

NEW POLITICAL ERA SEEN AS CHURCHMEN REALIZE NEW IDEAL

Humanity will be paramount in the new philosophy into which the world is entering and the church will preach a uniform Christianity of the Christ man and not the superman, is the belief of Roy L. Smith, who lectured Wednesday afternoon at the Richmond Chautauqua on "The New Day and the Old Church."

Because the church is built upon principles that are universal which will meet the needs of all times, to can it be adapted to meet the needs of the new era, the speaker continued. A higher degree of efficiency could be brought about in the state if the individual, in the performance of his civic duties, assumed them as a part of his religion, thus making religion, as politics, an integral part of one's everyday life.

Need of Church.
Individual responsibility of the church membership upon which is measured the practicability of the Christian ideal must be exercised in order to put into public office the right kind of men. The church should ally itself with politics which is the public expression of the conscience of the people. It is the individual duty of every citizen to test a man's character according to the requirements of the highest social ideals before he is elected to an office.

Mr. Smith declared that the time will come when the American people will select a presidential candidate without the intervention of a few politicians. The speaker declared his admiration for Mr. Bryan and his stand for political morality and for Theodore Roosevelt, who, he said, had been responsible for the application of moral principles to politics.

The present age, he characterized as a dream that has come true, and in connection with this he reviewed the marvelous achievements of science, and invention, and the progress in the enactments of humanitarian laws.

Fears Rise of Mongols.
One of the serious considerations in the present international situation, he declared to be the rise in power of the yellow race, referring particularly to Japan, her defeat of Russia, before which time the white race had always dominated, her power in the peace conference and her action in regard to Shantung, Asia, he declared had come into Europe who would never again be able to dictate without the approval of Asia.

The speaker voiced his approval of the League of Nations, which he said never should be made a partisan issue, and because it is the first great step that has ever been taken to bring about world peace, we should join along with the other forty-one nations.

FALLS SIX FEET; KILLED.
BEDFORD, Ind., Sept. 2.—Lon Hawkins, 50 years old, was instantly killed when he fell from a ladder at the Wigley home, striking the stone coping of an open cellar way, breaking his neck. He was engaged in removing the old paint on the house preparatory to painting, when a rung of the ladder broke and he fell a distance of only six feet. He was a member of the Tribe of Ben-Hur. The widow and one daughter, Mrs. Noyes Reed, survive.

HOW ONE WOMAN WAS HELPED
Althea Walker, New River, Pa., writes: "I have been troubled with weak kidneys for two years. I took Foley Kidney Pills and they helped me fine. I rest fine all night and now have no trouble with my kidneys." When the kidneys do not properly do their work, acid and poisons left in the system cause weak and lame back, dizziness, puffiness under eyes, swollen ankles and joints, aches, pains, soreness and rheumatic pains. Foley Kidney Pills have given relief to thousands of men and women. For sale by A. G. Luken & Co., 630 Main St.—Advertisement.

Frank B. Willis

A big fight is on in Ohio for the seat in the United States senate which Senator Harding will vacate on March 4 next. The Republican nominee for the place is former Governor Frank B. Willis.

FRANK B. WILLIS

Willis was born in a modest home near Lewis Center, in Delaware county, Ohio, in 1871. He spent his youth on a farm, attended country school, which he later taught, and the high school at Galena. He became a student at Ohio Northern university. He made his own way through college and became an instructor in history and economics at his alma mater, where he taught for several years. He was admitted to the bar in 1906.

Willis became interested in politics early. In 1896 he stumped his state for McKinley. In 1899 he was elected a member of the seventy-fourth general assembly, and two years later was re-elected.

In 1910 he was elected to congress from the eighth Ohio district, and in 1912 he was one of the three Ohio congressmen returned to their seats.

His term as governor was from 1915 to 1917, he having beaten Gov. Cox in the campaign. In the latter year Cox defeated him for re-election. Willis has been active in the Republican party since his majority, and it was he who placed in nomination Senator Harding for the presidency.

DANIELS TO SPEAK AT SIXTH DISTRICT DEMOCRATIC RALLY

The Democratic organizations of the Sixth Congressional district Wednesday disclosed plans for a Sixth District rally.

