

## WORLD WAR VETERANS ARE URGED TO APPLY FOR VICTORY MEDALS

With Armistice Day just behind us with its many fond recollections and incidental celebrations, parades, etc., Major Harrell wishes to call the attention of all former soldiers, who have as yet not applied for the Victory Medal, to the fact that applications for this valuable token of appreciation, on the part of the government, will still be received at the Indianapolis recruiting station at least for the time being.

It is felt that many former soldiers are under the impression that, with the passing of November 11, it will be impossible to apply for the medal. At the present time such is not the case, and Lieutenant Joseph F. Stoeckel, Jr., who has recently been designated as Victory Medal Officer for the entire state, wishes to take this occasion to strongly urge all, who have not as yet applied to do so at once. Applications may be had at all posts of the American Legion, Veterans of Foreign Wars, as well as the Y. M. C. A., Red Cross, and all army sub-stations of the main recruiting office. The Indianapolis office of the army recruiting service will be only too glad to be of assistance when it is impossible to apply, owing to the fact that, in addition to the application, it is only necessary to forward either the original discharge or a true extract from same to the army recruiting station, Indianapolis, Ind., where, after being acted upon, all papers will be returned to the applicant at once, and the medal will then be forwarded to the applicant within two weeks time from date of receipt of application.

The Indianapolis office is still in a position to give this prompt service. However, the opinion prevails that it is more than likely that all efforts pertaining to the issue of the medal will, in the very near future, be centralized, in which case it is reasonable to assume that long delay will be encountered when making application. Therefore, it is suggested that in order to overcome this, prompt action be taken at once on the part of the former land fighter in making application for the medal.

## Better Than Whiskey for Colds and Flu

New Elixir, Called Aspironal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspironal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories, tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do is get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspironal and tell him to serve you two teaspoonsful with four teaspoonsful of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspironal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children. Advertisement

## No More Taxation For Them; 40 Sail For the South Seas

LONDON, Nov. 15.—A party of enthusiastic adventurers headed by F. Rhodes Disher, fellow of the Royal Geographical Society, have decided to spend their lives on a tropical island away from the excessive taxation. They will leave for the South seas next month in a schooner yacht, the Medora.

"More than 1,000 people have asked to come with us," said Mr. Disher. "Our first party includes doctors, solicitors, planters, ex-officers, surveyors, engineers, a wireless operator and a clergyman. Several of the party

are taking their wives and families with them.

"Until we have secured an island or portion of one and fitted it up temporarily, we shall live in our vessel. One strict rule is that the colony shall have no politics," Mr. Disher added.

ing in Switzerland reached a new record last month, being three and one-half per cent higher than was ever known here. The cost of maintenance for a family of four, including only the barest necessities of life, now amounts to 2,790 francs yearly. The increase in the prices is especially noticeable in the meat and milk trades.
