

AMERICA COLLECTS FIVE BILLIONS IN LATEST TAX LEVY

WASHINGTON, July 27.—The nation's greatest tax bill—\$5,410,284,874—was collected during the fiscal year ending June 30.

Official figures show that the tax paid in the last 12 months had exceeded all estimates. The total amount collected, by approximately \$20,000,000, and was nearly 75 per cent larger than the total of taxes paid in either of the war years of 1918 or 1919. The 1918 tax levy yielded \$3,697,679,838 and the taxes in 1919 aggregated \$3,839,950,822.

Collection of this record breaking assessment cost the government \$29,400,000, or about 55 cents for each \$100.

Nearly \$4,000,000,000 on incomes. Recreates derived from income and excess profits taxes alone were \$3,944,568,787 for the 12 months which is nearly \$1,250,000,000 larger than "collected" from the same source in either of the last two years. An increase for this year also was shown in the receipts from miscellaneous taxes which brought in \$1,466,723,136. These taxes totaled \$1,243,241,929, and \$1,091,700 for 1919 and 1918, respectively.

New York state continued to maintain its record of leading the nation as a taxpayer. Its tax burden amounted to \$1,416,929,276. Of this amount \$1,135,097,493 came from the financial heart of America—the Wall street district.

The Chicago district paid all but \$40,315,788 of the total Illinois taxes of \$442,233,070. Next following Illinois was Ohio with taxes of \$372,317,518, and Massachusetts with \$370,828,233.

Philadelphia at foot of list.

North and South Dakota, both in one collection district, were called upon to pay only \$2,641,683 from their combined area, with the exception of the Philippine Islands, were "at the foot of the list."

Total collection by states or by groups of states in areas where more than one state comprises a district were announced as follows:

Alabama and Mississippi, \$29,560,238; Arkansas, \$12,233,577; California and Nevada, \$179,749,805; Colorado and Wyoming, \$33,609,496; Connecticut and Rhode Island, \$187,817,938; Florida, \$15,536,598; Georgia, \$42,665,792; Hawaii, \$11,927,545; Illinois, \$442,233,070; Indiana, \$77,608,768; Iowa, \$89,619,378; Kansas, \$40,000,000; Kentucky, \$17,798,922; Louisiana, \$50,894,223; Maryland, Delaware and the District of Columbia, \$12,792,487; Massachusetts, \$370,828,233; Michigan, \$233,748,648; Montana, Utah and Idaho, \$20,567,741; Minnesota, \$76,997,401; Missouri, \$148,609,325; Nebraska, \$24,211,475; New Hampshire, Maine and Vermont, \$41,566,081; New Jersey, \$148,609,325; New Mexico and Arizona, \$2,996,984; New York, \$1,416,929,276; North Carolina, \$109,260,607; North and South Dakota, \$2,641,683; Ohio, \$372,317,518; Oklahoma, \$2,641,683; Oregon, \$27,244,123; Pennsylvania, \$255,725,058; South Carolina, \$25,553,271; Tennessee, \$28,335,127; Texas, \$103,003,360; Virginia, \$23,218,648; Washington and Alaska, \$12,478,665; West Virginia, \$33,332,333; Wisconsin, \$92,923,322; Philippines, \$142,478; Postoffice sales of internal revenue stamps (11 months), \$22,528,551.

The Farm and the Farmer

By William R. Sanborn

The elevator at Des Moines reports that one car of new wheat shipped so far and that threshing has been delayed by a little too much moisture and by work in the hay and oat fields. Not a great deal of wheat has yet come in, but the crops so far brought have run mostly 1 and 2, and have been of good quality. Owing to the break in the general market the price of No. 2 was reduced to \$2.50 at Des Moines on Monday. Production is light per acre in that section but the wheat first class.

This is the busy week in the oat fields. Several threshing rigs are nearly out of business, waiting for farmers to get their oats cut. There is now a demand for balers, to get their wheat straw baled while it is dry and in prime condition. The oats being cut for hay will add work for the balers this season, although there will be less of them than was first anticipated. In some districts oats are making heavy crops, and particularly so to the north of Richmond and on to Winchester.

Wheat Weighed 64 Pounds. The best crop of wheat so far reported from any point in the Richmond radius was delivered at the Farmers Co-operative elevator at Camden by Irvin Flora and, which tested 64 pounds. The manager of this elevator says they are taking in some very fine wheat and that while the grain from the ridge lands is running light to the some districts oats are making heavy crops, and particularly so to the north of Richmond and on to Winchester.

Are Short of Cars. The co-operative folks complain of being short of cars; say they could use 4 cars right now but have no assurance of getting them soon. They say they have been able to ship to Cincinnati, so far, but have not attempted to ship to Baltimore or other seaboard points. They claim to be still shipping to Cincinnati without getting "perishable."