Joseph Daniels, Secretary of the Navy, will deliver a speech in the Odd Fellows' Hall in Connersville next Monday night, Sept. 6th, and Benjamin Bosse, of Evansville, Democratic State Chairman, will be present.

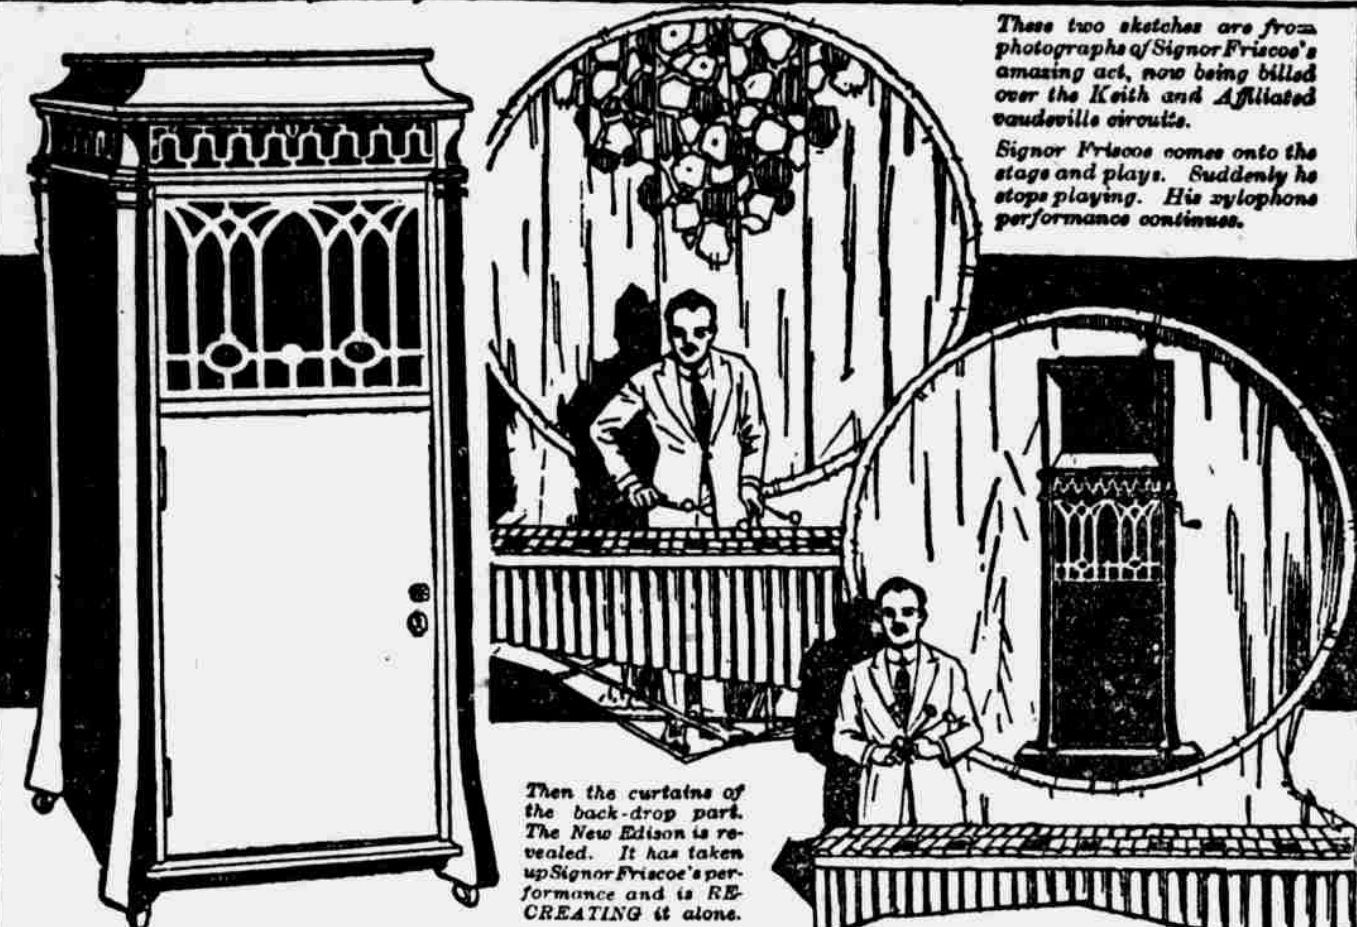

Walter S. Chambers of Newcastle, chairman of the Sixth District will preside, and a number of Democratic candidates for state offices will attend. Dr. McCulloch of Indianapolis, candidate for Governor, cannot come, because of a previous engagement.

