

MOWE SHIFTS TEAM FOR STRONG LINEUP AGAINST ROSE POLY

One of the high points in the football season will be reached Saturday when the Earlham football team meets Rose Poly on Reid field. This is the sentiment being expressed by the followers of the Maroon and White. The Rose Poly game is generally a good indicator as to the strength of the other teams in the state, although this year the Engineers have not met any of the strong teams.

Three-quarters of an hour of scrimmage occupied the attention of the grid squad Wednesday evening. Al Carter held down the quarter-back position very creditably considering the fact that he had only been at the job during one evening of signal drill. The scrubs had the variety on the run in the opening part of the session but when the signals got to working more smoothly the first string squad had little difficulty in wading through the second string eleven for touchdowns.

Grifton, who had been grooming for a line position, has been pulled back to the fullback job and Beck shifted to a half. This seems to be the best way for the Quakers to take the field against the strong Rose Poly team Saturday.

Further plans for the home-coming are being made by the college and advance news from old timers state that they will be on hand to see the Maroon and White try to take the measure of the down state representatives.

LACK OF SUBSTITUTES HANDICAPS HIGH TEAM

Hard work and plenty of scrimmage is the program that is being followed by Coach Null of the high school. He is giving his men plenty of stiff opposition and thinks that in this way they will be in much better shape for their scrap with Elkhart on Reid Field Saturday than they were against the fast Shortridge outfit last week.

No changes in the lineup have been made and the same eleven that tackled the capital city team will do duty in the next game of the season. It is one of the weaknesses of the local high school prospects that they do not have sufficient substitutes to run into a game.

Plenty of pep is still manifest around the high school and the followers of the Red and White are sure that if their team has half the breaks in the game with Elkhart the score will be a reversal of last Saturday's defeat.

Tonight Ends First Round In City Bowling League

The end of the first round in the City Bowling League will be reached with the close of play Thursday night. Handicaps will be determined after the close of play. Maher's Meats have been leading the league a merry chase and will try to continue to do so when they stack up against the Felman Tramps Thursday. Hill's Laddies will crack maples with Lee Tires, while the Wilson Cleaners take on the I. H. C. representatives.

The players are beginning to hit their stride and better games and closer scores are expected to result from now to the close of the season.

PURDUE UNIVERSITY SEEKS BASKETBALL TOURNAMENT

LAFAYETTE, Ind., Oct. 14.—Purdue University students are uniting in an effort to have the next state high school basketball tournament played at the Purdue gymnasium. Letters are being sent to high school principals throughout the state urging them to name Lafayette as the place for the tournament next spring.

The Indiana State High School Athletic Association, composed of high school principals, will meet in Indianapolis within the next month to decide on the place for holding the tournament. Indiana University is also bidding for the tournament.

Bowling

The Pianos outplayed the Players in the Starr Piano Bowling League at the Y. M. C. A. Wednesday night. The music box workers are beginning to improve their averages, only a few falling before the 100 mark last night.

BRINGING UP FATHER BY McMANUS

SEVEN MEMBERS OF CLEVELAND BASEBALL TEAM WINTER THERE

CLEVELAND, O., Oct. 14.—Members of the champion Cleveland baseball club began to disband today and by tonight, most of them will be enroute to their homes in various parts of the country. At least seven expect to winter here. "Bill" Wambagans and George Uhle, are residents of Cleveland. Elmer Smith and Jack Graney usually spend most of the off-season here. "Doc" Johnston has taken over a billiard room here for the winter and "Steve" O'Neil and Ray Cadwell expect to enter the automobile trade.

Tris Goes to Canada
Manager Tris Speaker, after a week fishing in Canada, with catcher Lee Numanaker and other friends, will return to Texas to look after his business interests. Numanaker will rejoin him in Hubbard, Texas, and the two will hunt and fish for several weeks on the gulf coast.

