

## BLACK BREAD RATIONS SERVED AT LUNCHEONS IN INDIANA TOWNS

INDIANAPOLIS, Feb. 1.—Scores of "invisible" luncheons are being arranged throughout the state in honor of Lincoln's birthday on the 12th, or the week of the 12th of this month, and hundreds of Hoosiers will have an opportunity to partake of black bread rations similar to the meager fare being served to 3,500,000 destitute and starving children of Europe through the Hoover relief organizations.

In some sections of the state these black bread luncheons already have been held, but according to J. Sandy Young, executive secretary of the Indiana committee, there will be no communities of 1,000 or more population but what will hold these luncheons in connection with Lincoln's birthday.

**Invisible Luncheon.**  
Speakers of prominence are available for many of the larger cities while other sections may arrange with owners of their own communities to deliver the message which Herbert Hoover declares is the greatest mercy plea heard in this generation.

It is stated that there is one community which may hold not only an invisible guest luncheon but the affair may be really an invisible luncheon. This is due to a quarantine now in effect in that city resulting from fear of contagion of smallpox. Hence the probable invisibility of the luncheon itself but assurances are given that tickets will be sold and the money added to the state Hoover fund.

**Lincoln's Words Applicable.**  
A feature of each luncheon will be a reading of the following extract from one of Lincoln's speeches as being pertinent to the present situation:

"With malice toward none, with charity for all; with firmness in the right as God gives us to see the right, let us strive on to finish the work we are in; to bind up the nation's wounds; to care for him who shall have borne the battle and for his widow and orphan—to do all which may achieve and cherish a just and lasting peace among ourselves and with all nations."

## Jap Foreign Societies Oppose Conscription Laws

(By Associated Press)  
TOKIO, Feb. 1.—In sympathy with the protest from the combined Japanese associations in America against the new conscription law governing Japanese residents abroad, Mr. Uyebara, one of the leading Kokumin party members has decided to introduce a petition in the coming session of the Diet for the amendment of this legislation.

According to the new conscription regulations passed by the last session of the Diet, Japanese residents in America who return to Japan and stay more than one month can be called up for military service. This naturally elicited opposition from the Japanese residents in America, who held a general conference and dispatched a representative to these shores to appeal to the government authorities for the amendment of the regulations. The representative arrived here some time ago and has since been endeavoring to convince the authorities of the need for amending the law.

## Over \$1,100 Raised at Cambridge Luncheon

More than \$1,100 was raised at the Cambridge City Hoover relief luncheon Monday night. Each person that attended paid \$5 a plate for the plain food served in remembrance of the suffering children of Europe. This additional sum from citizens of Wayne county brings the total fund from every source to over \$10,000, according to figures compiled by Lewis G. Reynolds, county chairman.

Edward Jackson, Indiana's secretary of state, was the principal speaker. E. O. Paul, Jackson township relief fund chairman, was toastmaster. Over 200 persons were in attendance. Mr. Paul pointed out what \$5 could do for the starving children of Europe, by the fact that a meal of the kind served cost only seven and one-half cents per person.

## State Forester Predicts Disappearance of Trees

(By Associated Press)  
COLUMBUS, O., Feb. 1.—Declaring that no appreciable headway is being made toward reforestation in Indiana and that the moose timber supply left is being cut and utilized at an alarming rate, Charles C. Deam, state forester for the Indiana department of conservation, this afternoon raised the question as to whether Indiana will be treeless in less than 100 years.

Mr. Deam was one of the principal speakers at the annual meeting of the Ohio State Forestry association.

Mr. Deam declared that 85 per cent of the magnificent virgin forests which Indiana possessed 100 years ago had disappeared and that the remaining 15 per cent, which is chiefly of medium quality, is being rapidly cut and prepared by 100 saw mills for an ever ready market.

## SHE DARKENED HER GRAY HAIR

Tell's How She Did It With a Home-Made Remedy.

Mrs. E. H. Boots, a well-known resident of Buchanan county, Iowa, who darkened her gray hair, made the following statement:

"Any lady or gentleman can darken their gray or faded hair, and make it soft and glossy with this simple remedy, which they can mix at home. To half a pint of water add one ounce of bay rum, one small box of Barbo Compound and 14 ounces of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. It does not color the scalp, is not greasy and does not rub off. It will make a gray-haired person look twenty years younger."—Advertisement.

## NEW YORK SOCIETY MISS IS POPULAR AT FLORIDA BEACH

Miss Ethel Cahar

Miss Ethel Cahar, of New York, is one of the popular society debutantes, "debbies" as they are familiarly called, at the Florida beach. The season there is well under way and the sands are always decorated now with pretty northern girls in their beach costumes or swimming suits.

## Zem Zem Shrine Patrol to Perform at Eaton

Members of the Zem Zem Shrine club patrol, recently organized, are urged to be present at the meeting and drill of the patrol Wednesday night at 8 o'clock at the Armory on South Seventh street. This will be the second of the short series of drills outlined by Captain Ball before the invasion of Eaton, O., for a drill and dance there in the Ohio city armory.

Plans for the organization include 32 men with officers and a large number of women for the first drill last Sunday afternoon. The men developed unusually good material, and Captain Ball is enthusiastic over the prospects of a fast patrol. Uniforms have been ordered from Indianapolis, and will be here shortly. For the present the team will drill in white.

