POTATOES

Why pay exorbitant prices for your winter's supply of potatoes when you can get them at carload rates? See them before paying for them. "Don't buy a cat in a bag."

Supply and demand governs the price. The supply is generally greater when the bulk of the potato crop (which is grown in the Northern states) is being harvested.

We will deliver anywhere in the city for 15 cents a bushel in not less than 3-bushel lots if you order through our club.

Send in your order at once to 625 1/2 Main St. Don't delay; it may cost money.

Potatoes will be ready for delivery on or before Oct. 15.
