

## \$19,197 IN PREBLE RED CROSS SOCK, IS TREASURER'S REPORT

EATON, O., July 16.—Preble County Red Cross chapter had a net balance of \$19,197.24 at the close of the fiscal year ending June 30, 1920, according to the chapter's annual financial statement, presented by J. E. Parker, chairman; H. H. Hawkins, secretary, and A. J. Hiestand, treasurer.

Receipts for the fiscal year were \$3,013.22 and disbursements totalled \$3,212.86. Balance on hand July 1, 1919, was \$19,386.88, which with receipts of \$3,013.22 for the year made a total of \$22,400.10.

The statement shows the net balance on hand distributed in the branch chapters, as follows: Eaton, \$2,540.51; Eldorado, \$4,017.44; West Manchester, \$1,673.36; Camden, \$691.20; Israel township, \$683.25; Jackson township, \$4,120.02; Jefferson township, \$1,339.15; West Alexandria, \$908.87; Lewisburg, \$2,445.50; Gratis, \$427.94; civilian relief department, \$50. The statement places the county chapter membership at about 1,000 at the present time.

City Gains 84 in Census.  
Eaton gained 84 in population in the last 10 years, according to the 1920 census, which gives the population as 3,210, as compared with 3,126 in 1910.

Belief in general was the figures would show an increase of several hundred in population, this belief being based upon the local housing situation, which presents a shortage that is acute. Survey of the situation develops the fact that in many instances houses that would accommodate from four, six, eight and 10 persons are occupied by only one and two persons. This seemingly would explain why the look-for healthy increase in population did not materialize.

Pickrel Will Speak.  
W. G. Pickrel, Dayton, Democratic candidate for nomination for congress from this district, is scheduled to speak here Saturday afternoon in the interest of his candidacy. The meeting will be held in front of the courthouse at 4 o'clock. Mr. Pickrel will speak on "Side-lights of the Frisco Convention."

To Unite Church Services.  
Five protestant churches in the city will unite the congregations in Sunday evening services during the mid-summer. The first meeting will be held Sunday evening in the Methodist church. Rev. Hiley Baker, pastor of the Christian church, will preach the sermon. Each of the churches will have one of the series of services.

## Wayne Co. Elevator Men Discuss 1920 Situation

A get-together meeting of Wayne county elevator men was held at Centerville on Thursday night. It was a round table discussion of the problems confronting them in the handling of the new wheat crop; the probable opening prices for new grain; the car situation, etc. Elevators in all parts of the county were represented.

## 18 COUNTRIES TO ENTER OLYMPIAD, IS DECISION

ANTWERP, July 16.—Entry lists for the athletic events in the Olympiad, which closed yesterday and were issued today by the executive committee, show only 18 countries will participate. Acceptance, however, was received from several others, including France, Norway, Australia, New Zealand and Japan, but their lists have not arrived, either because of mail or cable delays or clerical errors. China, British India, Jugoslavia and Mexico also failed to appear in the list.

## POP GEERS, LITTLE MORE BENT, LITTLE MORE WRINKLED, IS STILL IN THE GAME, A LITTLE BIT SPRYER THAN EVER

Pop Geers, who started racing back in the eighties, is still on the job, a little more bent and a little more wrinkled than ever,

but apparently a little bit spryer. Geers has just as many horses as ever—about eighteen or twenty to race in the present Grand Cir-

cuit season. An interesting feature this year is that he is training a colt, also named Geers, to set more trotting records.

## Pig Club Kids are Visited By Murphy, Eliason, Rice

The pig club youngsters who have Poland Chinas to feed were each visited by County Agent Murphy, Wood Eliason and E. E. Rice Thursday. The boys and girls feeding Durocs and Chester Whites will be visited next week. A breeder representing these breeds will accompany Mr. Murphy on these visits. The report is that the Poland Chinas are having the best of care and are doing well. No "dope" is being fed and the pigs are looking fine.

It is felt that August 1 will be too early to hold the pig show and will hardly give the club members the time needed. A breeder representing each breed will meet with the county agent at his home on Saturday evening to set a date for the "show."

## Farm Federation

A called meeting of the directors of the Wayne county federation will be held in the office of the county agent at the courthouse on Saturday afternoon at 1:30.

QUAKER DEPRECATES LOSS OF MARRIAGE AND CHILDREN  
Dr. T. Elbert Russell, of Swarthmore, Pa., formerly head of the Biblical department at Earlham college, in an address in Cape May, N. J., said, "Single blessedness looms up as a grave menace to the future of the Society of Friends." There is something radically wrong in the decreasing number of marriages among our young people. We are educating our daughters to grow up in luxurious idleness on inherited wealth, he said.