Nobles not at the drill last Sunday, but who desire to join the patrol are requested to "phone their names, addresses and telephone numbers to Captain Ball at the Federal Bakery or J. Thomas, phone 3196.

As the time for the first few drills is short, Captain Ball plans several short drills in afternoons and evenings of the next two weeks and urges prompt attendance.

## HAD TERRIBLE COUGH AND NIGHT SWEATS

Cough about gone, eats and sleeps well, and gained 12 pounds.

"In December, 1919, I had a fearful cough, and my physician ordered me to change climate immediately. I went to San Antonio, Texas, and entered a sanatorium. Left there and came to Oklahoma City in October, 1919. Had no appetite, could not sleep, had night sweats and was losing from one to three pounds a week. Also had a burning of the bowels, which the doctors had been unable to relieve.

"I decided to try Mike's Emulsion. I did so and began to improve, slowly at first, but steadily. My weight has increased 12 pounds. I have no more cough, and my night sweats are gone. I can eat heartily, sleep well, and am working at my trade again. The Mike's Emulsion Co., Two Haide, Ind., sold by druggists everywhere.—Advertisement.

## TURKISH TREATY IS DENOUNCED BY NATIVE INDIAN AUTHORITY

NEGPUR, India, Feb. 1.—The Turkish peace treaty was characterized as "the greatest travesty of justice, a monument of hypocrisy and the blackest breach of solemn pledges" by Dr. Ansar in his address as president at the annual session of the All India Muslim League today. He demanded its revision which, he declared, there seemed little doubt was being seriously considered by the Allies.

The speaker denounced "the horrors of the Punjab reign of terror" and supported the non-co-operation movement in progress among the natives as a protest against British rule.

**Must Change Ideas.**  
"There is a divine injunction to Mussulmans to practice non-co-operation against the opponents of Islam," said Dr. Ansar. "There appears to be a deadlock between the bureaucracy and the people of India which is entirely because India has awakened to a keen sense of self-respect and is determined no longer to submit to a secondary position, whereas the bureaucracy is still thinking in obsolete terms of governing with the mailed fist."

"In order to win the co-operation of the people of India our alien friends must first of all disabuse their minds of the idea of race supremacy and do ample penance for past wrongs."

## Ruthanna Simms Returns From Visit to Arkansas

Improvement in the general condition of Southland institute, a Friends school in Arkansas, will be worked for, according to Miss Ruthanna M. Simms, head of the Home mission board of the Friends Five years meeting. Miss Simms has just returned from a visit to the school, at which time a survey was made.

Three things have been found necessary for the betterment of the school; they include improvement in the course of study, a greater use of the adjoining farm in connection with the institute, and the securing of an agriculture teacher. Southland institute is a negro training school.

## Joan of Arc Statue Graces Church Alter

(By Associated Press)  
New York, Feb. 1.—A statue of St. Joan of Arc, found only slightly scarred in a war ruined French village, today graces an altar in a church in the Elmhurst district. The relic was discovered in the ruins of the church of Pande-Laveling by Rev. Ward O. Meehan, who was chaplain of an American infantry regiment during the war. Elmhurst's church was named the day of Joan of Arc's canonization and Father Meehan appointed its rector, and struck by the coincidence, he sent to France for the statue. It was blessed and erected at services held last night.

## Grape Trade Unharmed by Dry Law, Says Grower

CLEVELAND, Feb. 1.—That prohibition did not bring the curtain down on the grape industry was the opinion of delegates attending the recent convention of the National Grape Growers congress here.

"Though we lost the sour wine trade," L. G. Young, grower of Erie County, Pa., declared, "there has been such an insistent demand for grapes for the making of home made wine by the foreign elements, who are wine drinkers that the price of grapes is higher than ever before."

Last season grape prices reached ton mark about \$200 a ton. It was said, in 1919 they were \$80 a ton and in 1914 about \$35 a ton.

W. O. Johnson, of Geneva, O., president of the organization, said the shortage of cars last season caused great loss to the growers, because large quantities of fresh fruit were allowed to spoil due to inability to ship.

## Suburban

CAMBRIDGE CITY, Ind.—Miss Madge Mannon entertained at dinner Sunday, Jan. 22, a number of friends. Dr. Krane, a member of the state board of health, gave a short talk to the teachers and members of the high school, last Thursday. ## TO REDUCE DANGEROUS VARICOSE VEINS

People who have swollen veins or lumps should not wait until they reach the bursting point, which means much suffering and loss of time, but should at once secure from any reliable druggist a two-ounce original bottle of Moore's Emerald Oil (full strength).

By using this powerful, yet harmless germicide treatment improvement is noticed in a few days and by its regular use swollen veins will return to their normal size, and sufferers will cease to worry. Moore's Emerald Oil treatment is used by physicians and in hospitals and is guaranteed to accomplish results or money returned.

It reduces all kinds of enlarged glands, goiters and wens and is used exclusively in many large factories as an unfailing first aid to the injured and aprotic. Generous sample on receipt of 15 cents, silver or stamps. International Laboratories, Rochester, N. Y. Your druggist or A. G. Luken & Company or Daffier Drug Co. can supply you.—Advertisement.
