### Earlham

A program emphasizing "Better Speech Week" was presented at the chapel exercises Monday morning. The program was in charge of Miss Anna Kves of the English department. The Anglican and Ionian literary societies were represented by three speakers who were as follows: Edwin Teale, "Our College Speech"; Paul Heironimus, "What Shall We Do with Slang?" and Mahlon Harvey, "Our National English." The Phoenix band prepared a number of stereopticon slides, showing the common mistakes in English made by college students.

In order that the Diamond Jubilee, to be held at commencement time in 1922, may properly commemorate the seventy-fifth anniversary of Earlham College, the May Day pageant planned for next spring has been postponed. Officials of the college decided that two such important enterprises could not be carried out in consecutive years.

The May Day pageant, which is sup-

posed to be given every five years, was last given in 1911. In 1916 Earlham took part in the state-wide Indiana Centenary celebration and consequently held no May Day festivities.

The condition of Mrs. Homer L. Morris, who has been severely ill as the result of an abscess of the inner ear, is reported to be improving. Although the patient's condition is not critical, she is suffering from extreme pain and it will be some time before she will be able to be around again.

Mrs. Morris is being attended by Dr. E. E. Holland, local ear specialist.

Mrs. Gertrude Walls, Danville, Ind., sister of Mrs. Morris, who has also been suffering from ear trouble, is recovering rapidly.

### ASPIRIN

Name "Bayer" on Genuine

It's criminal to take a chance on any substitute for "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on the package, or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuritis, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer manufacture of Monoaceticacid-ester of Salicylicacid.—Advertisement.
