The Theatres

By ERNEST PORTER

Vaudeville goers of Richmond will spend an evening worth while by going to the Murray the first half of this week. A program that you see all the time in the Keith theatres of the cities is now being shown, and should be enjoyed by all. Every act is different from the other and has a meaning of its own.

The "Dixie Four" as the headliner, made a decided hit with the audience at the Thursday afternoon show. It is a quartet of four classy colored lads in a singing and dancing act. When it comes to harmony they stand head and shoulders above anything that has been heard at the Murray for many months. As a closing number each man stages a solo juggling act and some first class juggling is put on, each man doing something different.

Schwartz and Clifford, a man and woman comedy team got many a laugh from the audience with their many jokes that are nearly all new ones and are very good. Schwartz acts in the capacity of a Jew comedian and is very well adapted to his part and has a gift of gab that is pleasing to the audience.

Byrd and Allen are two very pretty girls, a typical Keith act of refinement with elaborate stage settings.

Miss Byrd on the violin showed unusual ability at playing the instrument and is gifted with a voice of unusual sweetness, singing several pretty songs. Miss Allen on the piano, seemed very well adapted at "ticking the ivories," playing jazz music as well as classical and is also the possessor of a fine voice. Some very pretty scenes and classy costumes are seen in this act.

"Richard Wally & Co." in the "Human Pool Table" consists of a man and lady in a very clever juggling act. The man gets off some very clever stunts with the pool balls attached to a coat he wears and rolling them over his shoulders and up and down his back and chest.

MURRETTE

Friends of Tom Mix, the Fox cowboy star who is now appearing at the Murrette Theatre in "3 Gold Coins," are urging him to get a motor boat, since there are such excellent opportunities for boating in the Pacific waters near Los Angeles. Tom good-naturedly replies, with his delightful western drawl:

"They can't kill me with bucking horses, with runaway teams, and with racing autos, so now they want to try it with motor boats. I am no wild waves cowboy. What would I do on the bucking waters with a lasso and a gun?"

WASHINGTON

Ethel Clayton plays a sort of feminine Jekyll and Hyde in her latest Paramount photoplay, "Sins of Rosanne," which will be presented at the Washington Theatre for two days commencing Tuesday. The picture is a mystery-romance, with the bulk of the action laid in South Africa, and was adapted from Cynthia Stockley's popular novel.

The heroine is an English girl who was mothered for two years by a Malay woman and was imbued by her with a passionate desire for bright stones and the strange power to cause injury to those whom she might hate. When she sees jewels, she comes under the influence of her craving and will not stop at anything, even theft, to obtain them. When the lure is taken away, she becomes again a gentle, lovely personality. A beautiful romance develops according to the story, and destroys the spell.

An excellent cast supports the pretty star in "Sins of Rosanne." Jack Holt is the leading man, and Fred Malatesta and Clarence Geldhardt are also in the company. The story was adapted for the screen by Mary H. O'Connor and was directed by Tom Forman. It is a Paramount picture.

HOW TO DARKEN GRAY HAIR

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair.

A well known resident of Cincinnati, Ohio, who has been a barber for more than forty years, recently made the following statement:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce bay rum, a small box of Barbo Compound and 1/4 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use; does not color the most delicate scalp, is not sticky or greasy and does not rub off."

NATIONAL HOLIDAY OBSERVED IN CAPITOL; HOUSES IN SESSION

(By Associated Press)

WASHINGTON, Feb. 22.—Although all executive departments of the government were closed in observance of Washington's birthday today, both houses of congress facing crammed legislative calendars with adjournment only ten days off, remained in session. In both the senate and house, however, business was suspended long enough to permit the customary reading on the floor of Washington's farewell address.

Ceremonies at Mt. Vernon today included the laying of a wreath on Washington's tomb by R. L. Craigie, British chargé d'affaires, in behalf of the British branch of the English speaking Union. Addressing members of the American branch who participated in the ceremonies, Mr. Craigie declared in a man more than Washington would approve the work of the union in "striving to promote good fellowship and understanding among the English speaking democracies of the world."

Tell of English Sentiment.

The act of the British fleet in lowering its flags to half mast at the news of Washington's death, Mr. Craigie said, was typical of British sentiment and of deep admiration and respect for the American patriot which he said "had grown yet stronger with the passing of time."

