Are You Driving an Automobile with Marred Fenders? Have them

ENAMELED and BAKED

and improve the appearance of your car. This finish work will outlast the ordinary paint job.

We are giving you this opportunity for a limited time only, due to the present temporary depression in the automobile industry and suggest that you phone or see us at once.

We will display Automobile Fenders, Gasoline Tanks and Sheet Metal work at the "Made in Richmond" Exhibit in the Y. M. C. A. all this week.

FIFTY YEARS OF EXPERIENCE

HOOSIER DRILLS first began working for the farmers of America 50 years ago. They have been on the job ever since. And they have been doing good work. They never could have lasted 50 years if they had not nor could they have grown in popularity as they have done.

The latest thing in drills — the Hoosier Power-Lift Tractor Drill—will be on exhibition during the "Made in Richmond" week at the Y. M. C. A. This drill is designed to enable the farmer to get the most out of his tractor during seeding time. When you come to the exhibit do not fail to look at the Hoosier Drill.
