

SEE DANGER IN LAWS PASSED BY ASSEMBLY; WOULD CURB EFFECT

INDIANAPOLIS, Ind., March 22.—Efforts to curb the effect of "salary grab" laws and prevent the bankruptcy of several counties in the state are being made by the state board of accounts. Three so-called "salary grab" laws passed by the recent legislature have possibilities of bankrupting any county in the state, officials declare. These "innocent little bills," it is said, were slipped through the legislature without the real effect becoming known at the time of their passage.

The three new laws in which some officials see danger are the deputy sheriff law, the court bailiff law and the county school superintendent salary law. The deputy sheriff law provides for the employment and payment of deputy sheriffs by the county commissioners on the recommendation of the sheriff. The court bailiff law provides for the appointment of bailiffs at a salary fixed by the judge. The school head law provides that the board of education, with approval of county commissioners, shall fix the salary of the county superintendent at not less than \$1,500 a year, but provides no maximum.

Allege Sky Limit.

Under these laws, according to officials, "the sky is the limit." It is pointed out that under the deputy sheriff law there is nothing to prevent the wholesale employment of deputies and under the school law a salary of any amount may be fixed for the superintendent. The court law, it is pointed out, opens the way for the employment of a full-time bailiff, who will continue to draw pay even when the court is not in session.

The state board of accounts made a ruling to the effect that the employment of deputy sheriffs under the law should be made only in cases of emergency and that the regular deputy of the sheriff is not to come under the provisions of the law. In the case of the bailiff law the board made a recommendation that a salary of \$5 a day while working be regarded as a maximum.

In both cases the rulings were made at the request of officials who wish to take advantage of the laws. Letters setting forth the views of the department in regard to the laws are being prepared and will be sent to officials at once. The question of fixing county school superintendent's salaries has not yet been brought to the attention of officials.

Coughed So Hard He Was Ready To Die

But he recovered quickly and gained 9 pounds in five weeks.

"Last December I caught a heavy cold, which left me with a deep-seated cough. I coughed so hard I thought I was a goner, until I tried Milk's Emulsion. I used 9 bottles and my cough is gone, and I have gained nine pounds in five weeks. If anyone doubts it, let them write me."—Chas. L. Walters, 147 So. 18th St., Pittsburgh, Pa.

When hundreds upon hundreds of people tell you of just such recovery, just such gains in weight, it must be worth your trying, at least. A trial costs nothing.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and purgatives. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you and use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Advertisement.

Are Weak Nerves and Thin Blood Making a Failure Out of You?

Iron starvation of the blood weakens the will power, robs you of your bodily and mental vigor and often keeps you from making the money and success you should.

THERE ARE 80,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

When your blood is thin, pale and watery it loses its power to change food into living tissue, and NOTHING YOU EAT DOES YOU THE PROPER AMOUNT OF GOOD—YOU DON'T GET THE FULL STRENGTH OUT OF IT, AND AS A CONSEQUENCE YOU become weak, nervous, irritable and easily upset.

Also YOUR BRAIN BECOMES DULL AND HEAVY, your memory poor, your will power weakened; you can't think right and you are no match for the fellow with a keen active powerful mind.

It's the "man of blood and iron"—THE STRONG, FORCEFUL, VIGOROUS FELLOWS that make the money and become the great captains of industry.

When you get up feeling tired in the morning, when you can no longer do your day's work without being fatigued out at night, when your digestion all goes wrong, or you have pains across the back and your face looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration, or until in your weakened condition you consult some "iron cure," but consult your family physician and have him take a specimen of your blood and make a "blood count" of your red blood corpuscles or test the iron power of your blood yourself by adding plenty of spinach, carrots, baked apples or other iron-containing fruits and vegetables to your daily food and take organic iron, like Nuxated Iron with them for a while

and see how much your condition improves. Thousands of people have surprisingly increased their strength and endurance in two weeks time by this simple experiment. But in making this test be sure that the iron you take is organic iron and not metallic or mineral iron which people usually take. Organic iron is like the iron in your blood and the one in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron. Organic iron may be had from your druggist under the name of NUXATED IRON. Beware of substitutes; look for the letters "N. I." on every tablet. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. At all druggists.

NUXATED IRON ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY.
