

NORTH SIDE MISSION REPORT SHOWS MANY ACTIVITIES PROGRESS; WILL NEED \$10,000

The Rev. and Mrs. J. F. Probst, in charge of the North Fourteenth street Union mission, have submitted a report covering the activities of the mission during the second quarter, April 1 to June 30. Each month speakers and special programs of music are brought before the members, many of whom are of foreign birth.

Recently the mission board purchased a new site for the work at North Twelfth and I streets. It is planned to raise funds in the near future for covering the expense of remodeling and modernizing the new buildings and equipment. Those in charge estimate that approximately \$10,000 will be needed. The following report shows the work accomplished during the past few months.

"The Union Mission has always stood for the highest ideals in the spiritual, social and intellectual lives of the people. The most prosperous conditions and greatest advancement is found in the homes of the people whose lives are actuated by Christian principles. These principles are upheld in every department of service. There have been eleven during the past quarter who have definitely decided for Christ. The Sunday morning hour of worship and the evening evangelistic service have been full of interest and enthusiasm to the upbuilding of the kingdom of God.

"The interest and attendance of the prayer meetings are very good. The spiritual lives of the people are greatly helped through their opportunities of prayer and testimony, which is a means of expressing our gratitude to God for His rich and boundless blessings and thus helping and encouraging one another. A Bible reading is given at each prayer meeting illustrating the life and principle of a Christian life and applied to life today in a practical way.

"The Sunday school interest and attendance is commendable. Its membership is made up of both American and foreign children. The average attendance for the quarter is 88. The various departments have organized classes with efficient teachers furnished by the mission. The junior classes of the elementary division with the secondary and advanced divisions of the Sunday school have their regular class business meetings and socials each month. This is a means of promoting and maintaining a lively social enthusiasm among the people in general and is an attractive force to the outsider. The cradle roll department has an enrollment of 103 members. This department is visited each month and the Sunday school library is placed in each home. There is generally a small offering contributed to the Sunday school through this channel. The home department has an enrollment of 33 members. The superintendent of this department visits each home during the quarter and in case of sickness or any special need visits the homes whenever needed.

Children's Day is Feature
"Children's day was observed the last Sunday evening in June with a splendid program furnished by the Sunday school, composed of special duet, quartet and chorus music, recitations by the children and a closing number entitled: "Honest Peggy", given by the senior class. Two of the Earlham college girls came over from the conference and gave readings which pleased and entertained both old and young. The mission was filled with parents and friends of the Sunday school. People were sitting in the windows and standing in the doors.

"The annual 'Mothers' day' was observed in May. Rev. Andrew F. Mitchell brought a very touching address on the subject of 'Home and Mother'. Special music was prepared for this service by the chorus. At the close of this service a middle aged man arose voluntarily, whose heart had been touched by the message, came forward and gave his life to Jesus Christ.

"The Bible teacher training class is accomplishing good work. The Bible lessons at the present time include the Old Testament history life surrounding the Sunday school lessons, the geographical setting of the lesson, a course in Biblical spelling and the memorizing of Bible verses (one verse per week) make up the principle study of this class.

"A summer sewing school with a term of 12 weeks was organized in June. The Boston store furnished this sewing school with pug puppies and baby elephants of materials to be cut out, sewed together and stuffed to perfect Mr. Animal. The running stitch, back stitch and over whipping stitch were learned in the making of these interesting animals. Great pleasure and delight has been taken by each member of the school. The Beginners' Class at the present time are making handkerchiefs and sewing quilt patches into blocks.

"The juniors and intermediates are making handkerchiefs and underwear for themselves for fall school wear out of materials which they have paid for themselves.... Each girl who is old enough will make a dress for herself at the close of the term. Small children will clothe dolls. These children are doing more than learning to sew. The teachers observe the story hour during which time a story is told with a good lesson in every day practical life.