In connection with the celebration of the one hundredth anniversary of its founding, George Washington university today conferred honorary degrees upon more than a score of public officials and distinguished men and women. Julia Marlowe, famous Shakespearean actress and wife of E. H. Sothern received the honorary degree of Doctor of Letters.

Recipients Are Named.

Among others who received honorary degrees were J. J. Jusserand, Ambassador from France; Senor Dom Beltran Mathieu, Ambassador from Chile; Rolando Ricci, newly appointed Ambassador from Italy; Senator George D. Moses of New Hampshire; Senator Key Pittman of Nevada; Representative Luther W. Mott of New York; George Washington, former Doctor of Laws; Mrs. Frances Parkinson Keyes, wife of Senator Keyes of New Hampshire, Doctor of Letters, and Representative Alanson B. Houghton of New York, Doctor of Humane Letters.

EXPLOSIONS ENLIVEN ALDERMANIC ELECTION

(By Associated Press)

CHICAGO, Feb. 22.—Three bomb explosions enlivened the city aldermanic campaign which ended at the polls today. Groups of five to a dozen police were assigned to each precinct in the 19th ward, where Anthony D'Andrea is opposing Alderman John Powers, who has been in the city council for more than 30 years.

Sixteen of D'Andrea's adherents were injured while attending a campaign meeting when a bomb, said to have been hurled by his political enemies, exploded just outside, tearing a hole through the wall. At another meeting the doors were blown in, but no one was injured. Alderman Powers' home was bombed several weeks previously.

Besides picking their aldermen, the voters will ballot upon the issue of \$6,000,000 bonds to meet increased municipal operating expenses, chiefly salaries.

A light vote was forecast.

Today's Aid to Beauty

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair; that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of canthox (which you can get at any druggist's) in a cup of hot water. This makes a full cup of shampoo liquid—though so it is easy to apply it to all the hair instead of just the top of the head. This chemical dissolves all impurities and creates a soothoing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem heavier than it is. After a canthox shampoo, arranging the hair is a pleasure.—Advertisement.

Successful Minstrel Repeated Tonight

Persons not having seen the showing of the First Christian church minstrel several weeks ago, will have another opportunity when the play is given in the church Tuesday night, according to an announcement. Proceeds from the entertainment will be used in church work.

BOND REFERENDUM SURVIVES ATTACK

(By Associated Press)

INDIANAPOLIS, Feb. 22.—Efforts of Senator Nejdl to kill the Beardsey bond referendum measure, which would require a petition of five percent of the taxpayers in a community before a poll could be taken on certain bond issues met with failure today in the state senate. Senator Nejdl however succeeded in putting out the provision referring to bond issues for "all school corporations."

The motion to eliminate school bonds was discussed at length and several senators took advantage of the privilege of explaining their vote, scoring conditions under which many bond issues are authorized.

Indications that the bond referendum bill will provide a warm fight in the senate floor when it is brought up for passage were plain today. With the single amendment affecting schools the bill passed second reading.

Charging that an attempt was being made to railroad a bill introduced by Senator Hartzell, affecting Allen county, Rep. R. U. Barker, Democratic floor leader in the house, demanded the right to offer a minority committee report to kill the bill today. After a speech by Rep. Barker, the house voted to indefinitely postpone the bill.

Senate, House Conference Agree on Immigration

(By Associated Press)

WASHINGTON, Feb. 22.—Senate and house conferees agreed today on the senate bill limiting the admission of aliens during the 15 months beginning next April 1, to 3 per cent of the number in the United States at the time the 1910 census was taken.

Transcontinental Flyer

Forced to Earth Today

(By Associated Press)

DALLAS, Tex., Feb. 22.—Lieutenant William D. Coney, transcontinental flyer, was forced to earth at Bronte, Coke county, Texas, early today by engine trouble, according to reports received at Love field. The aviator, who was attempting a Pacific to Atlantic coast flight, was not injured, according to reports.

Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonhardt was first to find the remedy. His prescription is HEM-ROID from Quigley's drug stores internally, that is now sold under 1000 cases with the marvelous record of success in 98 per cent, and those decided it should be sold under a rigid money-back guarantee.

Don't waste any more time with outside applications. Get a package of HEM-ROID from Quigley's Drug Stores today. It has given safe and lasting relief to thousands of people, and should do the same for you—it seldom fails.—Advertisement.
