## Chords of Concord

No family is quite so happy and congenial as that wherein the members have a common interest.

Isn't it a wonderful thing to have an orchestra within your own home with each member of the family playing a different instrument?

How such a practice will hold the family together. Keep the boys in a pleasant home environment and the girls' minds off frivolous practices. Then too, think of the pleasure the entire family secures.

Think of the facility and enjoyment with which you can entertain your friends.

Let us advise you in the selection of instruments that blend together—most suitable for the ages, talents and training of each member of the family.

All the best makes in string, reed and brass instruments are here.
