

## GERMAN CHANCELLOR ACCUSES NOTABLES OF BEING SMUGGLERS

(By Associated Press)  
BERLIN, Nov. 24.—One hundred eminent persons, among them Crown Princess Cecilie, Prince Eitel Friedrich, Prince August Wilhelm, the late Prince Joachim, Count Padolin and Princess Wanda Radziwill, have smuggled to Holland money aggregating 250,000,000 marks, asserted Hermann Mueller, former German chancellor, in the reichstag Tuesday.

The former chancellor interpellated the government relative to the activities of the firm of Crusser and Philipson, bankers, which is declared to have carried on an extensive business in smuggling property out of Germany. It was asserted that the head of the banking firm had been enrolled in the German army and was on good terms with the nobility, and that the concern had "been known publicly as a special firm for the carrying on of contraband in goods and capital."

It was said to have grown so large that it was able to buy eventually nearly 10,000,000 shares in the firm of Schlesinger, Trier and Company.

"I ask the government," said the former chancellor, "what has been done in the case of the banking firm of Sinner, Borghland & Company, which has been accused of smuggling. I demand that people known as smugglers should be severely punished."

Probe Hangs Fire.  
Replying, Dr. Wirth, minister of finance, said the public prosecutor had not concluded his investigation of the Sinner, Borghland & Company case, but he asserted that the banking houses mentioned were evidently engaged in smuggling capital out of the country. "The government," he continued, "learned a few days ago that millions of the cash and securities were standing to the credit of German subjects with the firm of Crusser & Philipson, in Amsterdam, and that these millions had gone there through an intermediary in contravention of German laws."

The public prosecutor started an inquiry into the flight of this capital, and the firm's books have been seized. Proceedings are pending against a number of persons who sent money to Holland, but I am unable to give exact details. It is correct that among persons having accounts with Crusser, Philipson and company are members of princely houses and sons of the Hohenzollern family. The finance department has been instructed to demand security up to the highest possible figure from customers from the Crusser bank.

Blushes With Shame.  
"When one reads the list of people who did business with this bank he must blush with shame. It has made

a strange impression to learn that princely personages employed the Crusser firm as a letter bearer. Every effort was made to apprehend Crusser by surrounding his office, but he was warned and succeeded in escaping."

Professor Kahl, a member of the German People's party, declared Herr Mueller was "trying to throw mud on the Hohenzollerns and the monarchy." He asserted Crusser had only once visited Crown Princess Cecilie in order to hand her a letter from the Crown Prince.

## Refrigeration and Meat

In less than an hour after an animal is dispatched in a Swift & Company packing plant, it is hanging up as meat in a room brought by refrigerating machinery to a temperature just above freezing.

From that time until it is in your own ice box—within two to three weeks—it is kept at the same temperature; first in the coolers at our packing plants; next on our refrigerator cars, more than 6,000 of which are constantly moving to market with their perishable cargoes; then in our refrigerator rooms at our branch selling houses; then in your dealer's ice box, and last in your own.

Only for the few minutes while it is being put into the refrigerator cars at our packing plants, or taken out of them at our branch houses, or whisked to your retailer in our trucks, is it exposed to any change of temperature.

Without a skilled use of this system of cooling, made possible by modern science, you could not get fresh meat, prepared under most sanitary conditions, except at greater expense—unless you happened to live so near live stock raising centers that your needs could be supplied from live stock raised near-by.

If the foregoing raises any question in the mind of the reader, we will endeavor to answer it, upon request.

## FAST PLANES GATHER FOR PULITZER RACE

(By Associated Press)  
MINEOLA, N. Y., Nov. 24.—Attracted by the promise of new world's flying records, airplane enthusiasts gathered at Mitchell field here Tuesday for the first of the trial events for the Pulitzer trophy race, Thanksgiving Day. Planes rated as the speediest in the world were entered in the preliminaries.

Army air service pilots confidently predicted that their pet machine, the six hundred horse-power plane which was the entry of the United States in the James Gordon Bennett races at Etampes, France, would eclipse the record of 152 miles attained in France. Lieut. C. C. Moseley who went to France as alternate to Captain Rudolph Schroeder, was selected as pilot. The air service entry went into the air at Etampes with Captain Schroeder as pilot but a mechanical defect cut it out of the contest.

The course for the trial flights here is one mile and one kilometre. Officials of the Aero Club of America, observers at the trials will certify the records made to the Federation aeronautique internationale.

## Factory Office Employees Gain on Salary Earnings

ALBANY, N. Y., Dec. 24.—Factory office employees in New York state received \$2.13 more a week during October than did the factory workers, according to a report made public today by the state industrial commission. It shows that factory office em-

ployees averaged \$31.06 a week as against \$28.93 for the factory workers. The weekly earnings of the factory workers showed an increase of 20 cents over the September average, the report says, due largely to the unusual activity in several industries and to full time operations in plants that were affected by holidays in September. Salaries of office employees have increased fourteen per cent since Oct., 1919, compared with a gain of 19 per cent in the earnings of factory workers.

Increases in manufacturing activity in October the report states, occurred chiefly in New York city.

When Richmond Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Richmond citizen says:

Mrs. Catherine Temme, 207 South Eighth Street, says: "Kidney complaint kept me miserable for a long time. I had a dull ache in my back and so much soreness, I couldn't rest my back against a chair. I tired easily and couldn't walk more than a block before I gave out. My sight blurred and I had dizzy spells. A friend advised me to use Doan's Kidney Pills and they were just what I needed. I improved right away and the aching and soreness in my back was relieved. Doan's are just wonderful."
