

TAYLOR, EATON STILL OPERATOR, RELEASED; PAYS FINE AND COST

EATON, O., Dec. 10.—Ralph M. Taylor, farmer, confessed operator of an illicit still, was released late Thursday afternoon from the county jail, where he had been confined the last 10 days because of non-payment of a fine and costs aggregating about \$150, assessed against him after he pleaded guilty to having an illicit still in his possession. He secured his release after funds had been raised to pay the fine and costs.

In a conference of attorneys representing a half dozen persons holding claims of one sort and another against Taylor, held Thursday afternoon, the claims were compromised in one way and another and resulted in Taylor securing his release from jail.

Court actions for receiver, attachments and foreclosure of mortgage were brought after Taylor's arrest. These were adjusted in the conference Thursday, persons interested taking over property involved. An exemption claim of \$275 made by Taylor's wife was released.

Taylor was arrested following a raid made by county police officials upon his home, near Gratis, and the finding of a still.

Rob Eaton Grocer. Two strangers, presumably short-change artists, got away with something more than \$15 at the grocery store of Charles Stephens, North Barron street, but not by the short-change route, according to report made to the police.

The strangers entered Stephens' place last night about closing time, according to the report, and one of them purchased some cigars and handed out a \$20 bill in payment. After Stephens had made the change the fellow discovered he had a fifty-cent piece and offered that in payment for the cigars. At this juncture one of the strangers grabbed up the \$20 bill and the change from the counter. Both men ran out of the door, jumped into an automobile and sped away.

Sell Church Property. Sold under authority of the court a property in Eldorado owned by the Eldorado Methodist church brought \$1,500 and was purchased by Oscar M. and Nora Thompson. The sale has been confirmed by Judge A. C. Risinger, of common pleas court, who authorized the sale.

The property came to the church from Harvey and Edith Shewman. The proceeds from the sale, after payment of the first installment of taxes in December, \$11.20 court costs and \$10 attorney fees, are to be invested in government bonds, the petition for

sale setting forth that this was the object of the sale.

Reed Divorce. Mabel Reed has filed in common pleas court an answer and cross-petition to a divorce complaint filed by her husband, Oscar B. Reed, in which she admits, as he avers, that she left him, but she alleges it was because he neglected her and was cruel toward her. She alleges that in their four years of married life they had lived five different places and at times he neglected to pay the rent. She petitions the court to dismiss her husband's petition and grant her a divorce, alimony and custody of their daughter, Marguerite, aged 3 years. She avers that when she was forced to leave her husband she did not take their child because he threatened her if she attempted to take it. Judge Risinger has set December 16 as the date for hearing the wife's application for alimony and custody of the child and has ordered the child's presence in court on that date.

Dismiss Alimony Suit. Upon representation by the couple that they had reconciled their differences and were again living together as man and wife, Judge A. C. Risinger approved dismissal of an alimony suit brought in common pleas court by Ethel Marie Petry against Clarence I. Petry. The suit was filed last February.

Partition of property in Camden belonging to the estate of the late Sophia Boesenberg has been ordered in common pleas court. The court decreed that Cora Baker is entitled to a four-sixths interest, and W. E. and Edward W. Boesenberg a one-sixth interest each.

New Dental Firm. Eaton is to have another dental firm, three in all. Dr. L. W. Walstrom will open offices the first of the year in the rooms over Conover's haberdashery, North Barron street. Dr. Walstrom has for the last several months been identified with the local dental offices of Dr. J. Lee Kelly, Dr. L. V. Reynolds is returning here soon to again enter a partnership with Dr. Kelly. Dr. Reynolds and his family moved to California about six months ago.

Chosen Editor. Noble Shilt, of Evans, student in Ohio university, Athens, has been chosen as one of the editors of "The Athena," student publication of the college, according to advices received here by friends.

Foreign Republic to Model Farm Policy After U. S.

(By Associated Press)
CHICAGO, Ill., Dec. 10.—American agricultural methods, particularly co-operative marketing methods, will furnish much of the basis on which the Czechoslovak Republic will build its agrarian policy, according to two representatives who have just completed a visit to Chicago. While here the representatives conferred with farmers' organizations and visited the International Live Stock Show and the Hay and Grain Show.

John Loebel, an agricultural expert of Czechoslovak department of agriculture, is making a tour of the United States securing information for use in his own country. For the past five months he has been in the middle west, following his arrival in America from consular service in Siberia. He has visited the Universities of Illinois, Ohio, Wisconsin, Nebraska, Minnesota and Iowa and also spent some time at Cornell.

The first six months of next year will be spent at Washington, where M. Loebel expects to obtain much valuable information from the Department of Agriculture.

"The United States, even in war time, made remarkable progress in agriculture," M. Loebel said. "We are anxious to know how this country organizes its agriculture so quickly and so effectively. Your business methods are wonderful. Here you make money in Europe they raise crops only to feed their families."

With M. Loebel is Prof. Nicolas P. Makaroff of the Moscow and Cooperation Institute of Russia.

Thought One Clean Shirt All He Needed

"Ten years ago I was reduced to a mere shadow. I was yellow as a gold piece and had often been doubled up with most excruciating pains in my stomach. Physicians could only relieve me with morphine. I was advised to try Mayr's Wonderful Remedy and it helped me at once. What is more, I have been well ever since. A friend said he thought one more clean shirt all I would ever wear." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Clean Thistlewhite's seven drug stores, A. G. Luken & Co., and leading druggists everywhere.—Advertisement.

DECATUR—Local officers, waging war against places suspected of having stills, have made several arrests. One place, on the property of Harvey Sprague, 86 gallons of raisin and corn mash was discovered. A three gallon jug of "white mule" was also discovered. Other raids resulted in the capture of 20 gallons of mash and a still. John Russell was fined \$130 and sent to jail for 60 days, following his plea of guilty to a charge of making liquor.

LAWRENCEBURG—Probably fatal injuries were received by Peter O. Reagan, 38 years old, an employee of the Vang Construction company, building the Baltimore & Ohio Southwestern railroad bridge over the Great Miami river, when a cable broke and an end struck him on the head. His skull was fractured and three ribs

Few Folks Have Gray Hair Now

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that no one can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Advertisement.
