Why Stay Fat?

The answer of most fat people is that exercise and dieting is too hard, too troublesome and too dangerous a method to force the weight down. However, in Marmola's Prescription Tablets, all these difficulties are overcome. They are absolutely harmless, entail no dieting or violent exercise, and have the added advantage of cheapness. One little tablet after each meal and at bedtime—as pleasant to eat as candy—will reduce your weight two, three or four pounds a week, and leave no bad results such as wrinkles or flabby skin. A good size box is sold by druggists at the reasonable price of one dollar, or if preferable they may be obtained by sending the amount to the Marmola Co., 94 Garfield Building, Detroit, Mich. They will reach you by mail, prepaid, in plain, sealed cover.

Now that you know this you have no excuse for being too fat, but can reduce two, three or four pounds a week without fear of bad after-effects.

How Many Men Keep Youthful Looking

It is well known that within recent years the men have become extensive patrons of beauty specialists and masseurs. Not only the fastidious, but men generally who have a care for personal appearance. This has also led to the employment by many of home methods calculated to enhance or preserve physical attractiveness, especially by those who abhor "beauty parlors." Of these, perhaps the most widely used is the mercolized wax treatment, which explains the mystery of the silver-haired gentleman with the boyish face. The mercolized wax, obtainable at any drug store, is applied the same as cold cream, only not rubbed in. This gradually absorbs the dead and half-dead cuticle in tiny particles, revealing the fresher, healthier skin beneath. To secure best results many apply the wax at night, washing it off in the morning. Women not only encourage husbands in this, but use the treatment themselves.

To keep away wrinkles and flabbiness, many men use, after shaving preferably, a simple lotion made by dissolving an ounce of powdered saxolite in a half-pint of witch hazel. This gives splendid results.—Advertisement.

INDIANA AUTOMOBILE DEALERS MEET NOV. 4

ST. LOUIS, Mo., Oct. 15.—The capitol building of Indiana will house the convention and organization meeting of the Indiana Automotive Dealers' Association which will be held in Indianapolis, Nov. 4-5. This announcement was made here today by Harry G. Mook, general manager of the National Automobile Dealers' Association.

This is the first time the Indiana state capitol has been used for a meeting of the automobile trade, and the second time that a state capitol has been used for such a meeting in the United States. The only other time being when the National Automobile Dealers' association organized the Illinois State association at Springfield, Illinois, last March.

The automobile licenses in Indiana contributed \$158,740.50 to the state treasury, showing Indiana to be one of the leading automotive states of the union. Figures of March 1, 1920 show that Indiana has 1,390 passenger car dealers, 555 truck dealers, 1,533 supply dealers, 1,429 repair shops, 1,131 garages, and 17 manufacturing plants in the automobile industry. Through the above firms Indiana contributed her share of the finished products of this industry which reached the astounding volume of \$2,166,854,594 last year.
