SAVE FOR DAY NURSERY.

The housewives of Richmond are earnestly urged to accumulate rags, rubber and other material that lends itself to the purposes of conservation, for the Day Nursery. The annual drive for this material is now on. The Day Nursery has made arrangements with a firm to collect the material. The proceeds of the sale will be used for the institution. The exact date of collection has not been determined, but in the meantime housewives are urged to save the material.

SMART WRAP FOR FOOTBALL DAYS

At the football games this fall, and at the country club, this sport coat will be found just the thing to keep out the chill breezes. It is a knitted wrap in orange and white made on the fashionable new lines. A huge block design makes a border and a striped design trims the long stole collar and the turn-back cuffs.

TWO SMART VELVET HATS FOR YOUTH

Here are two smart little chapeaux which were designed especially for youth. The larger model is called the airplane hat because of the huge velvet bow which resembles a propeller. The smaller hat in the corner is a combination of turban and tam. It is made of brown velvet embroidered in white wool. Both hats are smart for general wear with suits, coats or frocks. Of course, the larger hat is more suitable for semi-dress occasions.

Harry Sackman, mite boxes; Mrs. John Starr, perpetual membership; Mrs. Eudaly, children's work; Mrs. Winder, temperance, and Miss Ella Onstot, enigmas. The next meeting will be Wednesday, Oct. 27.

NEWCASTLE MAN MAY BE NEW Y SECRETARY

Perry A. Wilson, for the past three years secretary of the Newcastle Y. M. C. A., has been offered the position of boys' work secretary at the local Y. M. C. A. and according to reports from Newcastle has accepted the position. Mr. Smith, general secretary of the association had not received definite word from Mr. Wilson Tuesday, but said that he expected him about the first of November.

Mr. Wilson will come to fill a vacancy in the boys' department that has been vacant for six months. Many experienced men have been considered by local officials. The new secretary is experienced in Y. M. C. A. and boys' work.

Mr. Wilson is an expert on Boy Scout activities, has studied woodcraft and is an expert on plants, birds and animals. He is an all around gymnast and athlete. He has been successful with High-Y clubs, Sunday school and religious activities.

The Y. plans to make the boys' department one of the most interesting in the local association. A big social will be held upon the arrival of Mr. Wilson for all the boys to get acquainted with the new secretary.

Fat That Shows Soon Disappears

Prominent fat that comes and stays where it is not needed is a burden and a hindrance to activity, and a curb upon pleasure. Many forms of advice to reduce weight have been advanced, such as dieting, hard work, excessive exercise, etc., all of which are either unpleasant or dangerous. The latest, more modern and pleasant way to take off burdensome fat, is to take, after each meal and at bedtime, a Marmola Tablet. These little tablets are as effective and harmless as the famous Marmola Prescription from which they take their name. To get rid of fat at the rate of two, three or four pounds a week, simply take one of these little tablets after each meal and at bedtime until you have reduced your weight to where you want it. No wrinkles or flabbiness will remain to show where the fat came off.

They are for sale by all druggists at \$1 for a good size box. If you prefer to have them come to you direct by mail, prepaid in plain sealed cover, send amount to the Marmola Co., 97 Garfield Building, Detroit, Mich., and bid goodbye to dieting, exercise and fat. Be yourself, slim, trim and attractive.

TWO LOCAL PERSONS TO HELP STATEWIDE EDUCATIONAL DRIVE

Efforts to arouse sentiment looking toward lifting Indiana schools from seventeenth place in the list of states to first in general efficiency are being made by educators throughout the state. Under the direction of a committee appointed by the state board of education a campaign for efficiency will be conducted the ten days from Nov. 7 to 16. L. E. Iliff and Esther Griffin White, of this city, are members of the state-wide committee.

The motto of the campaign is "A Light in Every Schoolhouse." Indiana, according to the survey recently published by the Sage Foundation, ranks seventeenth in general efficiency of its educational system. It ranks third in the percentage of children in school and fourth in the percentage of boys in high school. But in the higher educational institutions it ranks forty-third and in the length of the school term thirty-first. It is to raise these rankings, which have remained virtually unchanged for twenty years, according to L. N. Hines, superintendent of public instruction, that the campaign is to be staged.

Program Arranged.
A program for exercises to be held in every school in the state during the ten-day campaign, has been prepared for mailing to persons interested. The program follows:

Music—America—By pupils.
Opening remarks—"The Purpose of the Campaign," by the chairman of the meeting.

Music—By the pupils.
"Why Indiana is Seventeenth in Education," by a citizen.

"What Indiana Needs To Do To Get Into First Place in Education," by a citizen.

"Give the Boys and Girls a Chance," by a pupil.

"What a Model School Ought to Be"—By a citizen.

"What this Community Needs"—By a citizen.

General discussion and presentation of resolutions.

Spelling match, ciphering match, athletic games, concert, agricultural display, gymnasium drills, club work or other activity.

The board in its suggestion for the campaign urges that Chamber of Commerce, Rotary and Kiwanis clubs, Parent-Teacher associations, women's clubs and similar organizations be asked to furnish speakers.

WIDE COMMENT ON LOCAL WASTE DRIVE

Enthusiastic interest and a splendid spirit of co-operation have marked the progress of the Richmond Day Nursery waste campaign, according to the reports of the workers distributing the waste bags. This part of the work is practically finished now, and the collecting of the filled bags will start at once.

In all quarters of the city much comment has been heard on the seemingly useless character of the stuff that is asked for. Women seem astonished to think that there can be any value attached to the articles listed on the big waste bags, for it is just such stuff as most of them throw away.

Use Waste Material.
Yet this very stuff has an important place in the country's industries, and the scarcity of necessary waste materials has been listed by economic experts of the government as one of the contributory causes of high cost of commodities.

America is finding the solution of its junk problem in the waste campaign to raise funds for charitable and public purposes. It has been found that while the American people would not save their household rubbish for the sake of the few pennies its sale might bring, they gladly save it when they know that it will be collected for the benefit of some charitable organization, and the way local ladies are taking to the idea in the present campaign, presages that Richmond will join the ranks of the thrifty.

Experienced Mothers know the wisdom of assisting nature before Baby's coming

It is natural to think of the expectant mother's influence upon the unborn babe. Her food, her habits, her hygiene, and even the condition of her mind, all have a part in determining the well-being or ill-being of her infant before birth.

No woman awaiting the joys of coming motherhood should allow the days to pass without giving nature a helping hand—because the conditions of pending motherhood, existing as they do, over a protracted period of months, create almost a new state of being for a woman.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.
