federation Purposes
Earl Crawford of Milton, presented the serious claims and purposes of the Farm Federation.

He said the hands of the state officers should be upheld and their work speeded for the common benefit, not merely of the farmers but of all the people. The federation was a patriotic organization in these times of unrest. It was designed to save America; to stand as a wall in the interest of all the people and for good government. Among other speakers were E. E. Reynolds, treasurer of the state federation, and C. F. Patterson, of Purdue.

Another Mass Meeting
It is planned to hold another county meeting on July 28, to clean up unfinished business and to inaugurate a membership drive. It is hoped to make Wayne 100 per cent solid during the coming fall.

WILSON LOSES

(Continued from Page One)

ed that such a ratification was impossible.

Sees No Hope of Ratification
In the coming campaign, he asserted the Democrats could not hope to gain enough senators to make up the necessary two-thirds and if the administration declaration was adopted the country might well ask what the Democrats possibly could hope to do to carry it out.

Mr. Bryan argued that the party should not go on record as opposing reservations to which a majority of the senators had agreed but should take the issue out of politics, by declaring for an immediate ratification compromise.

In the treaty debate Vice-President Marshall was reported to have criticized the administration plan because it gave no information to the public regarding what reservations would fall within the class described, as not impairing the covenant's "essential integrity."

Mr. Marshall was said to have declared that he would rather go to the country with a plank for unconditional ratification than be asked to define in destructive reservations.

Chairman Glass, Senator McKellar, of Tennessee, and other administration chiefs strenuously opposed the Walsh amendment. The significance of its adoption was indicated by sharp assertions from the administration side that it would play into the hands of the Republicans, be regarded as a weakening of the Democratic position and be support for the position of Republican senators led by Senator Lodge.

Would Defeat Party, Claim
Some administration spokesmen even declared, it was said that it would work to defeat the party in November, and Senator McKellar was declared to have denounced the Walsh amendment as "the doctrine of hell."

Senator Pomerene supported the Walsh amendment, declaring that the treaty had delayed peace more than a year and that the honor of the nation and its participation in the league plan for world peace should require prompt ratification. He declared that the league is such an advanced and

important step toward world peace that it would be disastrous to lose the great opportunity by disagreement over reservations.
Senator Pomerene incidentally declared he had no apologies to make for his vote for ratification with the Lodge provision. The Democrats, Mr. Pomerene declared, could justify a position killing the treaty.

BUG-OLOGY

What do you call them?

Bedbug (Cimex lectularius). The origin of the name bedbug is unknown, but is supposed to be naturally suggested as it is descriptive. There are many local names for these parasites, as for illustration, around Boston they are called "Cimexes," from Baltimore comes the name "Mahogany Flat," in New York they are styled as "Red Coats," around Pittsburgh they are called "Pesty Devils," in Cincinnati and the South "Night-riders," in St. Louis and Chicago district "Cimex Kambles," the great West "Piercers." The old saying, "the bedbug has no teeth, but they get there just the same," is correct. Instead of teeth they possess a piercing and sucking beak to draw and rob you of your blood for their own body. Bedbugs, no matter what you may call them, or where they came from, science has found a way to rid them if you will use faithfully the new chemical Peaky Devil Quicker "P. D. Q." A 35c package makes one quart, enough to kill a million bedbugs, roaches, fleas, ants or cockroaches, and their eggs as well. P. D. Q. will not injure bedding, and each package contains a patent spout to enable you to get them in the hard-to-get-at places. Impossible for Pesty Devils to exist where P. D. Q. is used.

JAPAN MAY DECLARE RUSS PRIVATE WAR

(By Associated Press)

TOKIO, July 1.—From the press accounts concerning the decision of the government on important diplomatic questions it may be gathered that Japan has decided to take a strong military action against Russia in connection with the massacre of the Japanese at Nikolaisk in May as a means, as one paper puts it, "to preserve the dignity of the state."

Because of the lack of a strong Russian government to which a protest could be sent it is explained that the Japanese government will take steps to occupy Nikolaisk and neighborhood and Russian properties, both governmental and private, on the northern part of Sagallien Island as a guarantee and basis for claiming compensation for damage when the re-establishment of a legal Russian government is consolidated in the future.

EXPRESS COMPANY LOSES BIG SUM IN TWO MONTHS

CHARLESTON, W. Va., July 1.—A loss estimated at \$100,000 has been suffered during the last two months by the American Railway Express company in its offices between Cincinnati and Richmond.

Goods valued at \$5,000 have been missed in Charleston during this time, it was reported today, in connection with the trial of cases against four former employees of the company in police court here.

Police are in possession today of \$300 worth of goods recovered here, while special agents of the company, who have been conducting an investigation for the last three weeks, report the recovery of goods valued at \$1,500 at Huntington and about \$300 in Montgomery.

ENGLAND DISPUTES OVER SUCCESS OF M. KRASSIN

LONDON, July 1.—While anti-Bolshevik newspapers here are convinced that the mission of Leonid Krassin, Bolshevik minister for trade and commerce, has failed, and that negotiations have probably been ended, the pro-Bolshevik press is equally positive M. Krassin is going to Moscow merely to confer with his government. He will explain the present position of the negotiations, which, according to these journals, are proceeding quite satisfactorily.

HAGERSTOWN AND EAGLES TO PLAY THREE GAMES FOR CHAMPIONSHIP OF COUNTY

The Richmond Eagles' baseball team has accepted the challenge of Hagerstown to battle for the championship of Wayne county. Manager Everett Haas, of the Eagles, says it will be impossible for the teams to get together until late in August. The Eagles have every Sunday scheduled until that time. A three game series will be played then, however. One game here, one game there. The faithful will decide the third game, if needed.

Richmond baseball fans are anxious to see the two largest Wayne county towns clash for the championship. Hagerstown came over here last year and walloped the Richmond Quakers. This happened after the Quakers had

eliminated Centerville 14 to 4. Word from Hagerstown is to the effect that Hagerstown is considerably strengthened since last year. On the other hand, the Eagles are composed of practically the same players as last year. This year's team, however, is equally as strong.

Performances so far this season show Schepman superior to Dehner, who played left field last year for the Quakers. And Smith hits more often and plays a better game than did Hill in right field last year.

Haas is catching a better game than did Gray. Cooney in left field last year played about the same brand of baseball that Holmes does this year. Holmes does not try to pull the sensational stuff that Cooney delighted in.

Jacks Win

Call us. We can show not one JACK, but several—all of reliable makes and recognized winners in the automotive accessory field.

In some games it doesn't pay to depend too much upon a single Jack, but when it comes to raising your automobile you can depend upon a reliable Weed or Rees Jack.

Put one of these Jacks in your tool box and you will have the satisfaction of knowing that any necessary tire changes can be made quickly, safely and conveniently.

A Jack is only one of the many articles that we can supply you at a most reasonable price. We have a complete line of high-grade accessories, tires, tubes and oils.

Deal with us and be the winner.
