One of the prettiest of early spring weddings, impressive in its simplicity, took place Wednesday morning at 11 o'clock when Miss Bernice Judy, daughter of Mr. and Mrs. A. J. Judy, of Soap Lake, Wash., and niece of Mr. and Mrs. W. C. A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better—Advertisement.
