

## CLEVELAND WINS FIRST GAME OF SERIES, 3 TO 1

## HARD HITTING LETS VISITORS BAG OPENER

Mamaux Takes Marquard's Place in Seventh—Cleveland Gets 2 Runs in Second, 1 in Fourth.

## GAME IS PLAYED FAST

(By Associated Press) BROOKLYN, N. Y., Oct. 5.—The Cleveland Indians, champions of the American League, topped over the Brooklyn Dodgers of the National League, by a score of 3 to 1, in the first game of the world's series today.

The National League champions were helpless before the misty slants of the big spitball pitcher, Coveleskie. He was given sterling support by the Clevelanders, especially Speaker, who ranged far and near, robbing the hapless Brooklyn of seeming hits. O'Neill starred at the bat with two doubles.

The official attendance was 23,894. Thousands of fans, the edge of whose enthusiasm was not one whit dulled by the White Sox baseball scandal, filled all stands in Ebbets Field.

The Clevelanders did not get to town until a few hours before the game, thereby upsetting all baseball precedents of not practicing in a strange ball yard before a world's series.

A superb day for baseball followed fast on a night of wretched promise. The weather cleared early and a warm sun and brisk breeze dried out the moisture in the playing field.

Brooklyn took their batting practice first, Mohart, Miljus and Pfeffer serving up the ball for the home folks. Marquard and Smith, two right-handers, and Grimes, Brooklyn's star spitballer, took part in the batting practice.

While went to the mound when the Cleveland Indians took their batting workout, Bagby and Coveleskie took part in the practice. Fleets of photographers cruised everywhere about the field snapping the players and their playing poses.

There was the inevitable picture of the rival managers, Robinson and Speaker, shaking hands while the Johnston brothers, "Doc" of the Indians, and "Jimmy" of the Dodgers, had a little family picture of their own, the first probably since the traveling photographer got them together on a tintype in Tennessee years ago.

How Speaker Felt. "I have always played on diamonds of the same dimensions," said Speaker, "and for this series we are assuming the distance is ninety feet between all bases on Colonel Ebbets' field. We expect to win, and what more can I say."

Colonel Ebbets, owner of the Brooklyn team, tipped over another precedent by not having a brass band for the decoration of the early comers. The park should be given to the fans.

Accordingly, spectators, musically inclined, whistled popular airs and sang cow bells while others declared a world series without a brass band was another baseball scandal.

A superb day for baseball followed fast on a night of wretched promise. The weather cleared early and a warm sun and brisk breeze dried out the moisture in the playing field.

Ground-keepers had the infield in shape by noon. The unreserved stands were not opened until after 12 o'clock and were quickly filled by spectators who stood single file in long serpentine lines about the ball park. Those who could not get into the park flocked into a high city bank known to Brooklynites as "Crow Hill" where they overlooked the playing field, and watched the game from there. Scores perched themselves on roofs of houses or adjacent streets, while bricklayers working on buildings nearby struggled manfully to lay bricks by the touch system and watch the game.

First Inning. CLEVELAND—Evans out, Olson to Konechey. Wamby hit, but the ball rolled foul; Wamby flew out to Wheat. Speaker got a hand when he came up. He fanned, and the crowd gave Marquard a big cheer. No runs, no hits, no errors.

BROOKLYN—Olson flied to Wood. Johnson struck out. Sewell threw out Griffith at first. No runs, no hits, no errors.

Second Inning. CLEVELAND—Burns sent up a high fly which fell behind Konechey, who picked up the ball and threw into left field. Burns scored. Olson threw out Gardner at first. Wood walked. Marquard tried to catch Wood off first. Sewell singled into right field. Wood going to third. Wood scored on O'Neill's double to left. Sewell going to third. Mamaux was warming up for Brooklyn. Coveleskie grounded out to Konechey and Sewell attempted to run home. He was run down the play being Konechey to Krueger to Johnson. Two runs, three hits, one error.

BROOKLYN—Wheat flied to Speaker, who made a wonderful catch of Wheat's seemingly safe hit. Myers flied to Wood. Konechey out, Sewell to Burns. No hits, no runs, no errors.

Third Inning. CLEVELAND—Evans walked. Wamby sacrificed. Konechey to Konechey. Evans taking second. Speaker flied to Wheat. Johnston took Burns' grounder, and Evans was out, John-

## Dodger Fans Flock to Park For Tickets

Scene before Ebbets field.

This picture shows a small part of the crowd of fans that stormed Ebbets field, Brooklyn, to get world's series tickets when they were placed on sale. The Brooklyn followers waited hours to buy their "ducks."

