MISS BRANDENBURG

Richmond's own talented artist, BETTY MORGAN, whose dancing invariably enchants her audiences at the Kolp Style Shows, and NELLIE BRANDENBURG, whose singing was the outstanding feature of the “Posey Shoppe” will appear at every performance in an elaborately staged and costumed song and dance interpretation of the new musical hit, “THE JAPANESE SAND-MAN”. The accompaniments will not only include novel instrumentation for the Washington orchestra, but will also introduce the new Emerson reproducing piano as an artistically perfect setting for Miss Brandenburg's vibrant quality of voice.

WASHINGTON

Mr. Ray Weisbrod who, thru the medium of Columbia Records, Q. R. S. Player Rolls and Sheet Music, has been ever instrumental in introducing to Richmond for their first hearing such song hits as “Dardanella” has placed his stamp of approval on “Japanese Sand-Man” as the song-hit of the coming season, and the Washington Theatre in offering to its patrons the first rendition of this Far East lullaby is anticipating the popularity of this song by many weeks. In sheet music only two copies of this genuine “hit” were obtainable in all of Indianapolis yesterday, and in co-operating with Weisbrod's the Washington Theatre management again takes the position of being exclusively “first with the latest” musically.
