

HOME LIFE FAILURE BLAMED FOR UNREST AT TOKIO CONCLAVE

TOKIO, Oct. 12.—Failure of home life and not the failure of the church was held to be responsible for the "social unrest, the sin and crime and shame that abounds on every hand," by the Rev. W. E. Biederwolf, D. D., of Chicago in an address before the World's Sunday School Congress here tonight. The speaker charged that "25 per cent of the ministers of America do not themselves maintain family worship in their own homes."

"A wise teacher of ancient times said: 'Give me a single domestic grace and I will turn it into a hundred public virtues,' declared Dr. Biederwolf, "and I wonder, if we were to attempt to write the story of the deplorable legacy to which we have fallen heir it would not be to tell the history of fallen altars and desecrated shrines and, to no little extent of an apostate clergy. A missionary who had been absent from America for 25 years, said when he came back on a furlough: 'When I went away almost every Christian home had its family altar; now I find it is the exception and not the rule.'"

Causes Set Forth.
The causes for the decadence of family worship were set forth by the speaker:

"1.—The quickening of a man's natural tendency to skepticism, so largely induced in this day by subtle and sometimes open attack on the fundamentals of his faith in press, in university and infrequently in pulpit. The first point at which spiritual decay manifests is invariably in the neglect of family worship, if indeed it even so much as held a place in the life of the home."

"2.—The nervous, feverish rush of modern life as evidenced by the inordinate absorption in material interests. Modern life is a dash through a crowd. A man hardly has time to stop and tie his shoe-string. It is a race to keep pace with steam and electricity."

"3.—The disruption of the family union." The latter was caused, said Dr. Biederwolf, "first, by the prevailing method of education which practically removes boys and girls from immediate and continuous parental influence in spiritual things for a period running between the ages of seven and 21 and second, by the excessive pursuit of pleasure."

"Legitimate as this desire is, when all one's pleasures are found outside the home circle the family life from the standpoint just now under consideration must consequently suffer," he concluded.
