The steps and walk are to be of concrete, arch lamps are to be placed at each side of the entrance, and a revolving door, the need for which has long been felt, will be installed.

The Home Garden

Quite a lot of good judgment can be used in arranging the crops to be planted in the garden.

All vegetables should be arranged in rows rather than be planted broadcast. The practice, for occasional planting of a crop in a separate bed, sometimes built up with a hoe, is not to be recommended. It makes more work and in case of drought, more damage will follow than if level cultivation had been practiced.

It is better to run the rows north and south rather than east and west so that sunlight may fall on both sides of the rows. If it is necessary to run the rows east and west, arrange the plants in order of their height, whenever possible, so that the sun may have the best possible chance at all the plants. Perennial crops, those that occupy the same ground every year, should be placed where they will be the least in the way. Early crops that mature at about the same time should be planted together so that other crops may take their place later. The smaller the garden the more intensive the methods, so that the greatest amount possible may be produced.

PREBLE ODD FELLOWS FORM ASSOCIATION TO INCLUDE COUNTY

EATON, O., April 9.—Odd Fellow lodges of Preble county have formed what is to be known as the Preble County Odd Fellows' association. V. J. Archer, of Lewisburg, is chairman and Charles Street, of Gratis, secretary of the association.

The organization was formed Thursday night in a meeting of the county lodges of the fraternity at New Paris. The association was organized because of the fact that in June the local lodges, which now comprises the lodges in the county, will be re-organized and five lodges in Montgomery county will be included in the district. The additional district membership would render it unwise for district gatherings, so the local county lodges formed the association in order to continue the old district meetings at intervals as heretofore.

Eight Candidates Received. In the meeting Thursday night in New Paris, a class of eight candidates received the second and third degrees. At an afternoon session a program of exercises was presented and was open to the public.

The association will hold its next meeting October 20, in Gratis, for which Gratis lodge will be host.

Eaton lodge, Odd Fellows degree team will go Monday night to Dayton to confer the first degree upon a class of candidates for fraternal lodge of that city. It is expected a large delegation of members of the local lodge will accompany the team. The trip probably will be made in a special car over the Dayton & Western traction.

Hog Breeders to Meet. The Preble County Duroc Hog Breeders' association, organized recently, will meet here Monday in the courthouse auditorium. Officers and members of the county farm bureau and county fair board have been invited to attend the meeting. Junior pig club work that will again be a feature of the county fair this year will be discussed in the meeting.

C. C. Terrell, secretary of the Ohio Duroc Breeders' association, is expected to be present at the meeting and deliver an address.

it all day so that he might not anticipate us. Then, having given him the idea that the coast was clear, I kept guard as I have described. I steadily knew that the papers were probably in the room, but I had no desire to rip up all the planking and skirting in search of them. I let him take them, therefore, from the hiding-place, and so saved myself an infinity of trouble. Is there any other point which I can make clear?

"Why did he try the window on the first occasion," I asked, "when he might have entered by the door?"

"In reaching the door he would have to pass seven bedrooms. On the other hand, he could get out on to the lawn with ease. Anything else?"

"You do not think," asked Phelps, "that he had any murderous intention? The knife was only meant as a tool."

"It may be so," answered Holmes, shrugging his shoulders. "I can only say for certain that Mr. Joseph Harrison is a gentleman to whose mercy I should be extremely unwilling to trust."
