Fiction Favored First in 1920 in United Kingdom

(By Associated Press)

Sociology now comes second, instead of religion, which held that place in 1914.

Happy After 20 Years

"I must write and tell you I am getting along fine. For 20 years, that is over half my life, I have spent in poor health and suffering from severe gas in stomach and indigestion. May's Wonderful Remedy has entirely restored me. I also know of several others who have taken it for the same trouble and are now well again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Then follow in order, religion, science, poetry, history, medicine, description and biography. Literature comes last in the list of 12 leading subjects.

In the year just ended, 11,004 new books were published in the United Kingdom, an increase of 2,382, compared with the previous year. This brings British publishing almost back to pre-war level. The foregoing analysis was compiled by the Publishers Circular and Booksellers' Record.

"Built of the Best"

We Have the Exact Duplicates Here of The

New Davis Models

Which Were the Hit of the National Shows

Three weeks ago the Davis was the sensation of the great New York Automobile Show—the greatest exhibition of the finest work of the finest motor car builders in America. Today, the Davis is repeating its New York success at the Chicago National Automobile Show. Two conspicuous successes within a month!

We have in our salesroom four beautiful new Davis models, exactly like those which won the approval of the motor-wise crowds at the New York Show and which are today attracting such enthusiasm at the Chicago Show.

These two triumphs of the Davis are also the triumph of Richmond, and of the Richmond men who have designed and built and who sell this splendid car. The New York market buys shrewdly. They have the best to choose from. Their unqualified endorsement of the Davis is real recognition of its style, and its built-in quality. The Chicago Show is an equally keen appraisal of the Davis, and an equally valuable endorsement.

The Davis has made good in competition with the finest motor cars the industry has produced. It has been making good for twelve years. It has always brought honor and credit to the city which produced it.

The Davis is a fine car—at a moderate price. Your money will buy no finer motor car investment. By buying this Richmond car in Richmond you actually save money. Let us show you the new Davis. Let us show you why your money will buy no more in automobile value for so little. Let us show you why the Davis has been such a success in the two great national motor car shows. Davis leadership is founded on merit.