Claire Curry, ex-county chairman of Fayette county, and chairman of the committee arranging this meeting—expects an in gathering of party notables from the whole state and of Democrats of all sizes from all the corners of the district.

Secretary Daniels is to speak in Indianapolis on the afternoon of Sept. 6, and will come to Connersville immediately afterward. He, State Chairman Bosse and some of the state candidates will be guests of the county and district leaders at a dinner in Connersville. The speaking will begin at 8 p. m. Women of Democratic sympathies are particularly invited.

Protect Your Child—and Others
The beginning of school brings coughs and colds to many children. At the first sign of a cold it is well to give a child a dose of Foley's Honey and Tar Compound, that safe, reliable cough medicine. Mrs. J. H. Plummer, 246 Auburn St., Passaic, N. J., writes: "Foley's Honey and Tar certainly is the best cough and cold remedy I ever tried for my little boy. Children like it. Good for coughs, colds, croup, whooping cough, hay fever and asthma. For sale by A. G. Luken & Co., 630 Main St.—Advertisement."

WE SUPPOSE THEY USE HAY SCALES TO WEIGH A BUSHEL!
BETHEL, Ind., Sept. 2.—John Boren claims the championship on large potatoes. He weighed 30 potatoes and they weighed 30 pounds, averaging one pound apiece. They were Irish Cobblers.

You can hear it in our store

—the phonograph that is featured in Vaudeville's strangest act

Perhaps you've seen it—Signor Friscoe's "Magic" Xylophone Act.

It's the hit of vaudeville's "Big-Time."

Signor Friscoe's "magic" is an Official Laboratory Model of the New Edison. We have one exactly like it.

Signor Friscoe's instrument is an exact duplicate of the original Official Laboratory Model, which cost Mr. Edison three

million dollars to perfect. Our instrument is also an exact duplicate of this famous three million dollar original. We guarantee it to be able to give the same marvelous RE-CREATIONS of music, which Signor Friscoe's Official Laboratory Model gives in vaudeville.

Come in and test the astonishing realism of this instrument for yourself—in Mr. Edison's Realism Test.

The NEW EDISON

"The Phonograph with a Soul"

You've read how the New Edison has proved its perfect realism. Four thousand tests have been given, in which more than 50 different artists compared their art with its RE-CREATION by the New Edison. Leading newspapers conceded that there was no difference between the two.

Has any one suggested to you that these comparison tests are "faked"—that the artist imitates the New Edison?

Signor Friscoe's performance makes such an assertion positively ridiculous. Every week, 20,000 people see his hammers ripple over the xylophone keys. Suddenly he holds them aloft—still.

The rippling music continues.

Slowly, the gorgeous curtains of the back-drop part. The audience gasps. The New Edison stands revealed. It has taken up Signor Friscoe's performance, and is now RE-CREATING it alone. The effect of this extraordinary magic can rest upon only one fact: No one can distinguish any difference between Signor Friscoe's performance and its RE-CREATION by the New Edison. Signor Friscoe could not possibly imitate the New

Edison, because the xylophone can not be made to imitate any other instrument, so as to deceive its hearers.

Signor Friscoe's act is not an Edison enterprise. He has simply been clever enough to use the New Edison for what it is worth. Why don't you?

PRICES

The price of the New Edison has increased less than 15% since 1914. This includes the War Tax.

Mr. Edison has staved off price advances by personally absorbing more than half of the increased cost of manufacture.

Because of the exceptionally high quality of materials and workmanship demanded by the Edison Laboratories, and the continued scarcity of both, it may be necessary to advance prices. But rest assured that this will not occur, unless Mr. Edison is forced to it.

Our Budget Plan—the thrift way of spending—will help you buy now. Let us tell you about it.
