

ARGENTINA IS READY TO CONTRIBUTE HELP TO LEAGUE COVENANT

(By Associated Press)
PARIS, Nov. 10.—Argentina is ready to do her utmost to contribute to the success of the league of nations, said Hon. P. Pueyrredon, foreign minister of that country, to a representative of the newspaper El Clar, of this city, last night.

"I am going to Geneva to attend the meeting of the League assembly," he said with the greatest enthusiasm. "I believe in the success of the league if each nation brings to it good will and that seems easier than the pessimistic image, Nationalism properly understood is not incompatible with healthy internationalism."

"Argentina it is said, did not directly contribute to the constitution of the league, but this is no reason she should not take the liveliest interest in it. I will tell you something that has never been published in this matter. When the supreme council was studying the organization of the league, Colonel E. M. House, in the name of President Wilson, asked Argentina to give her views. The question of a private meeting of what were then neutrals was discussed, but Argentina declined to participate. Marcello De Alvear, our minister to France, following my instructions, told Colonel House, Argentina was ready to give her opinion in a public assembly regularly summoned."

Urges Agreement.
"I do not mean to invoke the benefits of brotherhood to demonstrate the necessity of a union of peoples. It is sufficient to appeal to their instinct of self-preservation and to make them aware of what they expose themselves if they do not reach a cordial agreement. Without brotherhood, the world would go, perhaps tomorrow, to a catastrophe more appalling than that of yesterday. Argentina has but one wish, and that is to do all in her power to banish war from the face of the earth. Consequently she will ask absolutely nothing for herself at the coming meeting of the assembly."

Harry Crow, Republican, Resents Attack on G. O. P.

"He said only colored people and pro-Germans voted for Harding, and I hit him," said Harry Crow, a drayman and an ardent Republican, when he was arranged before Mayor Zimmerman in city court Wednesday, charged with assault and battery on Darius Williamson, a champion of Democracy. Williamson denied having made the remark Crow had quoted him as saying. He admitted, however, that while discussing politics with Crow last Sunday he had expressed his dissatisfaction with the result of the election. "The evidence is conflicting and there were no other witnesses to the trouble, so I will fine Crow \$1 and costs on his plea of guilty. From Williamson's appearance there is no doubt that he was hit," said the mayor. If there had been other witnesses to substantiate Crow's charge that Williamson had said that only colored people and pro-Germans had voted for Harding, I would have dismissed the charge against Crow—in fact, I would have given him a fine if he had not struck Williamson," the mayor added.

MEXICAN GOVERNMENT MAY CONTROL STRIKE

(By Associated Press)
MEXICO CITY, Nov. 10.—Government intervention in the situation at Vera Cruz, where dock workers and stevedores are on strike, will begin today it is announced. All operations at Piers in that city will be conducted by the government, and it is believed the situation, which has threatened a general national strike may be alleviated. This action, however, is not looked upon as a final settlement of the Vera Cruz controversy which has caused workmen's organizations in some cities to discuss a general sympathetic strike. The representatives of electrical workers, bakers, street car employees and steel and metal workers crowded a theatre here last night to discuss a sympathetic strike, but no action will be taken until the Vera Cruz strikers decide whether they will accept government mediation. Announcement was made by the government through General P. Elias Calles, minister of war, last night that the labor situation in the republic is entirely within control. Press dispatches from various states however, reflect disturbed conditions.

Secretary Colby to Visit Brazil and Uruguay Soon

WASHINGTON, Nov. 10.—Definite announcement having been made that Secretary Colby shortly will visit Brazil and Uruguay to return visits to this country of Presidents Brum, of Uruguay, and Pessoa, of Brazil, it was expected today that he secretary's party would sail within two weeks. No date of departure has been announced. After President Wilson has issued a statement that he had directed Secretary Colby to make the trip "on my behalf and in my stead," Secretary Daniels announced last night that the dreadnought Florida of the Atlantic fleet, would be placed at the disposal of the State Department party. President Wilson in his statement said he would be gratified if Mr. Colby accepted the invitation extended by Argentina to visit that country.

Ohio Parish House Dynamited; No Injuries

STRUTHERS, Nov. 10.—The parish house of Holy Trinity Czechoslovak Catholic church was dynamited today, the porch being blown off. No one was injured. The house is occupied by Rev. John Frena, recently installed priest against whose appointment protests were made by members of the church, who for a time maintained an armed guard to prevent his taking possession.