Two-base hits—O'Neill, 2; Wood, Wheat. Sacrifice hits, Wamby, Johnston. Double play—Konechey to Krueger to Johnston. Left on bases—Cleveland, 3; Brooklyn, 5. Base on balls, off Marquard, 2; off Coveleskie, 1. Hits of Marquard, 5 in six innings; off Mamaux, none in 2 innings; off Cadore, none in 1 inning. Struck out by Marquard, 4; by Coveleskie, 3. Losing pitches, Marquard. Time of game, 1:41. Umpires, Klem, National League; behind box, Connelly, American League, at 1st base; O'Day, National League, at 2nd base; Dineen, American League, at 3rd base.

## COVELESKIE

ston to Kilduff. No runs, no hits, no errors.

BROOKLYN—Sewell threw out Kilduff at first. Krueger was out, Gardner to Burns. Gardner threw out Marquard at first. No runs, no hits, no errors.

Fourth Inning. CLEVELAND—Kilduff tossed out Gardner at first. Wood hit a long drive into left center for two bases. Sewell flied to Myers. Wood on second. Wood scored on O'Neill's two-base hit. It was O'Neill's second two-bagger in the game. Kilduff threw out Coveleskie at first base. One run, two hits, no errors.

BROOKLYN—Olson got a single (Continued on Page Ten)

## BORAH QUIETS REPORT OF HIS WITHDRAWAL BY WIRE TO HARDING

(By Associated Press) MARION, O., Oct. 5.—In answer to widely published reports that Senator Borah, a leader of the treaty irreconcilables soon would quit the Republican campaign, Senator Hardings headquarters here made public today a telegram in which Mr. Borah declared he would continue to work for Republican success.

The message, addressed to Senator Harding, was as follows: "In view of reports I wish you to know my speeches in future will be along the same lines as at Dayton and in the senate. I want to see you win and I want to see the league scheme defeated. In my own way I shall devote my time to the achievement of both propositions."

Borah Suits Harding. Senator Harding already has declared that Senator Borah's declarations in campaign speeches met with his approval, and he renewed his prediction today that throughout the remainder of the campaign he and Mr. Borah would be found speaking in accord.

The nominee also revealed that, in his next public address, which is to be delivered Thursday at Des Moines, Ia., he expects to develop a step further his position on the league issue.

Mr. Harding would make no comment today on statement of President Wilson, appealing for support of the league, but said that in his Des Moines address he would "devote some attention to the matter."

## COMMISSION REPORTS ON GAS PLANT AUDIT

Report on the recent examination of the records of the Richmond Light, Heat and Power company, by accountants of the Public Service commission of Indiana, was received by the board of public works from the commission, Tuesday.

The report represents an audit of the company's books up to August 31, this year. It shows the company's net income in 1919 was \$26,446.35, and it estimates the company's net income for 1920, will be \$44,650.63. The per cent of operating expenses to operating revenue was \$31.18, in 1919 and \$9.58 in 1920 (estimated).

Valuation of \$928,551.73. The commission accountants established a plant valuation of \$928,551.73 as of August 31, last, and a valuation of \$6,626.14 for materials and supplies for the same date.

The company, it is stated, has contented its valuation is in excess of \$1,000,000. The company recently petitioned the commission for a revaluation of its property for the purpose of establishing a basis for a revision of rates for natural and artificial gas. The commission will give a public hearing on the company's petition in this city Oct. 12.

## JAP SOLONS STUDY ANTI-LEGISLATION

TOKIO, Oct. 5.—Arrangements have been made by the standing committee of the opposition party of the house of peers for a general meeting to be held on October 11 to discuss the anti-Japanese movement in California. Among those who have taken part in making plans for the meeting is Marquis Tokugawa, a prominent member of the Japan Red Cross society. It has been decided to request the presence of Masano Hanahara, vice foreign minister, to make a detailed report on negotiations with the United States relative to California.

Professor Hayashi, counselor of the foreign office, is quoted by the newspaper Houri Shinbun, in an interview relative to the situation. "The best way to settle anti-Japanese questions," he is quoted as saying, "is to appeal to the sincerity and to the fairness and good will of the American people. Japan should remember California is not all of America, where we believe sympathy exists for the Japanese in connection with movements against members of our race. Above all, a half century of close diplomatic and economic relations must not be allowed to be stained with discord."

For Indiana, by the United States weather bureau—Fair tonight; somewhat cooler in the extreme north portion, with light frost; Wednesday, fair.

Temperature Yesterday  
Maximum.....77  
Minimum.....45  
Today.....73

For Wayne county, by W. E. Moore Fair Tuesday and Wednesday. Continued cool Tuesday and probably frost.

