

OVER 250,000 JEWS ARE LEAVING POLAND BOUND FOR AMERICA

GRAUDENZ, Poland, Oct. 7.—An exodus of Jews from Poland, which has been steadily increasing for many weeks, has reached such proportion that Polish army officers say it is certain that more than 250,000 soon will have left. Most of them are bound for America.

The Poles, who are frankly and bitterly hostile toward the Jew, make no objection to their departure, but they criticize what they assert is the attitude of the Joint Distribution committee of America, which has many motor trucks and large supplies throughout Poland.

When a number of trucks and automobiles of this committee arrived here the military authorities refused to permit them to proceed or move about in this area, saying accusations had been made that these trucks were carrying contraband over the German border under the protection of the American flag and that there was evidence the committee had assisted Jews who were liable for military service to leave Poland. Proof of these accusations was requested by the correspondent but it was not furnished.

The employee of the Joint Distribution committee in charge of the detachment of trucks here appealed to American army officers in Graudenz to use their influence to have the trucks released but the officers declined to interfere.

A French officer attached to the French Military commission here said his government had adopted a policy of expediting the departure from France of the large number of Jews going to America and that while many of them would be content to live in France, virtually none of them would remain.

Polish officials say all of the Jews in several towns and villages in Posen, Poland, have departed, en route to the United States.

FAMOUS MOVIE FAMILY RETURNS HOME

Left to right, Constance, Norma and Natalie Talmadge, photographed on their arrival at New York.

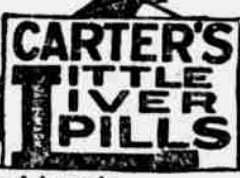

When the popular Talmadge sisters recently returned from abroad they created no little excitement on board ship by their beauty and new French wardrobes. Of course, they wore the new round-toed French slippers and the shockingly short French skirts and they carried canes which is the very latest fad in Paris. The photograph shows Constance, Norma and Natalie in the costumes they wore upon the day of their arrival in New York. Chic? N'est ce pas?

FRANKLIN ROOSEVELT ANSWERS QUESTIONS

(By Associated Press)
PUEBLO, Colo., Oct. 7.—For the first time in this political campaign Franklin D. Roosevelt, Democratic vice presidential candidate invited questions from his audience here last night after he had finished his prepared address. One man asked him "Why President Wilson did not advise the senate" on the peace treaty negotiations, and he replied that President Wilson did.

Asked what he would have done, if president, he said, "to be perfectly frank, I would have advised more."

Another questioner asked him why the administration did not send Col. Theodore Roosevelt abroad at the head of a division. "I am personally sorry that he didn't go because I believe he would have exerted a great moral force," he replied, "but in times of war on questions of military policy the opinions of civilians must be subordinated to those of trained officers in the regular military establishment and the latter advised against it because Col. Roosevelt's military experience was limited to his connection with one regiment in a war twenty years ago."

Garfield Faculty to Visit Indiana and Ohio Schools

Wednesday, Oct. 20 has been set as visiting day for faculty members of the Garfield Junior high school. They will visit schools in various Indiana and Ohio cities. W. A. Stockinger, former principal of Whitewater school and now superintendent of the Noblesville public schools, wrote to N. C. Heironimus, principal of Garfield Junior high, that the departmental school in Noblesville has only the merest touches of Junior work, and lauds the Richmond Junior high school for the work it has done as a pioneer in the system.

The date set for visiting day precedes two days set for the meeting of the State Teachers' association in Indianapolis. It is estimated that nearly 15,000 teachers from all parts of Indiana will attend the association meet in Indianapolis. Delegates from

the cities having Teachers' Federations will also meet in Indianapolis at the same time. Delegates from Richmond will be announced next week.

BOARD FAVORS SEWER ON HOWARD STREET

Decision to install a sewer on Howard street to serve people in the two blocks on each side of that street, was taken by the board of works today. Residents of West Richmond have been making an effort to have this sewer put in for about ten years, but the action of the board today was the first definite step toward the accomplishment of that aim.

To Draw Petition.
The board also instructed the city

attorney to present to the public service commission and the state tax board a petition to grant a \$175,000 bond issue for the purchase of additional equipment for the city lighting plant.

Bills for various city departments amounting to \$29,819 were allowed by the board. Plans for the inspection tour of the city, to start at 1:15 p. m. Friday, were discussed. City Engineer Davis said a number of organizations will be represented in the tour, which will take in practically every point of interest in the city. According to present plans the trip will last about four hours, and informal talks will be made at each of the four stops included in the trip.