Stanley Coveleski, after a brief visit to his home in Shamokin, Pa., will join outfielder Joe Wood on a hunting trip. Wood will spend the winter falling trees, hunting and fishing in New Jersey. Jim Bagby returns to business in Augusta, Ga.

Jamieson Sells Groceries
Larry Gardner, is going back to Enosburg, Vt., where he has a big garage and repair shop. Charlie Jamieson will sell groceries in Patterson, N. J., after visiting his family in Mississippi. Dr. Joe Evans will resume his work in St. Louis hospital. Infielder Harry Lunte also returns to St. Louis. Chester Thomas will go to Los Angeles, where he expects to be connected with a moving picture company. Geo. Burns returns to his home in Philadelphia and Joe Sewell to Tuscaloosa, Ala., where he will complete his college education.

Guy Morton, will winter at Vernon, Alabama. Walter Mails, on the Pacific coast, and pitcher Bob Clark in Newport, Pa.

FT. WAYNE

(Continued from Page One)
\$2,500 was in cash and the remainder in three notes of \$2,500 each, one of which, it is charged, had been paid from the assets of the defendant corporation. It is also charged that the claim of William A. Sheets, who filed suit to recover money paid for 45 shares of stock, was paid \$375 in settlement of his claim.

The stock owned by the plaintiffs is set forth as follows: Louis R. Welker, \$1,000; Edward D. Engler, \$5,000; Morton E. Andrews, \$5,000. The capitalization of the defendant company was originally \$500,000 and has been increased twice, first to \$1,000,000 and a second time to \$2,500,000.

Charge Big Salaries
The complaint alleges that at the first meeting of the directors of the original company a contract was entered into whereby John C. Brown, president of the defendant company, and Louis E. Kraft, secretary of the defendant company, were commissioned to handle the sale of the company's stock for 50 per cent of the money received. It is charged that for their services in this capacity they have already received \$375,000 and claim the sum of \$90,000 as still due them. It is also charged that Brown and Kraft sold to the defendant company patents and formulas for use in the conduct of the business, receiving in exchange 19,250 shares of stock in the company, worth \$102,500 at face value. It is further alleged that practical rubber men have refused to use these patents and formulas and declare them worthless.

Allege Discrepancies
The financial statement as of Dec. 31, 1919, which it is charged was used by stock salesmen as a sales argument, is set out in detail and discrepancies in various items are alleged. It is charged that the assets shown in the statement were arbitrarily increased in the sum of \$161,000 beyond the actual assets of the company, the increase being divided among the various items as follows: Real estate and equipment, \$100,000; machinery, \$14,000; raw materials, \$42,000; U. S. bonds, etc., \$5,000; total \$161,000. Passing to the column of liabilities the complaint alleges that the item for capital account takes no account of \$102,500 worth of stock issued in payment for patents and formulas which it is charged Brown and Kraft sold to the defendant company. Other deficiencies in the statement of liabilities are charged, sufficient to bring the total to \$203,500. In addition to this, it is charged that accounts payable to the extent of \$90,000 are not included in the statement, making a difference of \$454,500 between the statement and the actual condition of the company. The statement shows a surplus of \$28,747.83 and the charge is made in the complaint that there is no surplus and that the company is solvent in the sum of \$450,000.

Charge Non-Payment
It is also charged that the company has received or contracted for \$190,000 worth of supplies and that payment for the same can not be made from the current assets of the company.

Production at the company's plant, north of Fort Wayne, was begun on March 1, 1920, it is set out, and it is further alleged that since that time the plant has been run at an actual loss of \$35,000 to \$40,000. Brown and Kraft are not practical rubber men, according to the complaint, and have paid attention only to the stock promotion side of the business. It is alleged that they have kept the complete control of the business in the past and planned to do so in the future and the following statement is alleged as having been made last September, by one of the two: "The company is so organized that no man or clique of men can get control of it except the men that are now in control. I will put it in such a rotten condition that they will not be able to operate for five years." The complaint declares that \$105,000 share of stock have been disposed of to 4,000 different stockholders.

