

CHRISTMAS CANDIES MANUFACTURED HERE ARE PRICED LOWER

Christmas candy prices will not be materially affected by the sharp decline in the sugar market, according to retail dealers of the city. Candies manufactured by home industries will sell from 15 to 20 cents cheaper on the pound than during the summer months, but candies bought from the wholesalers and standard manufacturers will sell at about the same price.

Prices for candies this year are about the same as last year during the holiday season. Sugar was about two cents higher on the open market at this time in 1919 than now, and this slight difference in price makes no appreciable difference in the selling price today.

The possessor of a "sweet tooth" will have to pay from 35 cents to \$1.60 per pound for his supply, this varying according to the grade bought and the manner in which it is put up.

Last year candies had a range of from 60 cents to \$1.60 a pound, and during the early part of last summer the price went even higher than that.

Back to Normal.

"The decline in the past few weeks has been from the high mark as it was last summer and as a result, the prices this year are nearly back to the normal of last Christmas," a local manufacturer said.

Peanuts are one of the holiday delicacies that have returned to a pre-war basis, now selling for 15 and 20 cents a pound.

Box candy or package candy will show no change, dealers say. This they attribute to the high cost of labor and material used in the boxes and decorations. A general misunderstanding is said to prevail that the price of sugar is one of the big items in manufacture, say all the dealers. The real cost is in labor and overhead expense, both of which have gone up in the last year, they say.

Some Dealers Lose.

The fact that Christmas candy orders are placed from four to six months before the holiday season prevents any very appreciable difference in the market. Managers of all states that they are making an effort to retail their products according to the present market price and not on the price paid in buying. This is causing a loss, they say, but in order to help get back to normal they say they are willing to take their losses.

"The candy man is hit hard this year," said one dealer. "The goods we are selling was bought when sugar was at the peak price and we are now forced to make some reductions to meet the present market price of sugar."

Fruits, figs and dates have all come down about 15 or 20 per cent, according to merchants. This is a welcome fact to many people who have been planning on making their own candy.

Osage Indians Have Big Annual Incomes

OKLAHOMA CITY, Dec. 3.—Incomes of Osage Indian allottees for the year of 1920 will total nearly \$10,000 for each member of the tribe and children who have inherited oil rights because of death of relatives. Such is the belief of officials at the government Indian agency here, who base their estimate on payment of a regular allotment in December.

Bonus payments of \$1,000 are now being paid to members of the tribe as an extra dividend derived from past oil sales, the purchasers being oil companies and individuals who pay one-fourth the price of the lease at once with the balance due in three years at 6 per cent interest. The total being paid the Osages as bonus is \$2,225,000.

There are now 2,223 original shares.

If Back Hurts Begin on Salts

Flush Your Kidneys Occasionally If You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid, which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver troubles, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys. The moment you feel a dull ache in your kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a glassful in a glass of water just before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

SENATOR NEW ENDS CABINET DISCUSSION

INDIANAPOLIS, Dec. 3.—Senator Harry S. New has sent word to Indianapolis friends that he will be a candidate for renomination and that he would not under any consideration accept an appointment in President Harding's Cabinet should such a place be tendered him.

"I would not consider an appointment even if Mr. Harding should offer me two Cabinet appointments," said a letter received from Senator New yesterday. He added in this letter that it is his intention to seek renomination for the Senate.

This letter and others received by his Indiana friends sweeps aside all the gossip to effect that Mr. New might accept a place in the new Cabinet.

Close to New President.
Senator New, who served in the recent campaign as chairman of the Republican national speakers' bureau, has the personal friendship and confidence of President-elect Harding and doubtless could have an appointment to some Federal position if he desired.

Mr. New, however, makes it plain that he has no desire for an appointment of any kind and that he will seek to succeed himself on the expiration of his term as senator two years hence.

An Associated Press dispatch from Washington last night was to the effect that neither Senator New nor Senator Lodge would be willing to accept a place in the Harding Cabinet, each desiring to consider his service in the Senate. Both Senators Lodge and New are members of the foreign relations committee.