General conditions—Fair weather continues over most part of the United States, but a rainstorm is over-spreading British Columbia, Washington and Oregon. Another warm wave covers Montana and the great plain states from North Dakota to Texas. The following maximum temperatures occurred Monday:

Harve, Mont., 88; Rapid City, 82; Wichita, Kan., 88 and Oklahoma City, Okla., 88.

The cool wave has increased in size and is controlled over the Great Lakes. As a result, temperatures are lower throughout Indiana and Ohio. Cold waves, however, are spreading Alaska; Ganama, in the Yukon valley reports a minimum of 8 above zero, the coldest since last spring.

## Wayne Grand Jury Begins Work Wednesday

The Wayne county grand jury for the October term will assemble Wednesday for the purpose of investigating various matters to be presented by Prosecutor Gath Freeman. Various county institutions will also be investigated by the jury. Probably the most important case which will be called to the attention of the jury is the failure of the Farmers bank of Milton, Ind.

## League Dispute Shows Women Are Posted

Mrs. George Bass, at left, and Mrs. Arthur L. Livermore.

That the women are going "to the bottom of things" in politics and are already familiar with the big issues in the fall campaign is shown daily. A clash between Mrs. Arthur L. Livermore, chairman of the New York state Republican women's committee, and Mrs. George Bass, national Democratic chairman for women has already occurred over Article XXIII in the League of Nations covenant. Mrs. Livermore charged the article legalizes international traffic in women. Mrs. Bass produced reform associations' reports stating that the article was designed to halt such traffic.

## DAY NURSERY STARTS ITS ANNUAL WASTE DRIVE; ASKS CO-OPERATION OF CITIZENS

The Day Nursery starts its annual waste drive today, and is out to surpass all previous results. An additional incentive is furnished in the existing shortage of waste material that is of great importance in the country's industries. An actual crisis in newspaper is one of the manifestations of the absolute necessity for saving every scrap of rubbish traveling the accustomed route to the ash heap.

The United States department of commerce is especially emphatic in urging welfare organizations to help solve the salvage problem by calling upon the residents of their respective cities to give their household rubbish. As the Day Nursery has been conducting waste drives in Richmond for the past few years, many women make a practice of saving their household rubbish for this purpose, and the officers feel that they are accomplishing a doubly effective mission in raising extra funds in this way.

Like the former drives, well worked-out efficiency methods will be used to insure a thorough and rapid collection. The first process will be the distribution of sanitary waste bags to all the city's homes. This will consume a few days' time, and then the collecting will be started.

About three days is all the time that can be counted upon in which to fill the bags, so people should start waste hunting at once in order to make a thorough clean-up, as every little bit counts up in the total, and it must be generally conceded that no better use could be made of our household trash than to have it cashed in for the benefit of the Day Nursery.

The Day Nursery is a never-failing foster-mother who gives to each of the large family of little children the same love and tender care. Most of the children are from homes where the mothers must work to support them, and were it not for the Nursery they would be left to shift for themselves during the day, or in the care of some neighbor too busy to pay much attention to them.

At the Nursery they are cared for in clean, healthy surroundings, have regular sleep hours and play hours, and are given constructive play-time directed to their needs and the sturdy, healthy appearance of the children will testify to the fact that it is well chosen.

The management finds it always difficult to secure sufficient funds and people should welcome the opportunity to help raise money by so simple an expedient as throwing their rubbish into a bag instead of onto the trash heap. The list of desired articles includes rags, old worn-out clothing, old

## Republican Woman Orator Billed for Richmond, Oct. 19

Mrs. Margaret Hill McCarter, famous Republican political speaker, is expected to appear in this city on Tuesday, Oct. 19, under the auspices of the local Republican women's organization.

Mrs. McCarter is one of the most sought after women orators and her meetings are always crowded. Mrs. McCarter is a native of the sixth Indiana district and was a student at Earlham college.

## REGISTER 80 PER CENT OF WAYNE VOTE

Leaders of Both Parties Express Satisfaction of Showing on Final Registration Day.

## 22,000 ARE QUALIFIED

Eighty per cent. of the estimated voting strength of Wayne County has been registered properly for the election to be held next month, according to an estimate made Tuesday by W. H. Brooks, county auditor, based on reports received from practically every precinct registration place following the close of the final registration period, Monday evening.

"It has been estimated that there are approximately 28,000 men and women of voting age in Wayne county. Without having made a careful investigation of the reports received on the registration of voters Monday, I believe I am safe in saying that over 22,000 voters have qualified to take part in the forthcoming election."

"I include those who registered September 4, those who registered Monday, Oct. 4, and those who registered by affidavits between the first and final registration periods," Mr. Brooks said.

