Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Menthosulphur and use it like cold cream.—Advertisement

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multified coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls of Multified will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multified coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Be sure your druggist gives you Multified.—Advertisement

One Minute Essays on "Health" by G. C. Wilcoxon, D. C.

A Small Town School Teacher

The head of the largest life insurance company in the world was a small town school teacher when he was twenty. He laid the foundation for his health on a farm. He climbed by reason of that health and persistent use of his natural aptitudes.

Health depends upon a spine in correct mechanical alignment joint by joint. Many who have been held back by chronic ailments supposed to be incurable have come back to the fighting front in life after chiropractic spinal adjustments had restored the conditions of health.

Just now chiropractic adjustments are restoring health to sufferers from such seasonal diseases as coughs, colds, bilious headaches, lung ailments, kidney derangements and sore throat.
