

INCLUDE MORE ROADS FOR HIGHWAY SYSTEM IN PROGRAM OF 1921

INDIANAPOLIS, Nov. 3.—Inclusion of more roads in the state highway system and a highway improvement program for 1921 will receive consideration at a meeting of the state highway commission will hold Thursday at Indianapolis at 10 a. m. The commission will confer with Governor Goodrich on a number of roads it has designated as parts of the system, but which the Governor has not yet approved.

L. H. Wright, director of the highway department, will recommend that the commission include approximately seventy-seven miles more of roads in the system. The roads and their approximate lengths are: Road from Shoals to West Baden, sixteen miles; Washington to Ellettsburg, over Newberry bridge to connect with Route 12, east of Lyons, twenty-five miles; Linton to Sullivan, sixteen miles; Lebanon to Westfield, sixteen miles; Elkhart to Michigan state line, just south of Edwardsburg, four miles.

To Take Up Federal Money. Mr. Wright said the commission must pave 120 miles of roads next year in order to take up federal aid money that will be available no longer than next year. He said the commission likely will pave approximately fifteen miles of the Michigan road from South Bend to the Marshall county line and the approximately thirty-eight miles of uncompleted parts of the National road in Clay, Putnam, Hendricks and Vigo counties. This Mr. Wright said would practically complete the paving of the National road from Indianapolis through Terre Haute to the Illinois state line.

The paving of about twenty-eight miles of the National road in Hancock and Henry counties, Mr. Wright said, would practically complete the paving of the road from the Ohio state line through Richmond, Indianapolis and Terre Haute to the Illinois line. In order to have one thoroughfare through the state from north to south, Mr. Wright advocates the early paving of about twenty-five miles between Indianapolis and Kokomo and of forty miles between Seymour and New Albany.

From Michigan State Line. With these improvements, Mr. Wright said, the state would have a splendid highway from the Michigan state line through South Bend, to Ro-

chester on the Michigan road and from there over the Range line road through Peru and Kokomo to Indianapolis and thence over the Jackson highway through Franklin, Columbus, Seymour to New Albany and Jeffersonville on the Kentucky state line. Mr. Wright said that the other parts of the route either are paved or are good gravel roads with plenty of gravel near for maintenance.

The roads designated by the commission for inclusion in the system but not approved by the Governor are the Yellowstone trail from Plymouth to Valparaiso, road from Aras through Culver, North Judson, San Pierre to connect with Route 8 near Demotte, and the road from Nashville to Bloomfield.

WORKMEN TO BE LOCKED OUT. SARGOSSA, Spain, Nov. 3.—The Employers' association decided last night to lock out the workers in every

factory of the city. This movement will affect 24,000 men, including municipal workers. Stores will remain open, but many of them will be unable to obtain supplies.

Indiana Brevities

DELPHI—Explosion of an oil stove seriously burned Mrs. Ralph Culp at her home here. The woman had poured kerosene on live coals to enliven the fire. Physicians hold no hopes for her recovery.

LOGANSBORO—The first vote of "Aunt" Sarah Rhea, 100 years old, was cast election day. Although the family had been life long Democrats "Aunt" Sarah stated that she had voted the straight Republican ticket. She was the oldest person in the county to vote.

GOSHEN—A political argument between Cuyler C. Supplee, of New York city, traveling representative for a talking machine company, and John McKibbin, Socialist nominee for state senator, ended in a fight. It is alleged that the Socialist nominee defended the Wall street bomb explosion.

MICHIGAN CITY—Working in two hour shifts, three men are using an official respiration in an effort to keep Edwin Wolff, 21 years old, alive. Wolff received an injury to his spine during an interclass football game at Purdue, and when pulmonary methods failed to keep him alive, methods similar to those administered to a drowning person were employed, and have succeeded in keeping him alive for 50 hours.

THRONE GOES BEGGING. PARIS, Nov. 3.—The throne of Greece may be offered to Prince Charles, count of Flanders, the second son of King Albert, according to the Petit Parisien. The newspaper says that the reply of Prince Paul, of Greece, to the Greek government's offer of the throne to him will be declined if Premier Venizelos retains power, which is regarded as certain.

According to the Petit Parisien, the king of the Belgians declined a similar offer from Hungary several months ago on behalf of the count of Flanders. At the Greek legation here it was said

HOG ISLAND WILL BE CLOSED.

IF UNSOLD FEB. 1, BENSON WASHINGTON, Nov. 3.—Hog Island and Shipyard at Philadelphia built at a cost to the government of about \$70,000,000, will be closed Feb. 1 unless disposed of by that date, Chairman Benson has announced.

Failure of the board to receive more than two bids approximating \$4,000,000 each for the purchase of the yard was probably due, the chairman said, to a tight money market or the close proximity of the election. He added, however, that he had reason to believe that several large business concerns were interested and expected proposals from them to purchase or lease the property.

Masonic Calendar

Wednesday, Nov. 3.—Inspection of King Solomon's Chapter, beginning at 4:00 o'clock. Supper 6:30. Inspection in Wayne Council in the evening.

Thursday, Nov. 4.—Wayne Council No. 19, R. and S. M., stated assembly. Friday, Nov. 5.—Webb Lodge No. 24, E. and A. M., called meeting; work in Master Mason's degree, beginning at 1:00 o'clock.

Saturday, Nov. 6.—Loyal Chapter No. 49, O. E. S., stated meeting.

WIFE CONVEYED TO POLLS. WASHINGTON C. H., Ohio, Nov. 3.—When the wife of a prominent farmer

is motherhood. But many women face the ordeal of maternity without sufficient preparation. At such times and later—the mother should take a vegetable tonic, sold by druggists and known in almost every home as Doctor Pierce's Favorite Prescription. Thousands of women have testified as to its efficacy as does the following:

KALKASKA, MICH.—"I cannot write enough to express my thanks for being able to recommend Dr. Pierce's Favorite Prescription. Motherhood left me in a very bad condition of which my doctor could not help me, but 'Favorite Prescription' has done wonders for me. I took two bottles of the 'Prescription' and have been helped wonderfully, being able now to do my own housework and work out besides. I feel like a new woman. I will do all in my power to help other sufferers. I wish I could speak to the thousands of suffering women who have tried so many other remedies and advise them to try the 'Prescription,' for it is a God-send to weak, suffering, run-down women."—MRS.