## SEVERAL FERTILIZER BIDS MADE TO CENTER TOWNSHIP FARMERS

The most important business before the Center township farmers at their meeting on Thursday night was the considering of bids for fertilizer. Frank Jones said on Friday that the report that he had put in a bid is a mistake. He told some of the elevator folks on inquiry that his price was alike to all comers, naming it.

Bids were presented by the McConaha company and the Dennis Implement company, of Richmond, and by the elevator at Centerville, the two latter being low bidders with prices about on a parity. Farmers are to receive cards giving prices and analysis and will be asked to notify B. F. Gelsner, secretary, of their choice and of amounts desired, before August 1.

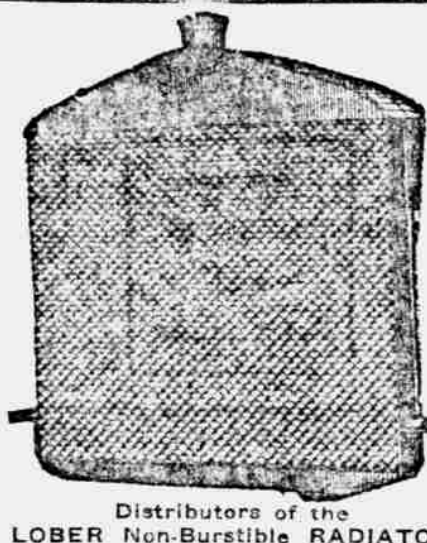

## FARMERS MEET AT WEBSTER; RECEIVE NO FERTILIZER BIDS

The regular meeting of the Webster township farm federation was held at Webster on Thursday night and there was a fair attendance. For the end of the rust season for farm work. A committee was appointed to report on fertilizer, no bids being received at the meeting.

## Poland China Men to Meet

The regular monthly meeting of the Poland China Breeders will be held at the township trustee's office in Centerville on Friday night. All interested in Poland China hogs are invited to be present.

At Honolulu William S. Kioula, age 99, a widower, married Mrs. Lakalia Wahinenui, age 61, a widow.

## Aren't You Fed Up On Dust That The Passing Cars Throw?

And on trying to drive in a highway barrage? You go out for fresh air and come back with a grouch, with an eyeful of portable real estate, too. You don't have to trail the procession, you know. The cause of your grief is the fuel you use. Better switch to the best—

## Silver Flash Gasoline

When the open road begs for the throttle and when the crossing cop gives you the "come-on" signal, you'll always find Silver Flash there with the kick.

It's the kind of gas that teases you to step on the accelerator and cheat the speed law just a little.

Though it turns a lot of tricks, there's nothing mysterious about Silver Flash. It's just good, pure, straight run, high test gasoline that thousands of Hoosier motorists have found super-efficient and exceptionally economical.

The car starts easily and picks up quickly when the tank is filled with Silver Flash. There's a carbon famine in the cylinders, too, when you depend upon Silver Flash to carry farther than you thought a gallon or any part of it ever could.

## Methods for Canning

E. E. RICE, Garden Supervisor.

In canning by the cold pack method the division of home economics, Purdue University, offers the following precautions:

"Canned peas and beans may keep perfectly, but when opened a sour taste and odor are evident. The exact cause for this condition is unknown, but it is believed that this may be due to a number of different micro-organisms. It is thought that temperature plays an important part in bringing about this condition. Some authorities believe that these micro-organisms develop rapidly after the vegetables are gathered. Use only fresh, tender products and work rapidly, especially in canning corn, peas and beans. It is wise to blanch, cold dip and pack only enough of these materials to fill one jar at a time. Each jar should be placed in water bath as soon as packed. When processed the required time, the jars should be cooled rapidly. These vegetables have been canned very satisfactorily and by observing the above suggestions a splendid canned product may be obtained.

"Botulism—Any danger of poisoning from home-canned products can almost entirely be eliminated if directions have been carefully followed. If they have a bad taste or flavor they should not be used. Cooking canned vegetables for ten minutes at the boiling point after opening for use will remove any possible danger."

The following recipes for canning beans and peas have been carefully tested:

### String or Wax Beans.

Wash and remove ends and strings from freshly gathered beans. Cut or break into small pieces, if desired. Blanch from five to ten minutes, depending on age. Cold dip, pack immediately in jar, add one level teaspoonful of salt and cover to one-fourth inch of top with boiling water. Put on rubber and top and adjust top ball or screw top on with thumb and little finger. Sterilize 120 minutes in hot water and move jars, complete scaling and cool. If a fancy pack is desired, do not break beans.

Peas should be canned immediately after picking.

### BUBONIC PLAGUE
