

HOMES ARE SOUGHT FOR NINE CHILDREN; MAY ADOPT ALL

Nine children needing and begging for homes and who may be legally adopted are reported by Mrs. Elizabeth Candler, of the board of managers of the Home for the Friendless. There are five sisters, ranging in age from two to 14 years. Their father and mother both are living, but are in jail at present. The Home for the Friendless is caring for the girls. The youngest girl is two years old and the others are four, nine, 11 and 13.

There are three children, two girls 10 and 12 and a boy five, whom Mrs. Candler says are extremely nice children and come from a good family. Their mother is dead and they have been wards of the board of children's guardians for the last four or five years. The children's grandmother has been caring for them, but is no longer able to do so and they are homeless.

There also is a 14-year-old boy, from a very good family, whom the board is particularly anxious to place in a nice home in the country.

His parents are dead and he has no relatives except a sister, who has been given a home near Cottage Grove. It is possible the boy would like to be given a home near Cottage Grove so he can be near his sister.

Circuit Court

A fine of \$200 and a sentence of six months confinement at the state penal farm was the verdict returned by the jury in Wayne circuit court, late Tuesday, against Walter Beck, Boston, Ind., who was indicted by the grand jury on the charge of having contributed to the delinquency of Miss Ruth Campbell, 17 year old daughter of a Peoria County, Ohio farmer. Beck admitted an offense with the girl but denied that he had attacked her. Miss Campbell testified that Beck had drugged her while they were riding in an automobile in August, 1919. Beck also denied this charge.

The father of the girl informed Prosecutor Freeman that a fortune teller had told his daughter that she had been drugged.

The circuit court jury which heard the case of George Raber, of Cambridge City against the P. C. & St. L. railroad for damages for the loss of an eye while he was working with a repair gang, three years ago, awarded Raber \$5,000 damages. Raber testified that he lost the sight of one eye from a chip of defective spike mail another workman was using. The railroad company was represented by John L. Roper, attorney. Raber's attorney was Ray K. Shively.

Sanford Rayzer, indicted on a charge of non-support of his wife and children, entered a plea of not guilty when arraigned in circuit court Wednesday.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister. Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin. Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

Makes Curls or "Ear Muffs" Stay in Place

You will be glad to learn that you can keep your hair beautifully wavy and curly by using a perfectly harmless liquid known to druggists as "silmerine." You need only apply a little with a clean tooth brush just before doing up the hair, and in three hours or so you will be most agreeably surprised with the effect. And this effect lasts for quite a considerable time, so a small bottle goes a long way and is quite economical to use. Pure silmerine is really beneficial to the hair and there is no greasiness, stickiness nor anything unpleasant about it. It is a good idea to divide the hair into strands and moisten these one at a time, drawing the brush down the full length.

With the aid of liquid silmerine it is easy to shape the prettiest "ear muffs" and easy to keep them as placed all day. Just try it!—Advertisement.
