

APRIL 11 IS CHOSEN FOR SPECIAL SESSION; TO RUSH PROTECTION

WASHINGTON, March 15.—April 11 was selected as the date for the special session of the sixty-seventh congress, the first to be held under President Harding's administration. The announcement was received with general satisfaction by senate leaders, most of whom said they preferred that date to April 4, because of the additional week it gave them to arrange plans for the coming session.

Senator Lodge of Massachusetts, the Republican leader, notified the senate of the president's decision after he and Senator Underwood of Alabama, minority leader, had returned from the white house. They had gone to the president with a message from the senate that it stood ready to adjourn sine die unless there was need for it to remain in session to receive executive messages or act upon additional appointments to government offices.

Favor Anti-Dumping.
Anti-dumping legislation to protect American industries from European competition will be rushed through at the special session under a decision reached at a conference of Republican members of the senate finance and house ways and means committees, with Secretary of the Treasury Mellon. Whether tariff or internal tax revision shall be accorded second place on the fiscal program was left for final determination at a conference which Chairman Penrose of the senate committee and Chairman Fordney of the house committee plan to hold with President Harding. The final program, Senator Penrose said, probably will be announced after this conference.

The majority of committee members attending today's conference were said to favor right of way to tariff revision legislation. Agreement, it was said, was unanimous against attempting to enact any temporary stop-gap tariff bill, the feeling being that any tariff legislation enacted should be of a permanent nature.

The soldier bonus bill, a collateral issue, is to be a part of the Republican fiscal program, Senator Penrose and Representative Fordney announced. Financial requirements of the government for adjustment of compensation to ex-service men were included in the estimates considered at the conference and at the close of the meeting Senator Penrose predicted that the bonus bill would be passed at an early date.

CONTINUOUS OVATION ACCORDED BEVERIDGE

DENVER, Col., March 15.—A continuous ovation such as is rarely accorded a citizen in private life was given Albert J. Beveridge, United States senator from Indiana, from the time of his arrival here until he retired, after addressing the Denver Bar association at its annual banquet, one of the most notable events of the kind ever held in Denver. Three hundred leaders of the Denver and Colorado bar were on their feet with prolonged applause, compelling the speaker to arise and acknowledge the tribute a second time, when he finished his masterly address on "John Marshall and the Constitution."

Mr. Beveridge had hardly breakfasted when his host, Karl C. Schuyler, Colorado political leader and lawyer, hurried him out to Denver university, where the ex-senator addressed 1,500 students on "The Art of Public Speaking." He was received with great enthusiasm and was given a series of college cheers by the students. He was then taken to the Brown Palace hotel where he addressed Denver's leading organization of business and professional men, the Mile-High club, at a noon luncheon.

REBELLION IN STOMACH

Lumps of undigested food cause pain. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just take a tablet or two of Pape's Diapiesin to help neutralize acidity and in five minutes you wonder what became of the pain, acidity, indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless stomach antacid is Pape's Diapiesin, which costs so little at drug stores.—Advertisement.
