

HARDING STRESSES FOREIGN POLICY IN BROWNSVILLE SPEECH

(By Associated Press)
BROWNSVILLE, Tex., Nov. 12.—Facing a border crowd in which were many citizens of Mexico and several officials of the Mexican government, President-elect Harding proposed here yesterday a foreign policy directed toward peace and friendship, but demanding always full protection of American nationality and American citizens wherever they may go.

The address, which was the first prepared utterance since his election to the presidency, was delivered from a stand on the Fort Brown parade grounds within a few hundred yards of the international boundary.

The text of his address was as follows:

"Nov. 11 has an abiding significance to America and the world. For America it sealed our capacity to defend our national rights and stamped our effectiveness in aiding to preserve established order of world civilization; for the world it marked a new order for humanity, and for all time it warns ambition and madness for power that one man's or one people's domination of the world was never designed by God and never will be tolerated by mankind.

"The day is especially interesting to our own country because without American participation it might have been a later and different date. In fact, there had been an Armistice day at all. We do not claim to have won the war, but we helped mightily and recorded undying glory to American arms and gave the world a new understanding of the American spirit and a new measure of American resources.

"Whatever the world may have thought of us before, however incorrectly we may have been appraised, the world has come to know that selfishness is not a trait of our national character, that commercialism does not engross us, that neutrality was conceived in fairness—not in fear—and that when our national rights are threatened America is resolved to defend, and ever will. More, we gave to humanity an example of unselfishness which it only half appraised before misunderstandings led to confusion.

Refers to Alliances

"We helped to win the war, unaided and unmortgaged. We fought with the allied powers, but we were only an associated power and were never committed, of fully aware of them, to the compacts of the alliance.

"History will record it correctly, no matter how much beautiful sentiment has beclouded our purposes in the world war. We did not fight to make the world safe for democracy, though we were its best exemplars. Nor did we fight for humanity's sake, no matter how such a cause impelled. Democracy was threatened and humanity was dying long before American indignation called for the republic's defense. But we fought for the one supreme cause which inspires men to offer all for country and the flag, and we fought as becomes a free America, and dropped the burden of a stiffed greed when the victory for defense was won.

"We prove anew that there is a free and ample America, which does not ask, but freely gives. We were American in name before the world war made us American in fact, not a collection of peoples, but one people."

The ease and comforts afforded passengers in the luxurious cabins of the air liners now flying between Paris and London is shown above. The scene corresponds to that in any Pullman car. The fact that they are sailing through the air thousands of feet above the earth doesn't seem to worry the passengers.

EASTERN GOVERNMENT WILL INVITE CAPITAL

(By Associated Press)
PEKING, Nov. 12.—A declaration issued by the government of the Far Eastern Republic asserts that the entire territory of Siberia from Lake Baikal to the Pacific including the Amur, Maritime, Sakhalin and Kamchatka provinces and "the territory along the Chinese Eastern railway" to be an independent, united country, wherein no concessions will be given to any foreign power.

Somewhat at variance with the above, however, an article of the declaration says: "A people's constituent assembly to work out the principles of the state construction and constitution of the Far Eastern Republic will be convoked as soon as the rest of the Ataman's (Semenoff's) power has been put aside and all of the far eastern provinces are united."

The declaration recites that "the institution of private ownership will be preserved and the government of the people and its representatives, in order to protect the interests of the workmen, will make the necessary corrections, based on the experience of all progressive countries." It also states that "having in view the development of the great wealth of the country, the government will call upon private capitalists, Russians as well as foreigners, to take part in it so far as is not contrary to the interests of the country."

Trout Lake, Mich.—"I doctored with several doctors and they all told me I would have to have an operation. Then I heard of Dr. Pierce's Favorite Prescription so I took six bottles of it and I have never been bothered with the same trouble since."

It cured me to stay cured for I have had no return of the trouble."—MRS. W. M. WOESSNER, 968 Elm St.

I could tell of many cures effected by the use of Dr. Pierce's Favorite Prescription. Golden Medical Discovery and Pleasant Pellets."—MRS. CORA STEPHAN (Nurse), 202 Harris St.

EMIGRATION OF JEWS TO PALESTINE GROWS; SELECTION IS MADE

(By Associated Press)
VIENNA, Nov. 12.—Emigration of Jews to Palestine is increasing rapidly in Central and Eastern Europe, and the new Palestine immigration regulations would allow of a controlled immigration of about 17,000 Zionists of the pioneer class during the coming year, said S. Landmann, secretary of the Zionist organization, in an interview.

Mr. Landmann, who is now in Vienna, on a special mission in connection with Jewish emigrants to Palestine, said the selection of the emigrants is being made by the Zionist Organization which has established Palestine offices in the important Jewish centers. Preference is given to young people, strong in body and determined in spirit, who have had actual experience in agriculture or other manual work and who know Hebrew.

Several thousands of such pioneers—known by the Hebrew name of Cholim—have already left and others are waiting in the large centers until proper arrangements for their transport can be made and until new openings for employment in Palestine are reported.

One of the features of the pioneer movement is that it includes a fair proportion of girls of well-to-do families who have decided to devote their lives to the new Palestine. They act as land-girls and take care of the domestic arrangements in the Jewish colonies.

Pastry Making in France Soon to Be Lost Art

(By Associated Press)
PARIS, Nov. 12.—The art of cooking in France and the excellence of the pastries are passing, say some pessimists.

Apprentices, said speakers at the recent convention of pastry makers, can no longer be found and "the art of pastry making is dead or will be soon." This is said also to be the case with cooks. Those who worked for years step by step to the rank of chef are reported extinct. Brillat-Savarin, whose "Physiology of Taste" a century ago, put cookery on the plane of an art and whose descriptions were almost as satisfying as the food itself, did not foresee the war with its social and economic changes.

Travelers from other countries may not all agree that France's reputed supremacy in the kitchen is in danger, but disconsolate makers of cakes and sauces seem convinced that even when the days of gray bread and yellow-fattened, stringy, frozen meat are over, there will not be a revival of the "lost art" of the pot and pan.

Every New England town of over ten thousand inhabitants will soon possess a business and professional women's club as outlined by the Business Women's Club of Boston.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simplyampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Advertisement.
