

## TAGGART UNDER DRY BAN; LEAGUERS MUST FIGHT-S. NICHOLSON

WASHINGTON, Sept. 17.—Officials of the Anti-Saloon League here today made public an incomplete list of candidates for congress against whom they will wage battle because of the candidates' position on prohibition.

Wayne B. Wheeler, general counsel of the league, in announcing the list declared the league policy to be that every candidate not recorded as favorable to rigid enforcement would be fought "to the finish."

Thomas Taggart, Democrat, who is opposing Senator James E. Watson, Republican, in Indiana, was among those named. Mr. Wheeler declared it was "imperative" to defeat Taggart and re-elect Watson.

### Frank Willis Favored.

Former Governor Frank B. Willis, of Ohio, is to have the support of the drys, according to Mr. Wheeler, who said the dry forces anticipated a real fight in Ohio in order to maintain their strength in the senate.

Representatives Edward S. Brooks, of the 20th Pennsylvania district, also will be opposed by the dry workers. Stephen G. Porter, chairman of the house foreign affairs committee, who comes from the 29th (Pittsburgh) Pennsylvania district, is now being attacked by the dry forces of his district. Mr. Wheeler told the conference they had hopes of defeating him.

Mr. Wheeler said the incumbents in the 25th and 28th Pennsylvania and the fifth and 11th Ohio districts were satisfactory to the league, and that it was supporting their campaigns.

Two districts in West Virginia, the first and second, provide another battle ground for the dry workers. The two members of the house from those

districts are dry and their opponents are running on platforms of beer and light wines, Mr. Wheeler said. The league proposes that such candidates shall not "try open the door which already has been closed and locked."

Mr. Wheeler said fights also would have to be made in the second, third,

fourth, fifth and sixth districts of Indiana.

Nicholson Sees Hot Fight. S. E. Nicholson, Richmond, Ind., a national organizer for the league, declared that if the league desired to avoid the "hottest fight in its history in 1922," it must retain its present dry majority in congress this year.

The wets claim they will add 26 to their strength in the house, Mr. Nicholson said. He added, however, that the results of primaries thus far did not bear out their optimism.

Members of the committee appointed to draft a resolution of warning to Federal judges demanding that they

rigidly employ the penal provisions of the enforcement law announced today that the resolution would be one of warning to all officials of the government to do with prohibition enforcement.
