VICTORY MEDALS TO BE GIVEN ON NOV. 11

(By Associated Press)
INDIANAPOLIS, July 24.—The American Legion's plans to assist in the distribution of Victory medals now being issued by the war department, and to arrange for formal presentation of the medals in a series of simultaneous ceremonies to be held under Legion auspices on Armistice day, remains exactly as outlined in press dispatches published throughout the country on July 5, it was announced today. The Legion national headquarters here today.

The announcement followed publication of a report that the president of another organization of veterans of the world war had sent a protest to Secretary Baker saying the American Legion had announced that arrangements had been made for the Legion to distribute the medals. In his reply to the protest, the secretary was quoted as saying that the medals are being issued on individual application only and that no arrangements have been made for the Legion to distribute them.

"Secretary Baker is absolutely right," said Lemuel Bolles, national adjutant of the legion, "and the legion never announced that it had made arrangements to distribute the medals. 'The legion did announce that under arrangements with the war department it becomes an instrument for this distribution and hopes to arrange a series of community ceremonies to be held throughout the world on armistice day, at which formal presentation of the medals to legionnaires and other ex-service persons who desire to participate will take part.'"

"We have just been advised that telegraphic instructions have been issued to all recruiting officers to draw Legion blanks and to furnish them upon request to the American Legion posts. This will relieve army posts and recruiting stations of a vast amount of clerical work, as under the legion plan the various posts will take care of the filling out and forwarding of application blanks not only for legionnaires but for all other ex-service persons and the next of kin of those who died in the service, so far as the latter desire to avail themselves of this free service."

PREACHING DISTURBS REST.
HARTFORD CITY, Ind., July 24.—Residents in the vicinity of a tent where evangelistic services are being held here have entered complaint that the preaching is too fervent and lasts so long at night that they can not sleep until very late. The authorities have requested the evangelist to close his services earlier.

Are Women Naturally Despondent?

A prominent writer so claims. Women are constituted with a delicate organism and in nine cases out of ten mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness, sleeplessness, backaches, headaches, causing constant misery and as a result despondency. Lydia E. Pinkham's Vegetable Compound, a simple remedy made from roots and herbs, is the only great remedy for this condition. It goes to the root of the trouble and overcomes despondency.—Advertisement.

Remodeling Work Started On Store Room for Luken

Remodeling of the store room which will be occupied by the Luken Drug company was started Friday. Several improvements will be made on the rooms vacated by the George Fox Clothing company.

The entire interior of the structure will be taken out, Mr. Luken said Friday. It is expected that three months will be required to complete the work. Delays in shipments of building materials have hindered plans for the remodeling.

Stock will be moved to the new store immediately upon completion. Work will then be started by the First National bank on the new building.