Study Figures. Registration figures are being studied closely by Republican and Democratic organization leaders alike. The Republican leaders professed to be elated over the registration. They asserted that in many of the largest Republican precincts the registration approximated between 90 and 100 per cent of the total Republican vote.

Republican county headquarters also advanced the claim that the registration in Abington township, which the Democrats have controlled for over a half century, would return a Republican majority this year. The G. O. P. leaders asserted that the entire Republican vote of the township was registered with the exception of one man and fifty women; that, on the other hand, twenty-seven Democratic voters in the township were not registered.

"Between 85 and 90 per cent of the Republican voters in Wayne county have been registered," was the announcement made at Republican headquarters.

Are Satisfied. Democratic leaders stated that they were well satisfied with the result of the registration. They predicted a considerably increased Democratic vote this year and expressed particular pleasure over the large registration of women, as they believe the majority of women voters will support the Democratic ticket.

It is stated that almost the entire voting strength of Jackson township in which Cambridge City, Dublin and Pershing are located, has been registered. The fourth precinct of that township containing 575 voters had a total registration of 549, of that number 295 being men and 253 being women. Only 25 women failed to register.

There were two more women than men registered in the third precinct of Jackson township. The registration in that precinct was 234 women and 222 men.

More Women Than Men. In several of the Richmond precincts the registration of women out numbered that of the men. In the nineteenth precinct, fourth ward, the registration was 242 women, 206 men, fourteenth precinct, third ward, 234 women, 215 men; sixteenth precinct, fifth ward, one of the largest voting units in the county, 317 women and 315 men; twenty-third precinct, fifth ward, 310 women, 272 men; twenty-eighth precinct, sixth ward, 225 women, 220 men.

There was a large registration in the thirty-second precinct, seventh ward, where 322 men and 307 women were registered.

The latest registration Monday was in Richmond. On the first registration day last month, there was a big registration in the county outside of Richmond, and a light registration in the city.

W. H. Brooks, county auditor, and his assistants were busily engaged Tuesday receiving registration reports and it probably will be several days before he is able to officially announce the total registration of the county.

## Court Affirms Conviction Of Haywood and I. W. W.'s

CHICAGO, Ill., Oct. 5.—The United States Circuit Court of Appeals handed down a decision today upholding the conviction of William D. Haywood and I. W. W.'s who were found guilty and sentenced to prison for obstructing the draft law during the war.

Two counts were thrown out by the appellate court but in all others the decision of the lower court was affirmed. Haywood, former General Secretary of the I. W. W., and one of the defendants have been at liberty under bond for more than a year pending hearing of their appeal.

## FINDS STATE PEACEFUL

MEXICO CITY, Oct. 5.—Lower California is peaceful and there are no indications of further disorders there, says a message received here from General P. Elias Calles, secretary of war, who was sent to that territory last week. He denies there is any movement there looking to a separation of Lower California from Mexico.

## CROWD DISAPPOINTED WHEN COUNCIL FAILS TO TILT WITH MAYOR

Council chamber was filled to capacity Monday evening by a crowd which evidently anticipated a tilt between Mayor W. W. Zimmerman and certain members of the council.

The council session proved to be one of the shortest held this year, and was as decorous as a Sunday school convention. The mayor was as polite in the few remarks he addressed to council as young boys are the day before Christmas, and the city dais were calm and good natured.

This was the second time an advertised battle royal between the chief executive and the legislative body had failed to materialize, and the "fight fans" are considerably disgruntled. They are threatening to boycott future council meetings.

## Heights Want In.

Council was informed Monday that one of Richmond's little neighbors, Benton Heights, wants to be adopted by the city. E. M. Bitters, who, he said, represented the residents of Benton Heights, asked council to institute proceedings for the annexation of the suburb, which is located north of the Fairview boundary line. Mr. Bitters said none of the residents of the suburb would oppose such action. He added that Benton Heights was in need of various improvements and its residents believed they would obtain more benefits by becoming citizens of Richmond.

Mr. Bitters stated that none of the contemplated improvements would add to the expenses of the taxpayers living outside Benton Heights. He admitted that several years ago Benton Heights people had opposed annexation to Richmond when council considered taking such action, but, he added, that opposition no longer existed. He said that 44 families lived in Benton Heights, numbering about 220 people.

School Board Approves. The Richmond school board submitted a communication to council announcing the board's intention of constructing a junior high school in West Richmond, with the approval of council, at an approximate cost of \$400,000.

Two readings were given to an ordinance amending the milk inspection ordinance for the purpose of placing under the jurisdiction of the city dairy inspector all milk dealers doing business in Richmond who reside outside the city.

Another ordinance making an additional appropriation of \$9,500 for the payroll of the street department received two readings.
