Extreme Cruelty Charged. Blanch Scott has filed petition in common pleas court here praying for divorce from her husband, Vernon Scott, to whom she was married at Gettysburg, O., September 28, 1917. The Scotts are residents of Bradford at the present time, and own some property there. The plaintiff alleges that her husband has been guilty of extreme cruelty toward her in that he has refused to appear in public with her, ordered her from their home and been negligent in his duties. She asks restoration of her maiden name of Blanche Miller, alimony and that share of the property in Bradford which was earned by her labor he decreed to her and for all other relief to which she may be entitled. The Scotts have two children and Mrs. Scott says her husband is earning \$200 per month.

Would Sell Land. Suit was filed in common pleas court here recently against Orva Eley et al., by Levi Billhimer, administrator of the estate of Peter M. Eley, for permission to sell 32 acres of land in Harrison township to pay debts of the late Peter Eley. The administrator alleges that there is not enough money to pay all the debts and the widow's allowance, and asks the court to require the defendants to file and claims they may have in the above mentioned real estate.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body. With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers.

A. G. Luken & Company, Three Quigley Drug Stores and Yes and Now Drug Co. have been appointed agents for Allenhu in this vicinity with the understanding that they will freely return the purchase money on the first two bottles to all who state they received no benefit.—Advertisement.

deputies in the clerk's office during his term of office. Hocker will assume his duties on August 1, having been elected last November. He is one of the few Democrats who landed on the Darke county ticket, and the two deputies named by him are also Democrats. Clerk-elect Hocker states that he will within a short time enter the clerk's office as a deputy to become acquainted with the duties that will be required of him. He is a World War veteran, and received a wound in the St. Mihiel drive that has crippled him for life.

Witters Jury Disagrees. The Witters jury case, which had been up for hearing in common pleas court here for four days, resulted in a deadlock on the jury. The jury deliberated eight hours on the case, and at the end of that time were divided six to six, and were consequently discharged by Judge Teegarden. This means that the case will again come up for hearing, which will be an expensive procedure, as there are many witnesses on both sides.

Ohio News Flashes

MARION—Four three-dollar gold pieces all coined before the Civil war, were found Wednesday in a cap box of an old gun which had been purchased for \$12 by a local curio collector from Samule Rievel, who had found the relic when moving a building on his farm near Gettysburg. Beside the gun were found the bones of a man and parts of a Union soldiers' uniform.

CLEVELAND—Several volleys of machine gun bullets were fired at a gang of burglars at East 69 street and St. Claire avenue early Wednesday morning, by a flying squadron of police in an auto equipped with a machine gun. It was the first time the gun had been used by the police.

SPRINGFIELD—The cases of 21 persons arrested on a charge of violating the Crabbe act were disposed of in common pleas court Wednesday and fines from \$100 to \$400 and costs were inflicted.

VETOS PRO-CIGARETTE BILL. LITTLE ROCK, Ark., Feb. 17.—Governor McRae today vetoed a bill which would repeal the Arkansas anti-cigarette law and would license the sale of cigarettes.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most, if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

ENGLISH PHONE RATE BONE OF CONTENTION; RAISE IS OPPOSED

(By Associated Press) LONDON, Feb. 17.—While New York and many other American cities are or have been scenes of hot argument over increases in street railway or subway fares, Great Britain has its bone of dispute in an increase of telephone rates. The business interests and general public have suffered an attack of what some call "telephitis" as a result of an announcement by the Postmaster General, that he would increase the telephone charges on April 1 to present subscribers and immediately to new subscribers.

Increase 147 Per Cent. These increases are based on a report of a select committee of the house of commons, and call for an annual rental of eight pounds, ten shillings, against the old charge of five pounds. The present fee of three pence (six cents) at a public call box will remain for short distances, but longer distances will be proportionately increased. These charges have to be made to meet an estimated charge of £10,000,000 for this year, or an increase of 147 per cent over pre-war rates.

The volume of criticism which the first official statement called forth, has since grown considerably and not only have resolutions of protest been sent to the government from every chamber of commerce in the country, but combined action is being taken by the various chambers, with a view to some alleviation from what is called the "iniquitous" imposition of higher charges for a service which is admittedly inefficient. Some are even advocating a boycott.

Certain Relief From Bronchial Asthma

Simple Home Treatment Makes Breathing Easy

Just because you start the day tired, lifeless, worn-out from loss of rest and the difficult breathing of miserable Asthma—do not think you have to stay this way long.

Be strong and well, breathe clearly and easily again by using this simple treatment known as Oxidaze, the prescription of a Worcester, Mass., physician.

For any form of Asthma where the bronchial tubes are irritated, the breathing short and difficult, its healing, relieving action is really wonderful. Sufferers who can't breathe at night and who rasp for a good, clear breath will appreciate the relief and comfort Oxidaze gives.

Oxidaze is a tablet made from essential oils which, when the patient dissolves in the mouth, almost immediately soothes the irritation, clears out the choked up air passages and enables the sufferer to breathe easily and get a real comfortable night's sleep.

It is sold by A. G. Luken & Co., and leading druggists who agree to refund the full purchase price of the first package to any sufferer who does not obtain satisfactory relief. Asthmatic sufferers should give Oxidaze a trial. It is harmless and inexpensive.—Advertisement.

but conservative opinion inclines to the belief that this would seriously injure the service in future.

Condemn Government Operation.

A deputation, representing the press of the Empire, protested to the Postmaster General but received little encouragement. The postmaster pointed out that wages in the department have trebled and the cost of plant more than doubled. The expenditure of the department in 1913-14 was £5,952,000 and in 1920-21 aggregated £14,600,000.

It is claimed by the business community, that since the government took over the telephone service from the National Telephone Company, which paid a dividend of six per cent, the service has grown increasingly inefficient and expensive, and the strongest efforts are being made towards a postponement of the proposed increases until the whole matter has been inquired into and debated in Parliament.

The chief cause of contention is the abolition of the old flat rate of five pence yearly with unlimited calls and the imposition of a sliding scale of charges which will mean a heavy addition to the bills of commercial houses throughout the kingdom.
