

COURT OF APPEALS CONFIRMS DECISION IN CASE AT EATON

EATON, O., Dec. 30.—Finding of the lower court in the A. L. Heckman and D. W. Shirley suits has been affirmed by the court of appeals, decision of the higher court being received here by Clerk of Courts V. O. Rookstool. Heckman is victor in the two cases.

A. L. and Laura Heckman sued D. W. Shirley in common pleas court for re-establishment of a farm line fence, and the Heckmans won the decision, after which the Shirleys took appeal to the court of appeals.

D. W. and Rosa Shirley sued A. L. and Laura Heckman for damages, alleging Heckman's turkeys had damaged their farm crops, the suit having first been brought in a justice's court, where the Shirleys obtained a judgment. Heckman appealed to common pleas court, claiming that because of the amount of damages sued for the justice's court was without jurisdiction, which resulted in reversal of the justice's judgment. Shirleys took appeal to the higher court.

Both cases were heard before Judge Walter Jones, of Troy.

Soldier's Body Shipped.
Remains of Donald R. Cohee, 18, are enroute to the United States from San Domingo, where young Cohee died December 21, while in the marine service, according to advices received by his parents Mr. and Mrs. James Cohee, residing near Eaton. Word of their son's death was received by Mr. and Mrs. Cohee from the navy department at Washington, D. C., but details were not given. They will be notified by the department when the body reaches a port in this country. The remains will be brought to the parents' home for funeral and burial.

Cohee had been stationed at San Domingo the last 15 months. He enlisted in the marine service in April, 1919, being assigned to the U. S. S. Ketter. He was attached as trumpeter to the 782nd company, 15th regiment, marine corps.

Resigns as Carrier.
After almost 15 years service, A. C. Fudge has resigned as carrier on R. F. D. No. 1, out of the Eaton post office, the resignation to become effective next Saturday. Roy Schlottbeck, R. F. D. No. 9, will be transferred to the route made vacant by Fudge's resignation. Schlottbeck's successor on the route he leaves has not been announced.

Fudge has also surrendered his commission as a member of the civil service examining board of Preble county, which he had held for several years.

Commercial Club Elects.
Annual election of officers of the Eaton commercial club will take place Tuesday night of next week, at a meeting that has been called by the president, W. E. Reel.

Week of Prayer.
Week of prayer will be observed next week with services in which five of the local churches will unite, the opening service to be held Monday

evening in Christ church. Each church will have the services one evening. The churches that will unite in the week's meeting are: Methodist, Presbyterian, United Brethren, Christian and Church of Christ.

Minstrel Show.
"Merry Minstrel Maids" is the title that has been given to the minstrel performance that will be presented next Tuesday and Wednesday nights in the opera house, under auspices of the local council of mothers. Rehearsals are being conducted under direction of Miss Lillian Hall, out-of-town woman.

Proceeds from the entertainment will be devoted to defraying expenses of a free kindergarten the council of mothers expect to establish next summer.

Mrs. Bailey Buried.
Funeral services for Mrs. Lizzie Bailey, 65, wife of Lurton D. Bailey, merchant, who died Monday night at her home here, were conducted this afternoon in the Christian church by the Rev. Hilley Baker, followed by burial in Mount Hill cemetery.

**Sabotage Latest Weapon
Used by Indian Labor**
(By Associated Press)

CALCUTTA, Dec. 30.—(India Information Bureau)—Indian labor for the last two months has been adopting sabotage tactics to gain its ends in various parts of the country. A notable example is one in Madras, where the provincial government has just issued a communique in reference to the railway disaster last month, where 14 people were killed and 21 injured. The disaster, in the opinion of the government, is the seventh out of eight cases of sabotage committed between August 14 and October 21.

The strike of stowaways in this city has held up in port 111 oceangoing steamers, instead of the normal 60 usually here. The accumulation of cargoes amounts to thousands of tons, and the glut is accentuated by the importers' financial difficulties, due to fall in the exchange.

The first consolidated school in Canada was established in Manitoba in 1905.

American Legion

NEW YORK, Dec. 30.—Closer relations between the American Legion and Organized Labor are promised as a result of letters exchanged between F. W. Galbraith, Jr., National Commander of the Legion, and Samuel Gompers, president of the American Federation of Labor.

Mr. Galbraith's letter defined the purposes of the Legion and empha-

sized its neutrality in politics as a body while in no way infringing on the personal freedom of its members. In reply, Mr. Gompers explained the effort of the A. F. of L. to make life brighter for its members and to encourage them to "perform the obligations they owe to our country and fellowmen."

Mr. Gompers said that he had aided members of trade unions to understand the Legion's purposes and that, on several occasions, resolutions pre-

sented in labor meetings had been tabled or defeated because of information he had provided in relation to the work of the Legion. The National Commander replied to this letter by saying that there was nothing in the declaration of the A. F. L. to which

the Legion could object and that the Legion subscribes to every word of its sentiment.

The Wedding Token

The Wedding Ring of today scarcely resembles those of years gone by. Instead of the plain, wide circle of gold they are now a prettier and more comfortable shape, of carved gold or platinum.

Life-time Quality

You can always depend upon one thing here and that is quality. Style and price, too, are right. The seamless rings we sell are the only kind to buy as they last a life time. They may be had in all styles.