Fat That Shows Soon Disappears

Prominent fat that comes and stays where it is not needed is a burden; a hindrance to activity and a curb upon pleasure. Many forms of advice to reduce weight have been advanced, such as dieting, hard work, excessive exercise, etc., all of which are either unpleasant or dangerous. The latest, more modern and pleasant way to take off burdensome fat, is to take, after each meal and at bedtime, a Marmola Tablet. These little tablets are as effective and harmless as the famous Marmola Prescription from which they take their name. To get rid of fat at the rate of two, three or four pounds a week, simply take one of these little tablets after each meal and at bedtime until you have reduced your weight to where you want it. No wrinkles or flabbiness will remain to show where the fat came off. They are for sale by all druggists at \$1 for a good size box. If you prefer to have them come to you direct by mail, please, in plain sealed cover, send amount to the Marmola Co., 27 Garfield Building, Detroit, Mich., and bid goodbye to dieting, exercise and fat. Be yourself, slim, trim and attractive.

Does the Finger of Poor Health Point at You and Accuse You of Neglect? Take Druggists Advice

It is the neglect of early symptoms that causes ninety percent of the sickness and suffering today, expert declares. Attend to the first signals sent out by Nature

"Would Bloat Up Like a Balloon"

Claims his stomach caused him much uneasiness by filling up with gas. Was very nervous and constipated. Two bottles of Dreco proved a great blessing to him.

"I have suffered a great deal from constipation and all the distress that goes with it. My bowels refused to act in a normal manner and I had to be continually taking physic," said Mr. Ollie Clark, residing on East Front street, Huntington, Ind.

"It seemed like everything I ate turned to gas and bloated me up like a balloon. Every one who has suffered from stomach trouble has experienced this unpleasant sensation. I would get so nervous I couldn't sleep."

"Then one day I was fortunate enough to hear about Dreco and what it would do for cases like mine. I didn't hesitate in getting a bottle, for I felt that if it had helped others it would surely do as much for me. Well, it seemed to suit my case exactly and I hadn't taken many doses until I felt the benefit."

"I have just finished my second bottle and I am entirely free from gas; can sleep like a top and have lost that nervous, restless feeling. Dreco is fine."

All druggists now sell Dreco and it is being especially introduced in Richmond by Thistlethwaite's Seven Drug Stores.

A headache, gas in the stomach, dizzy feeling, pain in back, over the kidneys, constipation, taking cold easy, and other slight troubles may be warnings.

"It is neglect of the first signs of disease sent out by Nature, that cause much sickness and suffering," declared a noted expert.

When an engineer sees a red flag on the track, he immediately shuts off his steam, bringing his train to a stop. He recognizes the danger signal, why can't men and women recognize the danger signals of health? A slight headache, gas in the stomach, dizzy spells, foul breath, bad taste in the mouth, biliousness, pain over the kidneys, bowels constipated, nervousness, cold feet and pale cheeks may all be considered early signs that all is not well with our systems.

When these first signals appear, you owe it to yourself to do something to correct the underlying cause. You should get your stomach in good order; your bowels moving daily; rouse that lazy liver to action, strengthen the kidneys so they can filter the poisons from your blood. These are your most important organs, which, if kept healthy and in full action, will keep you strong and healthy and able to enjoy life to the fullest.

Dreco, the great root and herb compound, aids the stomach in digesting the food properly without forming gas, clears the excess bile from the liver; gives renewed strength to the kidneys and overcomes stubborn constipation.

He Went 50-50 With His Wife

Surprised to see how quick the new medicine, Dreco, went after their troubles. Indigestion and gas in the stomach relieved, sluggish liver aroused, weak kidneys strengthened.

"I was certainly surprised to see how quick my wife and I were relieved of our troubles, by taking the new medicine, Dreco," declares Mr. Harry Dunham of 1521 North 12th street, Vincennes, Ind.

"Both of us were feeling worn out, tired, no energy and had a poor appetite. My stomach would fill up with gas after each meal making me very uncomfortable, also had gripping pains in my bowels, my liver was lazy which gave me dizzy spells and spots would float before my eyes. I often had pains in my back over my kidneys and had to get up several times during the night."

"My wife was quite nervous and suffered daily from constipation, bilious, headaches and shortness of breath. The muscles in her back were sore and stiff. "Since we have been taking Dreco both of us are feeling greatly improved, all our troubles are much better and by the time we finished a full treatment I'm sure we will be sound and well. We think Dreco the best medicine ever brought to this city."

All druggists now sell Dreco and it is being especially introduced in Richmond by Thistlethwaite's Seven Drug Stores.
