

NEW JERSEY EXECUTIVE IS CALLED TO THE STAND FOR RAIL TESTIMONY

(By Associated Press)
CHICAGO, April 4.—W. G. Besler, president of the Central Railroad of New Jersey, was the first witness to take the stand before the railroad labor board today in the hearing on rules and working conditions. He is a member of the labor committee of the Association of Railway Executives. Previous to Mr. Besler's testimony, a letter was read from E. K. Loomis, president of the Lehigh Valley railroad, stating that he had no information that would throw any light upon the national rules. Frank P. Walsh, counsel for the railroad unions, announced that he would not insist on Mr. Loomis appearing before the board.

"Mr. Walsh requested that Frank McNamany, assistant director of operations of the mechanical department of the United States railroad administration, be called to testify on Wednesday.

Mr. Walsh began questioning Mr. Besler to bring out if any of the rules contained in the national agreements were in force on the Central railroad of New Jersey prior to government control.

Asked what rules the railroad operated upon, Mr. Besler answered: "We had no agreements or rules. We have a staff of competent officials and placed responsibility in them."

After going through the national agreements rule by rule, Mr. Besler said that 15 of the 184 rules of shop crafts agreements in substance, were in force on the railroad prior to federal control and were satisfactory to the railroad management.

NEW YORK, April 4.—Ways and means for putting into effect a general wage reduction for all railroad employees were discussed here today at a conference between representatives of interests owning more than \$12,000,000 worth of railroad securities and officials of the "big four" railroad brotherhoods.

S. Davies Warfield, president of the National Association of Owners of Railroad Securities, who called the meeting to discuss "a remedy for the present situation" declared before the meeting started that wage reduction was the principal issue to be considered. The conference was held behind closed doors.

WASHINGTON, April 4.—R. M. Jewell, president of the railway department of the American Federation of Labor and A. B. Garrettson, president of the Order of Railway Conductors, were called into conference today by President Harding, who is studying the general railway situation. Leaders were summoned to give their opinions, not only regarding wage schedules, but relative also railway rehabilitation. They were given separate appointments and it was indicated that other labor leaders and representatives of the railway managers would be asked to see the president later.

CHINAMAN WILL WED AMERICAN GIRL HERE

George Long, owner of the Long Chinese laundry on North Eighth street, procured a license Monday to wed Irene M. Hess, a laundress employed at the laundry. Mr. Long, 32 years old, is a native of China. He stated that he could not spell his mother's nor father's name because they had not been translated into English.

The bride to be is 18 years old. She has been employed at the laundry for about a year. She was born at De Catur, Ill. Her father is a teamster living in Richmond. The father accompanied the couple to the county clerk's office to secure the marriage license.

This is the second daughter of Mr. Hess to marry a Chinaman. The other marriage occurred about four years ago, it is said.

IRISH FORCES ARE ACTIVE NEAR DUBLIN

(By Associated Press)
DUBLIN, April 4.—Flying columns of the Irish Republican army are officially reported to be operating in Fermanagh, Antrim, Tyrone, Kildare and Queen's counties. There has been much destruction of roads and in many cases intimidation has been resorted to. The columns invariably disappear on the approach of crown forces, the official reports say.

A fight occurred last night in the hills near Dundrum, four miles south of Dublin. Crown forces had proceeded to the hills in lorries to investigate reports of firing. They found twenty armed men, some of whom, after firing at the military, mingled with women and children who were picnicking, for which reason the crown forces refrained from using their machine guns.

They pursued the others, however, who were escaping to another hill and shot two. The remainder set fire to the shrubbery on the hillside and escaped in the smoke screen.

BELFAST, April 4.—Belfast this morning had its first experience of bomb throwing when two were hurled at the men guarding the Ulster club, at which General Balmbridge, in command of the troops in Ulster, is a frequent visitor. Only one of the bombs exploded, however, and this caused neither damage nor casualties, although it produced much excitement. The bomb throwers escaped.

(By Associated Press)

Higgins was questioned further this forenoon by Prosecuting Attorney R. E. Mathews. "I have told the absolute truth, and there is nothing more to tell," he informed the prosecutor.

CHANGES ARE MADE IN TEACHERS BODY

Many local teachers, members of the Indiana Teachers' association, are interested in several drastic changes made in framing the new constitution, accomplished in Indianapolis, Saturday.

Each year the association holds a meeting, at which teachers from all parts of the state attend. Membership is determined by whether or not a teacher attends. When an instructor attends the annual meeting, he is recognized as a member of the association for the coming year. Following are the six articles representing the most drastic changes:

1. For a central meeting at Indianapolis once each year.
2. For a president and two vice-presidents at the head of the association. The old constitution provided for 12 vice-presidents.
3. For a treasurer to serve a period of three years. Under the old constitution the office of treasurer was for a life term.
4. For an all-time paid secretary, who is to be selected by the executive committee and whose salary is to be fixed by that body. The old constitution provided for the election of a secretary without pay.
5. For the teachers of each district where five hundred or more reside to group themselves into convention district meetings and affiliate with the state organization.
6. Instead of a general meeting of all teachers in the state for the transaction of business as heretofore, business will be transacted by an assembly of delegates elected in the counties with one delegate for each 65 teachers, or fraction thereof.

SALVATION ARMY HOME TO BE ERECTED ON THE SOUTH CAROLINA SITE

(By Associated Press)
NEW YORK, April 4.—An old dream of the Salvation Army to establish a community for the care of warifs from all over the country is about to be realized. Commander Evangeline Booth announced today, through the gift of a tract of land near Greenville, S. C., for that purpose.

In accepting the gift, Miss Booth promised the plan will become a reality within 10 years. The land comprises 105 acres overlooking the city and includes a 35-acre peach orchard. It was the gift of W. W. Burgess, a Greenville manufacturer, who made it as a memorial to his young son, who died recently.

Complete Children's Colony
A colony for children alone will be built upon the tract, Commander Booth said. There will be schools, a church, a hospital, modern homes and other necessary buildings. Orphan, hospital waifs and street children from every city in the country will be sent there to gain education and better starts in life.

"No more desirable site for the children's village could be found," said Commander Booth on making the announcement. The gift was voluntary one, following an address the Army leader made in Greenville recently. The land overlooks the Blue Ridge mountains on an elevation that commands a sweeping view of Greenville and the surrounding territory.
