

EATON JUDGE DEFERS TRIAL OF ALLEGED AUTOMOBILE THIEVES

EATON, O., Oct. 1.—Representing to the court that taking of depositions in Illinois had not been completed, Judge A. C. Risner postponed until October 25 trial of the state case against William Mills and R. L. Estis which was to have opened next Monday in common pleas court. Counsel for both the state and defense asked for the postponement.

Mills and Estis are under indictment for stealing an automobile at New Paris. They were indicted in May, 1919, since which time they have been at Liberty under bond. Trial of the case has been postponed from time to time for various reasons. Both Mills and Estis are non-residents of Ohio.

Arraignments Continued.
Owing to a temporary absence of County Prosecutor Phil Saylor, arraignments of persons indicted by the late grand jury was continued by Judge A. C. Risner from Wednesday until Friday of this week.

Assault Case Postponed.
Trial of an assault and battery case against LeRoy Lyons, to have come up today in common pleas court, was postponed, but the new trial date was not announced. Counsel for the defense represented to the court that he was preparing for the trial of another important case, and for this reason asked for a postponement.

Lyons was indicted in May, 1919. When the case came up for trial it developed that the original indictment papers could not be found and upon this technicality the proceedings were halted. The May, 1920 grand jury re-indicted Lyons.

Appointed Assistant Agent.
Harold Overholser has been appointed assistant agent for the Dayton & Western traction in Eaton. Russell Rule was recently advanced by the company from assistant agent to agent.

Fess to Speak Here.
Congressman Simon D. Fess will discuss the issues of the campaign in an address here Saturday afternoon in the opera house. The meeting is scheduled for 2:30 o'clock. Congressman Fess is scheduled for an address Saturday evening at West Alexandria.

Abandons Rail Route.
Abandonment by the Dayton & Western traction of its branch line from the main line at New Westville to New Paris had been sanctioned by the state public utilities commission in official advice received by Mayor E. H. Young, of New Paris.

The company sought abandonment of the line on the ground that it had always been a loser financially and that under the operation of the Ohio Electric Railway company it had reached the verge of rack and ruin and would necessitate expenditure of an immense amount of money by the D. & W. to place it in proper condition. Citizens of New Paris, through the village council, contested the abandonment plan.

The branch line between New Westville and New Paris had been in operation 16 years.

Labor Council Asks

Attendance of Delegates
Officers of the Central Labor Council are insisting that at least one representative from each labor organization be present at the meeting in the Eagles' Hall Thursday evening. Frank Irwin, president of the council, states that organizations should be represented whether they belong to the central body or not.

The chief subject to be taken up at the meeting will be the Armistice Day celebration, which was originally inaugurated by the council. Plans are being made to have floats for each local and this will be discussed and definite action taken at the meeting Thursday night.

Marshall Visits Cincinnati During Break in Schedule

(By Associated Press)
CINCINNATI, O., Oct. 14.—Few Cincinnatians were aware last night of the presence in the city of Vice President Thomas R. Marshall, and Mrs. Marshall, who arrived from Springfield, O., and registered at a local hotel.

A break in his speaking schedule was responsible for the unheralded visit. It was said. The vice president left at noon for Huntington, W. Va., where he will speak tonight.

Car Companies Must Sell Service to Public, Says Kansas City Authority

(By Associated Press)
ATLANTIC CITY, N. J., Oct. 14.—How the most modern and scientific methods of salesmanship can be used in the disposition of street car rides was told the America Railway association convention here today by F. G. Buffee, of Kansas City, Mo., who was chairman of a committee that has been studying the subject intensively during the last year. He declared that street railways because of competition no longer are in a position to "tell the public to take car rides or leave them."

Intensive advertising campaigns through car signs, daily newspapers, motion pictures and bill boards, improved service, courteous treatment of the public by employees, and improved facilities for buying street car tickets handily were recommended as means of increasing sales.

Necessity for increased fares is one reason given by Mr. Buffee for a "need for ride" salesmanship.

Public utility commissions, chambers of commerce and other business organizations should aid in keeping before the public the fact that prosperity to the railroads means prosperity to the public, Mr. Buffee declared.

Propose Vocational Work For Incapacitated Citizens

(By Associated Press)
WASHINGTON, Oct. 14.—The teaching of new occupations to civilians incapacitated for carrying on their former lines of work as well as the vocational rehabilitation of disabled soldiers, sailors and marines was to be discussed at a three day conference, which opened here today, between members of the federal board for vocational education and representatives of state boards in charge of vocational training. The various state workmen's compensation commissions have been urged to send representatives to the conference.

A similar conference, according to the federal board, will be held early in November in either Denver or Salt Lake City, for the convenience of western states.

FORWARD MOVEMENT CAMPAIGNS OUTLINED FOR FRIENDS WORK

Three departments of Friends Forward Movement activities, and directors in charge, were decided upon for the coming year, at the meeting of the Forward Movement committee held Wednesday.

Names of the men to be in charge will not be announced until the committee has received acceptance of the positions. The three campaigns to be pushed by the Forward Movement organization include spiritual, promotion and financial. Levi T. Pennington, director of the movement, will be in charge of the spiritual campaign. A man now being sought for associate director will be in charge of the promotion campaign, providing he accepts. Finances will be under the leadership of a financial director.

