

PICKETT IS CHOSEN FOR INTERNATIONAL FRIENDS COMMITTEE

Clarence E. Pickett, secretary of the Friends Five Years meeting, and Winifred Cramp, of London, England, were appointed secretaries of the newly formed international continuation committee, of the International Conference of young Friends, which held its session in Jordans, England.

The conference, which was held following the All Friends' World conference, in London, England, devoted much of its time to economic, social, and international problems," said Mr. Pickett. "Discussions of the way a Christian should conduct his life in the presence of the social order or which he disapproves, and which he feels to produce great injustice to many persons within it, took up the time of a separate conference. Various social theories were discussed but no final judgment was reached.

Well Known Speakers.
"Among the speakers present," said Mr. Pickett, "were Dr. Rufus M. Jones, of Philadelphia, Walter H. Alyes, of the National Adult School Council of England, Carl Heath, Secretary of the Council for International Service, and Donald Grant, Student Volunteer secretary for Great Britain.

The international committee of which Mr. Pickett was appointed joint secretary with Mr. Cramp, met on the day following the close of the larger conference and prepared a program for the joint activities of all young Friends throughout the world for the coming year.

The Friends Fellowship Papers, now published by Young Friends in England, was taken over by the continuation committee, and will hereafter be published as an international Young Friends magazine, according to Mr. Pickett.

"Inter-visitation of representative young Friends of the countries of the world, was planned for," said Mr. Pickett. The committee appointed consists of 15 persons representing Great Britain, Ireland, United States, Canada, Germany, Austria, France, Scandinavia, Switzerland, Japan, India, China, Australia and South Africa.
