

CLUB MEMBERS SCRAP ON BASKETBALL FLOOR FOR BENEFIT OF POOR

A capacity crowd is expected to swell the proceeds of the Young Men's Business club and Kiwanis club basketball game at the coliseum Monday night, when the representatives of the two clubs play. The money taken in is to benefit the poor of the city, in baskets of food and clothing.

The feature game of the evening will begin at 9 p. m. and will be preceded by a curtain raiser which probably will be between two of the strongest independent teams of the city.

Amusing stunts will be pulled off for the jollification of those present and members of the two clubs will be seen rooting from the sidelines in true college fashion. Tickets are on sale by members of the two clubs and each has a good stock to sell.

Coach Ray B. Mow, of Earlham, has the Kiwanis team in charge. Herbert Logan, former Earlham star, is handling the Y. M. B. C. representatives.

Members of the Kiwanis and Young Men's Business clubs who have tickets to sell for the basketball game Monday night, are expected to have their funds reported to the secretary by 12 o'clock noon Tuesday. This must be done so that the social service bureau will know just how much money is available. Persons who have not reported will be expected to pay for his allotted number of tickets, as that amount of money will be turned over to the bureau.

EMERGENCY TARIFF BILL IS APPROVED

(By Associated Press)
WASHINGTON, Dec. 20.—The house ways and means committee today voted out the Fordney emergency tariff bill designed to protect the farmer and instructed Chairman Fordney to make all efforts possible to obtain action on it before the Christmas recess.

In finally approving the bill the committee made two changes. Lemons were added to the list and an import duty of 1½ cents per pound established.

ed. The rate on peanut oil was increased from 20 to 26 cents a gallon. Chairman Fordney, of the house ways and means committee, had ready for submission to the house today the Fordney emergency tariff, agreement on which was reached by his committee Saturday. Action on the measure which would put a virtual embargo tariff on a score of farm products will be asked for Tuesday or Wednesday.

at the latest, in order to pass the measure if possible, before the Christmas recess. Opposition to the legislation, however, was developing today on several sides. Representatives from the manufacturing districts expressed dissatisfaction with the bill as framed because it did not include enough manufactured articles. Traditional opposition to any high tariff still held among some of the Democrats, while other

members asserted that enactment of such legislation would result in an increase in the cost of living. Leaders among the representatives from farming districts will attempt to gain bipartisan support for the measure today at a conference of those members, at which will be submitted recommendations that the informal organization support the Fordney measure, the Young-Tincher bill to use \$100,000,000 of the profits of the federal reserve banks in loans to live stock men, and resolution to revive the war finance corporation.

Ancient seers taught the people of Persia that amber was the concretion of the tears of birds and the belief is prevalent in many parts of that country now.
