

## LOCAL AUTO DEALERS ATTENDING MEETING AT STATE CAPITAL

More than 400 Indiana automobile tradesmen, including a large delegation from Richmond, are meeting in Indianapolis to organize a state department of the National Automobile Dealers' association. The dealers were guests of the Indianapolis Automobile Trade association at a banquet in the Riley room of the Claypool hotel in Indianapolis Thursday night.

The automobile and accessory dealers will meet again today in the representatives' chamber of the Capitol to elect their officers and complete the work of organization.

The visitors are highly optimistic over the future of their organization. Robert E. Lee of St. Louis was the principal speaker at the dinner. Of the Indianapolis convention, P. F. Drury, assistant general manager of the national association, said:

"This convention passed other state conventions by more than 100 percent in numbers, determination to accomplish a big idea and in the spirit of harmony. This big turnout is attributed to the exceeding hospitality of the Indianapolis association."

**Cartinhour Opens Meeting.**  
N. H. Cartinhour of Indianapolis, vice president for Indiana in the national association, opened the meeting yesterday. Ed Jackson, secretary of state, represented Governor Goodrich in welcoming the visitors. After the appointment of the various committees on organization, Harry G. Mook, general manager of the national association, gave an address on "The Dealers' Protection."

Mr. Mook commented on the efforts made to add approximately \$150,000 more to the tax burden now carried by the automotive industry. According to a report received yesterday the national association has succeeded in defeating the plan of the national industrial conference board to obtain legislation creating a federal tax of 50 cents a horse-power and 1 cent a gallon on gasoline.

At the afternoon session the committee's reports on constitution and by-laws, membership and finance were adopted. The committee on nominations will report this morning. The constitution provides for the incorporation of the body with central offices at a city to be designated by the board of directors. Indianapolis is reported

to be generally favored as the location of the principal office.

**Talks on Merchandising.**  
Ray Sherman of New York delivered an address on "Automotive Merchandising" after which departmental forums were conducted on trade topics. R. V. Law, president of the Indianapolis Automobile Trade association, led the discussion by the passenger car dealers; W. Mort Martin conducted the forum on truck business; W. S. Crowe on accessories and Thomas Follen on tires.

P. E. Chamberlain of Denver will speak at the morning session today on "Selling Service Intelligently and Its Relationship to Sales." This afternoon A. R. Kroh of Akron will discuss "The Farmer, the Banker and Motor Vehicle." Mr. Kroh's address will deal with automotive power on the farm.

### Says Chemist is Public Benefactor

"Being a doctor, and suffering for many years with stomach trouble, I feel I cannot do justice to so great a public benefactor in writing. Mayr's Wonderful Remedy is everything you have claimed for it. I can now eat and relish victuals I have not dared eat in many years. Am feeling like newly born. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Clem Thistlethwaite's seven drug stores, A. G. Luken & Co., and leading druggists everywhere.—Advertisement.

## Does the Bottle Imp Rule Your Home?

YOU remember Stevenson's story about the Imp who lived in a bottle and ruined everyone who owned him? There is a Bottle Imp in a good many homes—perhaps in yours.

THIS Bottle Imp says: "The children may not like me on cereal, but you must have me. Husband may not like me in coffee, but you can't afford anything else. Use me up each day," he says, "or I will make you waste money. Keep me on ice or I will turn sour."

That Bottle Imp is, of course, old-fashioned bottled milk.

There is a way to escape his rule. Just say to your grocer, "Every Day Milk, please," and see your housekeeping grow easier, your cooking better, and your milk bills smaller.

With Every Day Milk on your shelves, you have an instant supply of just the amount you want of rich Grade A country milk—whenever you want it.

You have the double-richness milk that tastes like cream on your children's cereals and in your husband's coffee. You use less ice, and cook milk dishes of wonderful goodness, when you want to, and not when the Bottle Imp says you must.

Your grocer wants you to shake off the rule of the Bottle Imp—and enjoy easier Every Day Housekeeping.