Glenn Kara Filled to Roof. "We are not taking in any wheat," was the report from Glenn Kara on Monday. "The elevator being filled to the roof and but one car so far loaded. Can't say when we will get a car or two, but are hoping they will come quickly."

Seventy Acres of No. 1 Wheat. J. W. McDonough, living on the Leslie Colvin farm, 1/2 mile east and 2 miles north of Lynn, has threshed 70 acres of wheat which averaged No. 1. He also is counting on a big corn crop on his 145-acre, which is well advanced and looking fine. This corn will come in handy in his feeding operations, for he now has 220 spring pigs in his pastures, to be fed for market this fall.

KNOCKED UNCONSCIOUS WHEN CAR LEAVES ROAD. COLUMBUS, Ind., July 27.—When Edward Speice, 40 years old, of Anderson lost control of his automobile near here Sunday, the machine left the road, plunged against a gate post at the home of William Muir, turned a complete somersault forward, bounced back into the road, fell on its side, bounced again and righted itself by falling on the wheels, but headed in an opposite direction to which it was being driven when the accident happened.

The driver was forced through the windshield of the machine and hurled 30 feet.

BODY IS WASHED ASHORE. CLEVELAND, Ohio, July 27.—Police today were trying to identify the body of a woman washed ashore from the lake front early Monday. The body was pulled out in a tattered skirt and one shoe, which are the only clues to the identity of the woman. The body, that of a woman about 25 years old, had been in the water for several weeks, police believe.

MARKETS IN GRAIN AND PROVISIONS ARE PANICKY AT OPEN

By William R. Sanborn.

The panicky feeling on grain and provisions, which prevailed at Chicago on Monday, was not checked at the opening Tuesday morning, but prices steadied during the day.

In order to realize the extent of the break, it will be necessary to quote Saturday's closing prices, the low on Monday and the bottom early Tuesday morning. December wheat, which closed at \$2.55 on Saturday, closed at \$2.47 1/2 on Monday and struck \$2.41 right after the opening Tuesday, showing a break of 14 cents. The March option, which closed at \$2.59 on Saturday, had a corresponding break up to 10 a. m. Tuesday, July oats, which closed at 88 1/2 Saturday, closed at 80 on Monday and sold as low as 74 within 30 minutes of the opening on Tuesday, quickly reacting to 77.

July corn, which closed at \$1.53 last Saturday, and at \$1.45 1/2 on Monday, sold as low as \$1.41 1/2; Tuesday morning quickly reacted to \$1.43. This showed a 12 cent break in July at the low, and reflects cash market conditions, the option having almost expired.

Provisions Much Lower. Lower prices for corn and a moderate decline for hogs weakened provisions badly. July pork broke from a close of \$26.70 on Saturday, to \$25.20 on Monday. September pork broke from \$28.20 on Saturday to \$27.20 on Monday, and to \$26.10 at the low on Tuesday morning, showing a drop of \$2.10 per barrel. Lard broke \$1 per hundred to \$18.20 for September, compared with \$24.65 on same date last year.

The bids for wheat sent to the country dropped seven cents per bushel on Tuesday morning, for first half of August shipment, as compared with bids sent out on Monday, the grain business having suddenly become demoralized. Exporters were almost out of the market, and were lowering their bids to suit local conditions, from hour to hour Monday.

An unforgotten report of the failure of a large motor concern had a great deal to do with the selling that caused prices for all grains to the lowest possible point. On the present "down turn," said the Chicago Tribune, "and the rallies throughout the day were very feeble."

Local Mills Paying \$2.55. The local wheat market opened at \$2.55 on Tuesday morning, both the Richmond and Champion mills paying that figure for No. 2. Considerable grain is coming in but our millers are not yet worried as to the car situation, as the grain will mostly be held for mill use.

This will mean a demand for cars for flour shipment, of course, but there will be less bulk to go and fewer cars needed, except that surplus millstuffs will need room.

WOMAN'S BODY IDENTIFIED. CHATTANOOGA, Tenn., July 27.—W. E. Hession, of Grand View, Tenn., identified the body of a young woman found in a gulch near Graysville, Tenn., as that of his daughter, Katherine, a school teacher, who left home last spring during an illness from influenza.

Miami Summer School To Close Next Friday

OXFORD, O., July 27.—The village police are looking for parties who yesterday afternoon broke into the house of a local farmer and stole 100 pounds and a railway ticket with destination blank. The robbery occurred between 2 and 3 o'clock in the afternoon, and entrance was effected by forcing one of the flaked windows. Thus far there is no clue.

Miami university's summer school will close on Friday of this week. The last entertainment will be on Wednesday evening, when Bradbury's sacred cantata, "Bethlehem, the Beautiful Queen," will be presented by the Philharmonic Club composed of summer students.
