

HUNGARY, GRIPPED BY WHITE TERROR, LAND OF DISTRESS

Hungary is in the grip of a reactionary government often spoken of as the "white terror," and distress is current because of shortage of food and poor housing conditions, which is resulting in much disease, according to information received at the Friends central offices concerning the work of the Friends unit in Vienna.

Neighboring countries are hostile and the only help or relief from existing conditions is brought by outside countries. Because of a strict political censorship, economic conditions and its isolation from other countries and reduction of area under the treaty of St. Germaine, which has lessened the area from which to draw supplies, the necessity of help has become critical.

Especially great is the distress in Budapest. An army of 50,000 to 75,000 Hungarians who formerly were petty government officials, but who now are unemployed, are crowding some cities, making the food situation even more acute.

Over crowding of homes is causing tuberculosis and other plagues and diseases. Lack of coal and iron has stopped much of the employment and is increasing the army of men without work who must be fed and housed.

The letter stated that John R. Mott, executive secretary for the International committee of the Y. M. C. A. of America, has been in Austria organizing relief work in co-operation with the World Student Federation.

It is understood that some arrangements for sending relief were made by him. People from outside countries, the communication stated, are welcomed because they bring hope of relief.

AMERICA WAITS FOR NOTE FROM ITALY

(By Associated Press)

WASHINGTON, Aug. 19.—Informed of the French government's views on the Russo-Polish situation, the state department today was awaiting a formal reply from Italy to the note recently sent to the Italian ambassador regarding the future of Russia and Poland.

The French rejoinder, which was made public yesterday, shows Secretary Colby declared that France is "in entire agreement with the principles of the American note."

An informal reply to the note already has been received from the Italian government, Secretary Colby announced, with the promise that a complete and formal reply would be made soon.

Reply is "Most Gratifying."

Secretary Colby said the declaration of France "of its opposition to the dismemberment of Russia was most gratifying."

The French note condemned the Bolsheviks in terms similar to those used in the American note to Italy. France, the rejoinder stated, is in "complete accord" with the United States as to "the necessity for an independent Polish state."

The French note was interpreted as indicating France's opposition to negotiations with the Bolsheviks such as had been proposed by Great Britain.

FALLER QUALIFIES FOR OLYMPIC RACE

(By Associated Press)

ANTWERP, Aug. 19.—Only one American, Fred W. Faller, of the Dorchester club, qualified in the two forenoon semi-final heats of the 10,000-meter Olympic run here today. Another American entrant, A. Paterson of the Haskell Institute, Kansas, a Zuni Indian, found the pace too hot and dropped out in the 20th lap of the first heat. J. Wilson, of England, and Guillemot, of France, were the stars in their respective heats, with the Frenchman winning his heat close to a minute faster than Wilson's time.

The races were run in an occasional drizzle. Wilson jumped the field in the first lap of his heat and soon opened up a lead of half a lead.

Four Qualify for 400 Meters

Four American runners qualified in the preliminary heats of the 400-metre run. They were Frank J. Shea, United States navy; G. E. Meredith, New York A. C.; R. S. Emory, Chicago A. A., and George S. Schiller, Los Angeles A. C. Phillips, the only Canadian entrant for this event, also qualified.

All four American entrants in the pole vault event, F. K. Foss, Chicago A. A., E. E. Knorek, Illinois A. C., E. I. Jenne, Washington State college, and E. E. Myers, Chicago A. A., qualified for the final. The others to qualify were Hogstrom, Mattson and Rydberg, of Sweden, and Jorgensen and Petersen of Denmark. All those qualified.

Brown Resigns Job—Paul Brown, who has for several years been business manager of Earlham, has resigned his position to go into business for himself. M. J. Stafford has been appointed assistant treasurer.

Saves Hours of Cleaning

"If she but knew the hours of cleaning she could save," said a well-known local woman, visiting our store the other day, "every housewife would have a Kitchen Maid instead of the ordinary kitchen cabinet. It is so needless to have a cabinet that constantly requires cleaning when you can just as well have the Kitchen Maid—then you know it is always sanitary."

Kitchen Maid is the only smooth surface, round corner kitchen cabinet. There isn't a place where dirt can hide and only a moment is required to wipe it spotlessly clean. Kitchen Maid has every modern kitchen cabinet convenience.

If you haven't seen the Kitchen Maid, come in. Our new line of these distinctive cabinets is here, complete—we want you to see them.
