

## GREENVILLE COUNTRY CLUB MEMBERS HEAR REPORT OF PROGRESS

GREENVILLE, O., Feb. 5.—A meeting was held at the winter golf school in the I. O. O. F. temple Tuesday evening, of the members of the Greenville Country club, about 100 of whom were present. The meeting was called by Guy C. Baker, and was for the purpose of informing the members just what had been done up to date at the course east of this city.

Walter Meeker, one of the trustees, announced that the original plans of the course had been changed considerably. The workmen are at present engaged in laying out a road from the highway to the site of the new club house. A gravel pit has been opened up on the grounds, thereby eliminating much of the expense connected with building the driveway. Excavation is under way for the club house, and it will be ready for occupancy by the middle of the summer.

E. N. Harbert, the golf expert employed by the club for the purpose of giving lessons to the members, stated that not all the members were taking advantage of the lessons and suggested that more enroll. He stated that the course now being laid out on the 72 acre tract, purchased by the club, would when finished, be one of the best in this section.

Mrs. Mary Huber Dies.—The death of Mary Ann Huber, wife of Ferdinand Huber, occurred yesterday morning at her home, one-half mile north of Coletown, this county, and was caused by a complication of diseases. Mrs. Huber, who was 82 years of age at the time of her death, is survived by her aged husband, two sons and two daughters. The funeral will be held tomorrow afternoon at 1:30 o'clock, at the Coletown Christian church, with Rev. B. F. Sharp and Rev. Samuel Blocher officiating. Interment in Greenville cemetery.

Kammions Boy Returns.—Theodore Kammions, 15-year-old lad of this city, who ran away from home last Saturday, was located in Dayton Tuesday night, and returned to his home in this city, glad to be under the paternal roof once more. His father, J. M. Kammions had Monday received information that a lad answering his son's description, had purchased a ticket for Detroit, at the Dayton Union station, and was instituting a search for him in that city, when the boy was located in Dayton.

Branch Gravel Company.—P. D. Coppock, C. E. Patti, H. R. Brown, Joe Coppock and Guy O. Baker are named as the incorporators in papers filed at Columbus, of the Lozansport-Greenville Gravel company, a branch of the Greenville Gravel company. The concern is capitalized at \$300,000, and when completed will be one of the largest plants under control of the local company.

A large tract of land has been purchased at Lozansport and plans are being made for the immediate construction of a plant, which it is hoped, will be in operation by the coming summer.

Plant Joint K. P. Meeting.—Final preparations for the joint meeting of the Knights of Pythias of Montgomery and Darke counties, which is to be held in Greenville next Tuesday, were made at the regular meeting of Greenville lodge held last Tuesday evening. There will be many candidates initiated at that time, as nineteen applications for membership have been received by the local lodge, and a great number is expected from the other lodges of the two counties.

The work will start promptly at 8:30 p. m., when the degree team of Greenville lodge will initiate the candidates. At 8 o'clock the hall will be opened to the families of the Knights, and the play, "Damon and Pythias," will be presented in amplified form.

Doctor Wins Suit.—Dr. W. C. Guthrie, of Versailles, has yesterday afternoon awarded \$184 a his damage suit against Barney Straker, the sum alleged to be due him for medical services for the Straker family. The case has been before Judge Tocogarden for the past five days, and was bitterly contested, many witnesses being called on both sides. The jury received the case at 1:30, and after deliberating for two hours, returned the verdict above mentioned.

Another Farmer Fails.—Ex-Judge G. W. Mannix, of this city, has Thursday afternoon named as assignee of Albert J. Fied, a farmer, residing in Allen township. Fied claims that owing to a poor season he was unable to meet the demands of his creditors.

He lists his assets at \$400 personal property and \$8,000 real estate, the latter being heavily mortgaged. Mr. Mannix, who was a little less than a month ago named as assignee for another former who crops failed, qualified in the present case and gave bond in the sum of \$17,000. Fied's debts are listed at \$11,400.

Attempts Theft of Suit.—Camden Brady, West Vine street, his rifle, was apprehended by Officer McClellan and made to turn over a suit of clothes he was wearing, and return the same to a local department store. Brady, it seems, had gone into the department store and selected a suit of clothes, and after trying them on stated that he would be allowed to show them to his mother.

he permission was given for him to take the clothes home, and Brady failed to return with either the clothing or money to pay for them. The matter was reported to the police, with the above result. The proprietors of the store refused to prosecute the lad, who alleges he also secured a pair of shoes by the same method at another local store.

## Master Masons Will Enjoy Subscription Hop Thursday

The first of a series of subscription dances for Master Masons has been announced for Thursday, Feb. 10. The entire series of dances will be given at the Masonic temple, corner of Ninth and North A streets.

The subscription dances are a part of the program of winter entertainments staged by the Masons of this city. The program for next Thursday's affair has not been announced, but those who remember the entertainment provided Thursday of last week recognize the kind of a program to expect.

Master Masons and their partners only will be permitted to attend the affair, as it has been found that the admission of outside couples causes the floor to be crowded.

## WHOLESALE THEFT IN BUDAPEST; RESULT OF FUEL SHORTAGE

(By Associated Press)

BUDAPEST, Feb. 5.—Many of the poor people of this city are being driven to wholesale theft by the fuel shortage. The recent theft of 25 carloads of wood from one train of 100 carloads as it entered the city shows the extent to which the stealing is going on.

Wood is so scarce that when a wagonload is driven through the streets people stop and gaze after it until it is out of sight.

Daring small boys are even on the alert for a stray piece of wood or anything that will give heat at home. They scamper after every passing wood wagon but are soon frightened away by long whips in the hands of two women who sit on guard astride the load.

**Coal Draws Crowd.**  
The operation of unloading a ton of Hungary's inferior brown coal before a house attracts many neighbors who make a pathetic picture as they watch basketful after basketful disappear into the coal bin of the more fortunate one.

Because of the urgency to obtain fuel, by dishonest means, if honest ones are of no avail, the juvenile courts were never so crowded with youthful offenders.

The scarcity of fuel became more

acute daily as winter advances. The street railway service has been sharply curtailed and people wait for hours exposed to the bitter cold. The worst operated American street car never tolerated such crowding.

**No Coal For Gas Making.**  
Gas factories are provided with coal for only 24 hours at a time and the gas is turned on now only at noon and after 6 o'clock. Only one light is permitted in a room and not more than three rooms in a house or single apartment may be lighted at the same time. Even at the most expensive hotels there is no running hot water. Saturday is bathing day. On other days baths can only be had at the public baths for which Budapest is famous.

## Union City Divides Over Fire Equipment Question

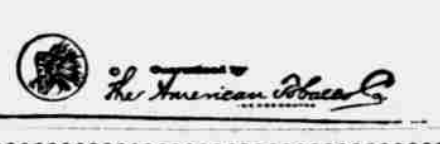

GREENVILLE, O., Feb. 5.—Relations have been absolutely severed with regard to the fire question in Union City. The first of the week, Fire Chief Harry Hueber of the Indiana side had the portion of the joint fire apparatus belonging to the Ohio side of the village removed to the municipal building on this side of the line. Tuesday night the Indiana side council passed a resolution which was introduced recently, forbidding the Indiana fire apparatus to cross the state line in case of fire.
