

MAY DELAY REPORT ON MANDATES TILL NEXT LEAGUE SESSION

GENEVA, Dec. 10.—It is possible the committee on mandates will not report at this meeting of the assembly of the league of nations. Members of the committee have indicated it is their view that it is necessary to refer whole question of mandates back to the council of the league to obtain further information from the supreme allied council relative to this phase of the work of the organization.

When the assembly met this morning, it proceeded to the election of a vice president to succeed Honorio Ueyredon, head of the Argentine delegation, who withdrew with his colleagues from the assembly nearly a week ago. The program of the day contemplated the completion of the assembly's consideration of the report of the committee on technical organizations. This body recommended that the present international health organization be incorporated in a commission under the auspices of the league.

Will Consider Blockade
In default of a report from the committee on mandates the assembly planned later in the day to take up the problem of the economic blockade.

A resolution demanding that Esperanto be taught in public schools was introduced in the assembly this morning. The conflict which has arisen over the official language of the league resulted in bringing Esperanto before the assembly as a candidate for official recognition and today's resolution was in line with this movement.

The sponsors of the resolutions were Rodriguez of Brazil, Senor Restrepo of Colombia, M. Doré of Haiti, M. LaFontaine of Belgium, Antonio Honeus of Chile, Signor Schanser of Italy, Dr. Eduard Benes of Czechoslovakia and M. Dowleh of Persia.

High School

The high school orchestra furnished the chapel program at high school chapel Friday morning. The program was made even more interesting by Director J. E. Maddy, who gave a short explanation of each number before it was played, telling some of its history and pointing out the different themes. Before the orchestra played Gladys Longnecker played the themes so that the audience would recognize the different ones.

The first, second, and third movements of Haydn's "Surprise Symphony" were given most attention. Prof. Maddy pointed out the simple song variations in the second movement and the surprises. In the third movement he called attention to the examples of "musical jokes" that occur in the music.

Seniors of the high school will hold a reception on Jan. 7, 1921 for their parents.

The Sophomores will have a party Friday evening at the school. A little play "A Woman's A Woman For A" will be one of the big features on the program. Games, readings, and music have also been arranged for the evening's entertainment. Chaperons will be Miss Mains, Miss Morrow, Miss Lanning, Mr. Nicholas, and Mr. Centwell.

Films, educational and entertaining, will be shown every Wednesday afternoon in the high school auditorium during the social hour for those students who do not dance.

Girls' high school basketball captains and their teams have been chosen as follows:

Seniors: Margaret Taggart, captain; Helen Cowgill, assistant captain; Arthuria Bennett, Zelma Slade, India Stanford, Laureen Jenks, Ruth Howard, Agatha Phelps, Edythe Wycoff, Helen Doyle, Wilma Sudhoff, Lucille Eastman, Glenna Homan and Mildred Rediff.

Juniors: Juanita Detmer, captain; Betty Coals, captain; Nadonna Newton, assistant captain; Mildred Minnick, Eva Rowe, Verda King, Bernice Myers, Mary Wilson, Louise Price, Margaret von Carlezon, Mary Falcane, Geneva Schneider, Catherine Runyan, Ruth Droste, Henrietta Harris, George Burkett, and Julia Burr.

Purple and gold will be the colors of the new debating club organized at the high school. It was decided at the meeting Thursday afternoon. As yet the club has not been named. Discussion of the constitution and organization has taken up the time at the two meetings held. The name will be chosen at the next meeting, in two weeks.

Reports submitted by Principal W. B. Bate at the principals' meeting last Wednesday show a decrease in tardiness and absence for the first six weeks of 1920 as compared with the first six weeks of 1919. Both years show that almost twice as many boys are tardy as girls. For 1920 out of an enrollment of 947 there were 195 cases of tardiness the first seven weeks as compared with 234 for the first six weeks of 1919. The average of daily attendance for 1920 is 96.5 for the first six weeks and for 1919 it was 96.5. For the second six weeks in 1920 it was 95.12 and in 1919, 95.5.

The art of calico printing was introduced into Europe about the seventeenth century, but it is believed the art was known in India and Egypt as early as the second century.

WOMEN ARE GUESTS AT DISPLAY OF CARS

"Ladies Night" will be celebrated at the auto show Friday night. Women of the city are urged to attend and receive special favors. Musical numbers representing the best local talent will furnish entertainment. It is to be one of the largest occasions of the three-day exhibit.

Despite the inclement weather a fair sized crowd visited the auto show Thursday night. Leading the way from the corner of Seventh and Main streets, scores of electric lights brilliantly illuminated the path to the exhibit.

Patrons of the show were led throughout the house by the attractive display of cars representing many local and county dealers. Cars of all makes and styles awaited approval.

Musical Numbers.
On both floors musical numbers were played on phonograph, player-piano and by the Eyan Smith orchestra. Floor lamps adorned convenient located library tables, heightened the beauty of the green foliage decorations. American flags draped on walls in the rear of the booths furnished an unusually picturesque background.

A feature of a display on the second floor is a roadster lying on its side exposing its construction. Probably a score of miniature electric lights point to different parts labeled with the name of the part.

The Espero was ordered out this morning for a cruise on the northern Adriatic. When the boat reached the three mile limit, the crew mutinied, and ordered the commander to steer for Fiume. The officers pleaded with the men, but their words were futile. The commander was locked in his cabin and his subordinates were compelled to take the boat to Fiume.
