

TURKISH OFFICIALS BOOST TAXES; POCKET VAST SUMS OF MONEY

(By Associated Press)
NEW YORK, Nov. 24.—Turkish tax collectors spare nothing from levies except schoolbooks, and the assessments run so high that 10 cents a pound is exacted on all sugar, while a tax of \$229 recently was demanded on an automobile that sells for \$595 in the United States.

These unrelenting tax collectors have hoisted the rates to such an altitude that the Near East Relief injected a protest, its headquarters here was informed in a letter from one of their workers in Samsoun, Armenia, about 300 miles from Constantinople.

Liquor, blighted by prohibition since October 1, is taxed a certain sum per bottle, irrespective of quality, the letter said. The time limit for exporting all intoxicants from the country terminates December 1. After that the Kemal government will confiscate the balance of stocks.

For thirty years special taxation has been exercised to fill a swamp that has caused malaria to blossom and flourish constantly, but, the writer said, "these hundreds of thousands of Turkish pounds have filled official pockets while the marsh still remains unfilled. The Near East Relief has a hospital only a mile away, and has persistently requested that this 'plague-spot be removed.'"

Many Operations Performed.
Dr. K. J. Marden, head of the Near East Hospital at Marsovan, has "performed many minor operations to remove tattoo marks from Armenian girls," continued the letter. "These girls are tattooed on the hands, forehead, cheekbones, chin and on or between the breasts. Many girls are deeply shamed of this mark of their slavehood."

"Some of these girls will vanish sooner or later from the Turkish home, as some have done before them, to find their way back to the Turkish or Kurdish harem which contains their child. One cannot blame them. They are mothers first and Armenians afterwards. There is tragedy there for the Armenian men will never understand this thing. To them the child is a Turkish child. To the mother, it is her child."

Neglect Has Placed Scores of Citizens in the Hospital of Our Country Today

Early neglect of the warning signals sent out by Nature has brought on chronic troubles; finally an operation or a long siege of sickness comes to many.

YOUNG LADY SAID "I WENT TO PIECES"

Nerves unstrung, tired all the time. Couldn't sleep, losing weight and color left my cheeks. Claims Dreco has restored her.

"Some time ago my responsibilities got the best of me and I had a nervous breakdown. I felt tired out all the time, couldn't sleep; was losing flesh, lost every bit of color I had and just simply went to pieces," said Miss Mary G. Lock, a very popular young lady employed as bookkeeper and who resides at 503 North 8th St., Terre Haute, Ind.

"I heard about the good Dreco was doing folks around here so I thought I would see what it would do for me. I have now taken two bottles and have gained five pounds, sleep the night through, enjoy my meals, have a good color, my eyes are much brighter and I don't mind my work one bit because I don't get tired out. Dreco surely did me a world of good. I have lost all that nervousness that troubled me. I am only too glad to tell others what Dreco has done and hope it will do them as much good as it did me."

Dreco relieves gas in the stomach quickly, gets the bowels moving and rouses a lazy liver, so very soon you notice the nerves get steady, sleep becomes sound, appetite picks up, color returns to the cheeks and the body takes on more flesh, and you feel full of energy and vitality again. All druggists now sell Dreco and it is being especially introduced in Richmond by Thistlethwaite's seven drug stores.

Heed the advice of your druggist, or the many citizens who have corrected a headache, a little spell of gastritis, dizziness, pains in the muscles and joints, weak fainting spells, constipation or poor sleep by taking in time Dreco, the great herbal remedy.

The hospitals of this country are filled today with persons who refused to take warning from the signals sent out by Nature. Had they heeded these warnings in time their plight might have been different.

Some of the danger signals along the road to health are headaches, dizzy spells, spots dancing before the eyes, weak sick spells, nervousness, poor sleep, bad taste in the mouth, sore muscles, stiff joints, backache, getting up frequently during the night, head and nose stopped up of morning, continual hawking and spitting and constipation.

Should you, who read this happen to suffer from any of these symptoms you owe it to yourself and family to do something at once to correct the underlying cause of the trouble. Dreco, the great root and herb tonic, is known by its power to arouse a sluggish liver to action, give strength to weak kidneys, regulate constipated bowels and purify the blood. Get a bottle of Dreco today and see how quick your troubles will be overcome. All druggists now sell Dreco.

HIS WIFE ALMOST A NERVOUS WRECK

He tells how Dreco overcame cold sweats, heart fluttering, gastritis, headaches and roused lazy liver, banished constipation.

"My wife Margaret was in such bad health that we were very much alarmed about her. She had cold sweats and heart weakness and was so dizzy and unsteady on her feet that she didn't want to go out for fear she would fall," said Mr. J. N. Christianberry, who resides at 1313 Liberty Ave., Terre Haute, Ind.

"Night meant one long time of terror for her; it was sometime before she could get to sleep, then her sleep was fitful, full of bad dreams and she would jump almost out of bed, awakening badly frightened. Her head ached so, along with a sick stomach that she just couldn't eat and what little she did eat wouldn't digest, but formed gas she suffered from constipation daily."

"She has taken three bottles of Dreco, which soothed her nerves until she sleeps like a tired child, eats and enjoys whatever she wants, having no bad after-effects, and her bowels discharge the wastes of the body in a normal easy and regular manner. She has no more trouble with her kidneys and says she wants all the world to know that Dreco has made a new woman of her."

All druggists now sell Dreco and it is being especially introduced in

Dandruffy Heads

Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails. Advertisement.