Points Emphasized
Under the head of spiritual department, intercession, evangelism, propagation of the Quaker message and life work enlistments will be emphasized. Much of the work in this department will be carried on as during the past year.

A deputation probably will be appointed, representing various boards of the Five Years meeting, whose duty it will be to visit Friends colleges and universities, seeking life work enlistments. This work was carried on very successfully the first year of the Forward Movement organization.

A campaign of promotion, to be in charge of the associate director, will be expanded over that of any previous work in this department. This division of the planned work will consist largely of stereopticon lectures, showing the work and general activities of the boards of the Five Years meeting. It is hoped that in the ensuing months, this campaign can be successfully pushed in every Friend meeting in this country. This branch of the Friends work is probably one of the most important, and will occupy practically all the attention of the associate director.

Meetings Raise Funds

Finances for Friends religious enterprises will be raised by individual meetings this year, according to Mr. Pennington. Last year the Forward Movement body was compelled to carry on its financial campaign from the local headquarters, and the shortness of the time for the work proved somewhat unsatisfactory. This year it is planned for the financial director to visit the various yearly meetings and confer with the financial boards regarding quotas. It is believed that by having each yearly meeting decide on its quotas, and raise its own funds, a more thorough and satisfactory result will be obtained.

"I will be out in the field visiting Friends meetings much of my time," said Mr. Pennington, Thursday. "It was agreed that I should keep in close touch with conditions and situations of the various meetings. The financial director will be in the field during the year."

TRY THIS: Dissolve teaspoonful each of Brazilian Balm and salt in cup warm water; sniff some of this up nose night and morning or when needed. Few doses internally will help. Often acts as a cold preventive.

Values!

No, our prices aren't high. That's a mistaken idea about custom-tailored clothes. Considering the calibre of the work, the expert designing, superb tailoring and the finest of wools, the prices are reasonable. You'll pay just as much for an ordinary ready-to-wear suit or Overcoat and won't get half the satisfaction out of your clothes. Ours are made to your person and personality.

cial director will not only confer with financial boards of the yearly meetings regarding their quotas, but will stand ready to give assistance in any capacity when called upon for help in yearly meeting financial matters.

"If we can secure the associate director we now have in mind, he will be responsible for the promotion campaign. We aim to carry the message of the work of the Five Years meeting to every meeting that we can possibly get it to. It will be carried on in a larger scale than ever."

OLD ENGLISH CHURCH HONORS TERCENTENARY

(By Associated Press)
LONDON, Oct. 14.—What is claimed to be the oldest Congregational church in the British Empire is situated in the New Kent Road here and bears a notice board with the inscription "Pilgrim church, formed 1592. Memorial to the Pilgrim Fathers."

Although situated in one of the busiest streets in South London, little seems to be known of its existence. The Rev. W. Elliott Griffiths, of Ithaca, New York, will be one of the speakers at a meeting to be held in the church to celebrate the Mayflower tercentenary.

MINESWEEPER AIDS MEXICAN GUNBOAT

(By Associated Press)
SAN DIEGO, Calif., Oct. 14.—Under orders from Rear Admiral Wiley, the United States minesweeper Kingfisher today was enroute from this port to the assistance of the Mexican gunboat Progreso, reported stranded on Sacramento reef, San Geronimo Island, off the Lower California coast, with 200 passengers aboard.

SPANISH RAILROAD SITUATION CLEARS

(By Associated Press)
MADRID, Oct. 14.—Railroad service in southern and southwestern Portugal is virtually normal and in other parts of that country the situation is clearing up, according to Lisbon dispatches received here. The government is said to be prepared to suspend the constitutional guarantees, if necessary.

COMMISSION THROUGH REPARATIONS DUTIES

(By Associated Press)
PARIS, Oct. 14.—Abandonment by the reparations commission of the task assigned to it by the treaty of Versailles is the principal feature of the compromise adopted during the conferences between Premiers Dela Croix and Lloyd George, of Belgium, and Great Britain, says the Petit Parisien. The commission was charged with the work of fixing the amount of the German indemnity and the matter of payment, but in future, the newspaper says, it will probably sit only in a consultative capacity.

Exchange of views relative to reparations continue between England, France and Belgium it is said, and Premier Lloyd George persists in the belief that the Germans will carry out more willingly an agreement in which they have had a share in framing.

France and Belgium it is indicated have acceded to this view, and Germans will probably be admitted at the proposed Brussels conference. They may also share in the deliberations of the Supreme Council.

KING'S CONDITION UNCHANGED DOCTORS ARE OPTIMISTIC

(By Associated Press)
ATHENS, Oct. 13.—Physicians attending King Alexander, who is dangerously ill as a result of infection arising from a bite of a monkey, reported today that while the patient's condition was stationary, the outlook seemed better. The highest temperature shown by the king last night was 104.72 degrees, Fahrenheit, at which time his pulse was 120. At 8 o'clock this morning the fever had dropped to 99.86 Fahrenheit and the pulse 108.

Dickens often acted in private theatricals.
