

DECEMBER 9, 10 AND 11 DATES OF AUTO SHOW, ATTRACTIONS

December 9-11, will be the days of the big automobile show to be presented by the Wayne County Automobile Dealers' association. Each of these days will be brim full of pep, entertainment and wonderful exhibits, providing the plans now made are realized.

The new building of Manlove and Wilson, located between Main and South A streets, on South Seventh street, will be attractively decorated for the event.

A number of the dealers of the association met at 1 p.m. Wednesday and heard the propositions of two Cincinnati, Ohio, decorating firms. The final decision was left to H. R. Marlett, who was to close a contract with one of the two men, today.

According to the descriptions of building decorations which will probably be used here, it can safely be said that nothing approaching the plans of the local association has ever been attempted by auto men in the past.

Entertainment will feature the afternoon and evenings of each of the three days. It is possible that special nights, as ladies' night and carnival night, will be planned. Other matters were discussed at the meeting, but no definite decision was reached at the late hour Wednesday afternoon.

DENIES KNOWLEDGE OF \$40,000 DIVIDED AS ALLEGED BRIBE

NEW YORK, Dec. 1.—John Cranor, assistant to the head of the Wallace Downey Shipbuilding corporation, today denied allegations of Tucker K. Sands, former Washington banker, before the congressional committee investigating shipping board affairs, that he knew anything of a division of a \$40,000 "bribe" fund for procuring contracts of the board, in connection with which the name of R. W. Bolling, shipping board treasurer, and brother-in-law of President Wilson, had been mentioned.

He also denied that he had entered into any arrangements with Sands whereby Bolling or Lester Sisler, secretary of the board, were to assist in procuring a contract for the Downey company or the Providence Engineering corporation, a subsidiary.

Explains Attitude

Cranor testified that while he was in Washington the Providence company was endeavoring to procure a contract for the construction of 10 tug boats and that he learned that the financial standing of the concern was not satisfactory to the credit department of the shipping board.

Cranor said that after he had informed Mr. Downey of this he was sent to Washington to arrange a credit for the Providence company and took the matter to Sands, who then was vice-president and cashier of a Washington bank. This institution, the Commercial National bank, through Sands then issued a credit letter to the extent of \$125,000 to the shipping board for the Providence Engineering corporation.

The witness said he had agreed to pay Sands \$40,000 for arranging this credit, adding:

"Sands wanted two per cent of the entire contract price, which would have been about \$57,000 but I cut it down to \$40,000."

Mr. Downey and Sands eventually settled the payment, Cranor said.

D'Annunzio Still in Fiume, Thorn Inside of Italy

(By Associated Press)

LONDON, Dec. 1.—Premier Giolitti of Italy speaking in the Chamber of Deputies in Rome yesterday refused to answer a question asking whether the government intended to take military measures against Captain Gabriele d'Annunzio in Fiume, says a Rome dispatch to the London Times.

"The government," he declared, "is anxious to hasten final ratification of the Rapallo treaty with Yugoslavia which already has been approved by the chamber and will be submitted to the senate on Dec. 2."

While General Caviglia's regulars have thrown a cordon around Fiume, only small incidents have thus far been reported save a Milan dispatch to the Times. Every effort will be made by the regulars it is said to induce the followers of d'Annunzio to desert.

The dispatch quotes a telegram from Caviglia to the effect that yesterday Albini and some of d'Annunzio's men exchanged shots and hand grenades when the latter crossed into Italian territory proper. A few regulars were made prisoners by d'Annunzio's soldiers at an advanced post on the road to Carnizza. The garrison on the island of Veglia, held by men loyal to the poet soldier, has been reinforced.

INDIANA TAKES LEAD AT INTERNATIONAL LIVE STOCK SHOWING

By WILLIAM R. SANBORN

Indiana is faring well at the Chicago International, having thus far captured three of the six big prizes in this live stock classic.

J. M. Ballard, of Marion, Ind., won grand championship honors with a carload of Hampshire hogs. This was the third "big win" for Indiana, the other winners being Purdue university with the champion fat steer, Black Ruler, which was made champion of the college classes; the second other first award falling to J. C. Andrew, of West Point, Ind., in the fat wether class.

Mr. Ballard's hogs, picked as the best in the show, were all spring pigs, but had to be entered in the "heavy" class, because they weighed in at 275 pounds. They won over much older hogs and defeated all comers in the younger class.

Iowa State college garnered a few trophies on Tuesday in the hog classes and then showed the champion barrow, a Chester White. The South also showed its colors again by the winning of the grand championship in the Angus class royalty entered in the show.

The Angus bull, Perimont, owned by J. J. Hargins of Tennessee, captured this honor.

Spanish Bakers on Strike, Citizens Bake Own Bread

(By Associated Press)

MADRID, Dec. 1.—Citizens volunteered to work today in bakeries which are idle because of the strike of bakers, and the bread supply of the city was large in consequence. Bread lines, however, were formed in the poorest quarters of Madrid.

Striking bakers who have declined to accept offers made by their employers suggested today that the city organize the bread supply by establishing four large bakeries in various sections of town where the entire supply for the population could be made. The authorities are considering this with other propositions to terminate the conflict, as the people are beginning to display impatience.

The dispatch quotes a telegram from Madrid to the effect that yesterday Albini and some of d'Annunzio's men exchanged shots and hand grenades when the latter crossed into Italian territory proper. A few regulars were made prisoners by d'Annunzio's soldiers at an advanced post on the road to Carnizza.