Sing Songs in Morning.
A half hour is spent in the opening exercises during which time the children sing songs that children love, and turn their young minds and hearts toward sacred things. Each week a verse from the Bible is given, and where it is found, to the children to

memorize. Many of them are keeping in memory all these verses. Then the entire school standing with clasped hands and bowed heads all together repeat the Lord's prayer. This sewing school has been an inspiration to their teachers and has kept more children interested in the Sunday school during the hot summer months when the attendance usually is smaller.

"The Mother's club meetings are maintaining their usual good interest among the Mothers of the community. A sincerity of mind and deep interest prevails among them by way of accomplishing better results for children, better sanitary conditions and higher ideals of home life in general.

"In the April meeting Mrs. Howard B. Brown gave a splendid address on the subject of 'Regularity of Habit in the Home Life.'

"In May, Miss Corrona Rayle, of Earlham college, very pleasantly entertained with music and readings. Mrs. Rosa Keplinger gave an address on the subject of 'The Home Department' at this meeting. In the June meeting Miss Ethel Hinkle, who has recently returned from Jamaica, gave a very interesting description of the missionary work being accomplished there. She was dressed in the Hindu costume and also displayed other curios which she had gathered during her three years stay in Jamaica. Mrs. Elsie Crawford followed with a splendid address on 'Our Responsibility to the Foreigner in Our Midst.' A social hour follows the program during which time every one gets acquainted and is made to feel a 'Welcome Back Again.'

"The Fathers and Mothers' meeting was observed in May. A splendid program was prepared by Miss Elizabeth Drifmeyer, consisting of several pretty musical selections, readings and an exercise entitled: 'The Search for Happiness.' The beautiful and true lesson was brought out so impressively that a sacredness crept into the hearts of the people which will always linger in their memory.

Dr. H. E. Hinshaw gave a lecture in June on the subject, 'The Care of the Teeth' illustrated with stereoscopic views. This lecture was very helpful from a spiritual and educational standpoint.

Weddings during quarter, 2; Funerals during quarter, 8; Pastoral calls made during the month, 237.

Suburban

CAMDEN, O.—Ray Davis of Richmond, and Miss Maude Taylor, of Vincennes, Ind., were supper guests of Mr. and Mrs. T. E. Davis, recently....

...Mrs. J. C. Love, of Hamilton, is visiting friends here this week.... Charles Eikenberry, of Hamilton, was a Camden visitor Saturday.... James Roberts, of West Elkton, was in Camden Saturday.... Mr. and Mrs. Verto McGriff and Mrs. Omer Smith were called to Dayton Saturday by the serious illness of Mr. Henry Hayes.

8,000,000 Bottles of "Extra Dry" To Be Auctioned
(By Associated Press)
PARIS, July 14.—Eight million bottles of champagne will be among the items on the lists of commodities to be placed on sale January 23, when the sequestered property of Baron Walter De Munin, will be auctioned off. This property was seized in 1915 subsequent to the baron's resumption of German citizenship when the war began.

The number of bottles in the baron's cellars in the vicinity of Rheims, where the sale will take place, was greatly diminished during the war. When General Ludendorff was making his furious drives toward Rheims and Epernay, the wine cellars were used as shelters for the troops, and the men were given almost priceless wine with their meals.

In addition to the bottled wines there are 600,000 litres of wine in casks, these being stored in warehouses, mansions and cottages, as well as secret hiding places beneath vineyards in the Champagne country.

SCIENTISTS FREE CASTOR OIL FROM NAUSEATING TASTE

Remarkable Process Improves Famous Old Family Remedy.

Nobody ever dreamed that castor oil could be made tasteless. But the chemists of Spencer Kellogg & Sons, Inc., one of the largest manufacturers of castor oil, tackled the problem, and succeeded in perfecting a process by which all nauseating taste is removed. Nothing is put in to disguise the taste. Strength and purity remain the same—a 100 per cent pure castor oil. Curative and soothing qualities remain the same. It's the same good old-fashioned castor oil that your doctor always prescribes, with the disagreeable taste removed. Children take Kellogg's Tasteless Castor Oil without knowing it is castor oil. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes, 15c., 35c. and 65c.—Advertisement.