The attorneys for the plaintiffs are Clark J. Lutz, of Decatur, and Olds & Thomas, of Ft. Wayne.

ECONOMY MOVEMENT STARTED IN SWEDEN

CHRISTIANA, Oct. 14.—In order to improve the international value of the Swedish currency, an economy movement has been inaugurated here. A league was formed whose members, including the king and queen, have agreed for one year to use less imported goods and cease unnecessary travelling.

GOOD FOR HIM AND HIS WIFE
Hurley L. Watkins, 2208 Lytle St., Louisville, Ky., writes: "I found Foley's Honey and Tar just what I wanted for my wife's and my colds. This famous old cough medicine is just as good for children as for adults. It checks coughs, colds, croup, bronchial coughs, and stops that 'tickling' throat that keeps one coughing at night. It contains no opiates, no habit-forming drugs. Prompt and sure in action.—A. G. Luken & Co., 630 Main St.—Advertisement."

CUBAN OFFICIALS SEEKING SOLUTION OF MONEY PROBLEM

HAVANA, Oct. 14.—Measures for coping with the financial situation in Cuba are being studied by government officials and business men of the republic, but no definite solution has yet been found. Representatives of the International National and Spanish banks conferred with President Menocal and the secretary of agriculture yesterday relative to the problems involved at the present time. They proposed, it is reported, that banks be allowed to issue sugar certificates which would be exchangeable at banks after the sugar had been deposited with the government and that the government guarantee approved checks will be paid by funds held in banking houses.

Secret Meeting Held

A secret meeting of sugar growers and commission men, holders of the unsold portion of the last Cuban sugar crop, was held last night for the purpose of discussing the financial crisis. At its close a statement was issued to newspapers stating a vote of confidence had been given President Menocal in his efforts to negotiate a sale of held over sugar, and the coming crop. A committee, it was declared, has been appointed to assist him in this work.

Recommend Special Commission
The secretary of agriculture yesterday handed President Menocal a communication from the Merchants' association recommending appointment of an economic commission composed of representatives of the government banks and commercial interests.

to study the financial situation. It would seek a means of overcoming the difficulties arising from operation of the moratorium, arrange a medium of circulation in substitution of money which the moratorium has tied up in the banks and advise as to the wisdom of calling an extra session of congress for the adoption of the necessary measures.

Mass Meeting to Boost Chamber of Commerce

The special committee which has been working on the organization of a chamber of commerce discussed the articles of incorporation, constitution and by-laws Wednesday night. A mass meeting will be held in the near future for all citizens interested in the movement, according to a statement by Walker Land, chairman of the temporary committee.

VAST SUM EXPENDED FOR JEWISH WAR RELIEF

(By Associated Press)
NEW YORK, Oct. 14.—Over \$33,000,000 has been expended for the relief of Jewish war sufferers in Eastern Europe and other parts of the world since the outbreak of the war, according to a report of the American Jewish Relief committee. This money has been expended in over 30 countries but more than \$15,000,000 has been distributed in Poland, Lithuania and Courland.

Appropriations for relief work are being made at between \$500,000 and \$1,000,000 a month by the Joint Distribution committee, of which Felix M. Warburg is chairman.

"Spurs are There"

All you men folks who have tired of cigarettes that lack snap and go—cigarettes that are like flat tires on the road to smoke-enjoyment—listen to this:—

—AWAY out in the Orient grow rich aromatic tobaccos. A long buying arm reached over and brought them to the U. S. A.—then combined them with our home-grown full-bodied tobaccos. Out of the blend was born Spur Cigarettes. That rare, rich old-time tobacco taste and aroma is winning right and left. Besides, Spur Cigarettes have imported paper, rolled without paste. The crimped seam makes Spurs burn slower, draw easier, and taste better.

And that smart brown and silver package is three-fold to keep Spurs right. You just can't stay on the fence once you have "met up" with Spur's good tobacco taste.
