## SCALES WENT UP 10 POUNDS FOR INDIANA MAN BY TAKING DRECO

Had severe pains in his back for eight years, up and down all hours of night. All over with now.

"I have gained 10 pounds on three bottles of Dreco, and after eight years of suffering, I feel as well as I ever did in my life," said Mr. Lewis Hickman, who lives at 1814 N. Lafountain St., Kokomo, Ind. Mr. Hickman is employed by the Liberty Press Metal Co.

"For the last eight years I suffered from the most awful pains in my back, which kept getting worse all the time, and even though I tried everything that was recommended to me, nothing did any good at all. My kidneys bothered me very much, and I'd have to get up eight or ten times during the night, and sometimes the flow was

too frequent and sometimes too scant, but always of a high color and feverish, with a bad odor. I lost my appetite, and it was almost impossible for me to sleep. I couldn't get any rest, no matter what position I would get in, for the pains and soreness in my back. It was very hard to get up after I sat down a while.

"I had heard about Dreco so much, I bought a bottle and took it faithfully. My improvement at first was slow, but I kept it up, and I am glad I did; for now all the pain has left me, and I go to bed and rest well, and never have to be called up. My appetite has returned and I have actually gained ten pounds in weight. I feel that I have fully recovered, for, as I said before, I never felt better in my life."

All druggists now sell Dreco and it is being especially introduced in Richmond by Clem Thistlethwaite's seven drug stores.—Advertisement.

Mazola—the choice of leading hotels, clubs, and railroad dining cars in America!

WOMEN everywhere are finding out that lard is one of the most unsatisfactory of all cooking fats. It is absorbed into the food, making it heavy, soggy and indigestible at times. So much lard is taken up by the food during cooking that it becomes more expensive to use.

Mazola is 100% pure vegetable oil. It never penetrates into the food, but sears fish or meat over, and preserves all the good flavors. At the same time, it makes the food more digestible.

You too, should use Mazola for all cooking, baking, frying and sautéing purposes.

Thousands of people everywhere use Mazola as a delicious salad dressing, in preference to olive oil or any other vegetable oil. It costs about half what an acceptable grade of olive oil would cost.
