

## GERMANY BEGINNING TO REVIVE SEA TRADE SURMOUNT HANDICAPS

(By Associated Press)  
HAMBURG, Germany, Feb. 4.—Despite lack of tonnage, shortage of coal, labor troubles and a depreciated currency, German shipping interests have begun an intensive campaign to revive two-war sea trade. Millions of marks have already gone into important ship-building contracts.

Hugo Stinnes, reputed to be the wealthiest man in the new republic, and a heavy shareholder in a number of shipping companies, is reported to be attempting to extend his influence, which is now the controlling factor in the German East Africa line and the Woermann line, and an important factor in the affairs of the Hamburg-American line.

**Regular Services.**  
Regular steamship services with America, South America, East Africa, Mexico, Cuba, Spain, Portugal, Australia and Mediterranean and Scandinavian ports, have been re-established and the North Sea, Baltic and Rhine traffic has assumed a new and lively aspect. Handicapped by shortage of ships, the Germans have turned their attention to conversion of warships to commercial usages, to construction of motor ships out of sailing vessels and to the study of oil-fuel as a substitute for the more expensive coal fuel.

Revival of German commerce is indicated by the increased number of ships calling at the more important ports. During the first 11 months of 1920, 4,369 vessels of a tonnage of 5,892,240 arrived at Hamburg, as compared with 1,854 vessels and 1,303,629 tons in 1919, and 13,875 vessels of 13,006,426 tons in the first 11 months of 1913.

The majority of these vessels, however, are sailing under foreign flags.

### RHEUMATISM

Torturing Pain and Swollen Joints Vanish When Used or Money Refunded.

If there are any rheumatic sufferers who have not availed themselves of this generous offer, they should do so at once.

If Rheumatism, the guaranteed prescription for rheumatism in any form, does not give quick and joyful relief, the cost, small as it is, will be gladly returned without any quibbling or red tape.

Rheumatism is a dangerous disease, and anyone who has the slightest sign of it should drive it from the system as quickly as possible. This is what Rheumatism did for many. It should do as much for you.

"I have been laid up for one year with chronic arthritis," says one sufferer. "I had doctors galore, also spent four months in a sanatorium, but had practically no relief. Then I started taking Rheumatism. Now I can go without crutches or other aid, which I could not do for the last nine months. I highly recommend it, and would gladly answer any questions asked on receipt of stamps for postage."—Thomas H. Eddy, Schuylerville, N. Y.

Rheumatism is absolutely harmless and thoroughly reliable because it is one discovery that has forced rheumatism to yield and disappear. It is recommended and sold on the no-cure-no-pay plan by Quigley's drug stores and good druggists everywhere.—Advertisement.

### SALTS FINE FOR ACHING KIDNEYS

We eat too much meat which clogs Kidneys, then the Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.