To Keep Straightest, Unruliest Hair in Curl

The straightest, contrary hair can be kept in curl, even in the hottest or dampest weather, by such simple and harmless means, that the use of the drying, singeing, blistering curling iron is altogether inexcusable. One need only get a few ounces of plain liquid siltmerine from the druggist and apply a little to the hair before doing it up. The result is quite remarkable. The hair is delightfully wavy and beautifully glossy, without being in the least greasy, gummy or streaked. The effect lasts very much longer than where curlers alone or waving irons are used.

The siltmerine is best put on with a clean tooth brush, drawing this through the hair from crown to tip, preferably after dividing it into strands. The application seems to gradually improve the texture and health of the hair.—Advertisement.

"It's Better To Buy Here Than To Wish You Had"

Emblem Rings

Wear the emblem of your favorite society—and wear it every minute.

The most practical form is to wear an Emblem Ring. You have it with you at all times—no chance to forget to change it from one suit to the other, like a button or pin.

Our Emblem Rings are made by the largest manufacturers in the country, and each one is stamped with their trademark.

Our Emblems are guaranteed to give satisfaction. Come in and let us show you our Emblem Rings.

RUGS

The greatest showing of FINE RUGS in the entire city

All Reduced for Our July Clearance Sale

We take genuine pleasure in inviting you to visit our spacious rug department. You will find here what we believe to be the largest display of fine rugs in the entire city. We assure you that our values are extraordinary in character. There is a real shortage in the rug market and we are fortunate, indeed, to have a complete stock of such rugs as Axminster and Wilton in a complete range of all sizes. In addition, you will find hundreds of beautiful new patterns in Tapestry, Brussels, Velvet, Crex and Fibre Rugs. The patterns are new, the colorings are richly harmonious and the quality is assured by our reputation as a rug store. Come in now and make your selections early while our stocks are complete.

It makes a big difference WHERE you buy your rugs. Today with the great shortage and scarcity of rugs of first quality, it is a temptation for some to sell rugs of inferior wearing quality that have been produced with the idea of giving an appearance of a much better rug. But the test of any rug is the actual service on the floor of your home, and it is there that you will find our rugs will demonstrate their true quality. Our prices are considerably lower than many stores are asking for rugs of similar quality because we bought them when prices were lower than they are at present. No large initial outlay in cash is necessary, for our convenient credit plan may be utilized to help you own rugs of the finest type.

10% to 20% Discounts on All Rugs

REED'S

Draco is sold by all progressive druggists throughout the country and is highly recommended in Richmond by Clem Thistlethwaite's seven drug stores.—Advertisement.

Black Flag, Baltimore, Md.

Glaring Sun, Dust and Heat

Strain, Injure and Weaken Eyes

Says Dr. Lewis. Prescribes

Bon-Opto in Hot Weather

Tells How to Strengthen Eyesight 50 Per Cent in a Week's Time in Many Instances.

Philadelphia, Pa.—Dr. Lewis, an eye specialist of many years' practice, says summer time is hard on eyes because of the glare of the sun, heat and dust which weaken them. He says it is possible to strengthen eyesight wonderfully in a very short time by using Bon-Opto. He prescribes it freely and further says: "A patient came to me suffering from Biciparitis Marginalis. Her eyes had the dull expression common to each that uses Bon-Opto and not only overcame her distressing condition, but so strengthened her eyesight that she was able to dispense with her distance glasses. Her headache and neuritis left her. In this instance I should say her eyesight was improved 100 per cent." The doctor's advice will prove of great value to many eye sufferers. Many whose eyes were failing say they have had their eyes restored. One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without my glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seemed clear. I can even read

fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of getting glasses. The constituent ingredients may be wonderfully benefited by following the simple rules.
