

## ITALIAN MINISTER SAYS LEAGUE'S FATE DEPENDS ON PEOPLE

(By Associated Press)

LONDON, Nov. 12.—The fate of the League of Nations depends upon the moral co-operation of those peoples who, inspired by a true sense of justice, are conscious of the necessity for solidarity in international relations, Count Sforza, Italian minister of foreign affairs, has written in a circular letter to Italian diplomats abroad.

In his instructions to Italian diplomatic agents, Count Sforza expressed his ideas on the league, speaking of the realization of its imperfections by the states which contributed to its formation and of the necessity for the admission of the states not yet members in order that the league's authority can be assured and its structure perfected.

As a result of bitter criticism and loud praise of the league, there has been considerable scepticism of the new institution, wrote Count Sforza, therefore making the diffusion of exact knowledge of what the League of Nations really is the more valuable for restraining diffident and sceptical censors as well as superficial and irresponsible eulogists. He continued:

### HIGHER DEGREE OF LAW

"It is necessary to instill the firm conviction that the new institution, which has been invoked for centuries by the Italian philosophical and legal doctrine, represents a higher degree of the evolution of law based on a higher unity than that of the state. The creation of a League of Nations aims at securing the integrity of its members and maintaining international peace. It does not, therefore, exclude the hypothesis of war; it excludes it as the supreme right of the strongest, as the supreme appeal to violence, as an event abandoned to the caprices and vicissitudes of fortune; it admits it, on the contrary, as an affirmation of the moral power of right for re-integrating the community of states broken by the disturbances of international peace, and thus its function comes to correspond to the penal function of each state within its own borders."

Italian diplomatic agents abroad are informed that it is the duty of Italy to promote knowledge of the league. They are requested to report all manifestations regarding the league to the special department for the League of Nations in the Italian foreign office.

**EXPRESS COMPANY LIFTS  
EMBARGO ON SINGLE PIECES**  
NEW YORK, Nov. 12.—The American Railway Express company announced Wednesday that it had removed its embargo on single pieces of express matter weighing 200 pounds or more, which has been in effect since April. Improved operating conditions are responsible for the removal of the embargo.

The embargo was placed at that time on the express traffic throughout the Eastern and Central states and later throughout the country because

### SALTS FINE FOR ACHING KIDNEYS

We eat too much meat which clogs Kidneys, then the Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need flushing occasionally; else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and is harmless to the clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

cause of the congestion of traffic and difficult operating conditions. Exceptions were made only in case of shipments needed in emergencies.

### Probe Alleged Intention To Confiscate Motors

(By Associated Press)

BERLIN, Nov. 12.—The alleged intention of the Council of Ambassadors to confiscate high speed Diesel motors in Germany, whether they are in a finished state and in use or in the process of construction, is to be made the subject of a diplomatic inquiry.

This action follows the recent visit of an Entente commission to the big Augsburg industrial plant for the purpose of requisitioning motors which are subsequently to be dismantled or destroyed on the ground that they are suitable for submarines and therefore war material.

A message from Munich stated that workers on these motors were coming to Berlin to protest against seizure of the Diesel stationary motors not usable for U-boat purposes.

A semi-official statement says that the inhibition of the manufacture of the motors used for legitimate purpose would mean a heavy loss to German industry and result in a large number of workers being out of employment.

### CONSTRUCT HIGHWAYS TO RELIEVE FAMINE

PEKING, Nov. 12.—As a practical relief measure for the famine district, the Chinese government has elaborated a plan to construct highways from Peking to Honan, to Shantung and to various parts of Chihli province for the purpose of giving employment to

the sufferers in those districts. It is estimated that part of the work to be started soon as possible, will give employment to 600,000 to 1,000,000 men. The necessary funds are to be raised by supplementary collections of salt tax and increases in post and telegraph rates.

## CATARRH

### Quickly Ended by a Pleasant Germ-Killing Antiseptic.

The little Hyomei Inhaler is made of hard rubber and can easily be carried in pocket or purse. It will last a lifetime.

Into this inhaler pour a few drops of magical Hyomei.

This is absorbed by the antiseptic gauze within and now you are ready to breathe it in over the germ infested membrane where it will speedily begin its work of killing catarrh germs.

Hyomei is made of Australian eucalyptus combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to end catarrh, bronchitis, sore throat, croup, coughs and colds or money back. It cleans out a stupefied up head in two minutes.

Sold by D. & S. Drug Co., and A. G. Lukens & Co., and druggists everywhere.—Advertisement.

## MI-ONA Ends Indigestion

It relieves stomach misery, sour stomach, belching and all stomach disease or money back. Large box of tablets at all druggists in all towns.

# Estate Hot Storm

---the Stove with a "Little Furnace" in It

### DON'T BUY A STOVE

without investigating this furnace heater—we have important news for you. So perfect is the air regulation and fire control in this heater that we guarantee it to keep fire for 50 hours on one charge of any kind of coal.

### A WARM AIR HEATING SYSTEM for Your Home

at the cost of an ordinary stove!

Hundreds of Testimonials of Happy Users  
Right Here in Richmond

## Costs No More Than Ordinary Stoves

Two heating systems in one—a warm air furnace built inside a heating stove, and the cost of operation less than in any ordinary heater.

The diagram above shows how it works. Fresh air (just as with a furnace) is drawn in through pipes on both sides of the stove, heated evenly to several hundred degrees temperature, and then discharged—not through the flue and chimney, but through the Warm Air Chamber into the room. This creates a thorough circulation of warm air which will successfully heat several rooms (six or seven rooms in some houses). Even the upstairs rooms can be heated by the aid of a simple pipe connection. (See diagram).

NOTE CAREFULLY THIS FACT: Not an ounce of extra fuel is required to heat the "Little Furnace." The warm air which it distributes is produced by heat which ordinarily is drawn up the chimney and wasted.

It embodies ALL the good features of old-fashioned

heating stoves, and its own big, exclusive features in addition. Even without the wonderful Little Furnace it would be superior to any ordinary heater.

It has a JOINTLESS ash box, which insures perfect fire control throughout the life of the heater.

It has an ash pan big enough to hold a full twenty-four hours' accumulation of ashes.

It has two Estate Patented Screw Draft Registers in the ash box door, which work with such exact precision that the heat in the Estate Hot Storm can be controlled as easily and accurately as the heat in a steam radiator.

It has a double-strength fire pot, and an anti-buckling ring which prevents the drum from buckling.

It is equipped with our patented tubular hot blast attachment, which cokes the coal, consumes the gases and soot and keeps the outer edge of the fire as intensely alive as the center.

It is as good a floor warmer as the ordinary base burner, due to the scientific construction of the ash box and skirting.
